A Better Class of Citizens—A Happy Group of Women at Home in the Home of Harbor City

A pleasant surprise was in store for a group of women when they entered the home of Harbor City's mayor, who was entertaining them for a social afternoon.

The mayor, who is a member of the Better Class of Citizens, was not there when the women arrived, but his wife and daughter were waiting to greet them.

They were served a delicious tea, and then the mayor came in and introduced the women to his family.

The mayor's daughter, who is a happy and cheerful young woman, told the women all about her family and their home.

As the women left, they exchanged kind wishes and bids farewell to the mayor and his family.
