### FAREWELL IS GIVEN BISHOP THIRKIELD

Dinner Is Tendered Departing Divine at the Rooms of the Y. M. C. A.

Bishop Wilbur Patterson Thirkield was given a farewell dinner in the banquet hall of the Young Men's Christian Association last evening. President George Otis Smith was host and addresses were made by Charles F. Nesbit, Miles M. Shand, John B. Lerner, Anson S. Taylor, William K. Cooper and Henry B. F. Spaulding. All were enthusiastic in their praise of the bishop, as their friend, as churchman, as an association official.

Mr. Macfarland and Mr. Lerner were particularly strong in their commendations of his record as president of Howard University and in their estimate of the standard which he has established for the institution during the six years of his presidency.

In responding to President Smith and his colleagues on the board and to the association secretaries who had been intimately associated with him Bishop Thirkield expressed sincere appreciation and declared that the compliments of his colleagues were more than he deserved, that he was the debtor and that the commendations of his colleagues and members of the Young Men's Christian Association had meant infinitely more to him, especially in his first two years residence in Washington, than he could ever tell.

### EAGLES IN CHARITY GAME

Knights of Columbus Lose Annual Battle, for Benefit of St. Vincent's Asylum.

ORPHANS WITNESS CONTEST; BOTH TEAMS PLAY WELL

Boy, Attired as Baboon, Makes Hit with Crowd—Children Cheer Players.

With a crowd of happy-faced children from St. Vincent's Orphan Asylum and a throng of grown fans in attendance, the Eagles yesterday afternoon defeated the Knights of Columbus by a score of 7 to 6 at the baseball game at the American League Park for the benefit of the orphanage. The charity game between the teams representing the two fraternal orders is an annual event.

The game was interesting and exciting and enthusiasm among the spectators ran high. Up to the beginning of the seventh inning it seemed as if the Knights would leave the diamond victorious, but the Eagles rallied, scoring two runs, and changing the tide.

Long before the hour for the game the children from the orphanage reached the ball park and selected choice seats in the grand stand. There was a goodly crowd of children, and they formed a pretty sight, especially in a mass and conspicuous because of the similarity of dress.

Just before the game a youngster disguised like an Italian organ grinder, made his appearance in the grand stand, leading a gigantic baboon. The baboon was realistic, notwithstanding the fact that it was a boy in disguise. While the Italian played a slow, nerve-racking selection the baboon wound its way among the spectators with a pit measure, and giving a display of dancing ability, stretched forth a hand for contributions.

The pint measure was rapidly filled with coin. Promptly at 4 o'clock the gong in the players' pit was jangled and the umpire strode out onto the field and announced the battering Buscher and Smith for the Knights and Brady and Myers for the Eagles.

Father Doyle, of the Mission House, at Brookland, stood up in one of the boxes, and taking a new white sphere in his hand, tossed it out to Buscher. A minute later the game had started.

The first inning passed without either side scoring. In the ending of the second for a few moments it appeared as if the Knights would bring in a run. Hurley sent a grounder to third. The baseman fumbled the ball, and the Knight reached first safely. Like a flash he was off to second as soon as the ball left the pitcher's hand. He also stole third, but Salb punched and the good work was all for naught.

Knights Score Six Runs.

In the ending of the third the Knights scored six runs. Smith doubled, and Buscher reached the first on an error by the baseman. Martin hit between the pitcher and third, and Smith, who had retired to third, whizzed homeward. Widmeyer hit a hot grounder to the pitcher, who threw to third in an attempt to cut off Buscher, but the runner beat the throw. There were three men on base, and Hurley took the stick. He was given a base on balls, and Buscher was forced home. Marcorer tripped to deep center. Salb beat out a grounder to third, Marcorer scoring.

The Eagles rallied in the fourth and scored five runs. Schneider reached first on balls, and Stearns singled. P. Pined walked, and Myers then hit to third. Schneider scoring on the third baseman's error. Brady tripped and O'Neill singled.

In the seventh, the Eagles scored the winning run. Myers and Brady were safe on errors, and O'Neill walloped a double to center, scoring both men. In the ninth the Knights made a last stand. With two out, Donnelly walked and stole second, but Widmeyer hit a long liner to center, which the fielder got after a long run.

### CATHOLICS GET REQUESTS.

Will of Emily M. Wyman Declared to Be Legal. Justice Wright yesterday signed an order directing the executor of the estate of the widow of Rear Admiral E. H. Wyman, Emily M. Wyman, to pay bequests as made by her in her last will to Catholics. Admiral Wyman, who died thirty years ago, directed that none of his estate should go to Catholic institutions. By means of the court's order the provisions of the will of Mrs. Wyman will be carried out. Among the bequests in her will were \$500 to Cardinal Gibbons, \$500 to Rev. P. E. Tarro, and \$500 to St. Anne's Infant Asylum.

Admiral Wyman left his estate to his son, Thomas K. Wyman, who died before his mother, who inherited the property. Mrs. Wyman, who was a Catholic, made the bequests mentioned and there was some question as to their validity which was settled by the court yesterday.

### GOMPERS MAY AID BOSTON STRIKERS

President of American Federation of Labor Ready to Go Scene.

President Gompers, of the American Federation of Labor, is holding himself in readiness to go to Boston and personally aid the striking elevated railway employes there. In an interview yesterday the labor leader tacitly admitted that he needed only a call to start him Northward.

"The future of the new union is at stake," Gompers said. "The elevated companies not only hope to keep the wages of the men down below the living point, but they hope to be able to work them for an inhuman number of hours. The Federation of Labor will back the men in all their reasonable demands. Thus far, the men have conducted themselves in a very creditable manner. I do not believe any violence has been shown by the strikers."

### RICH WIDOW TO SUPPORT HUSBAND

Mrs. Steel, of Philadelphia, Agrees to Pay Italian \$1,600 a Year and Give Him Insurance.

Philadelphia, June 10.—Through the filing here to-day of an ante-nuptial agreement, it became known that Mrs. Hulda Justice Steel, formerly of this city, and the divorced wife of W. Berkeley Williams, of Baltimore, is about to become the bride of Alberto Tullino, of Rome, a member of an old Italian family. The agreement was signed at the American consulate at Naples in the presence of Consul William H. Handley and two of his assistants. It provides that the parties shall be lawfully married within six months of the signing of the agreement, which is dated April 28, 1912. Mrs. Steel, immediately following the ceremony, agrees to insure her life for \$50,000, the policy to be payable to the bridegroom. She also agrees to give Signor Tullino a yearly allowance of \$1,500. The only thing Signor Tullino has to do is to get married, but the agreement reads "in the event of a dispute or disagreement arising between the parties hereto, the adjudication shall devolve upon the courts of Pennsylvania."

### PRESIDENT HOME AGAIN.

Investigation to Be Made Into Near Collision Sunday Morning. Much rested by his thirty-six hour water trip, President Taft returned to the White House yesterday having gone to Hampton, Va., to attend the meeting of the trustees of the Hampton Normal School. The President has requested an investigation and report on the narrow escape from collision between the yacht Mayflower, carrying the Presidential party, and the Norfolk-bound passenger boat Northland, early Sunday morning. Naval officials claim the pilot of the passenger boat was to blame and a thorough inquiry into the entire matter has been promised.

Immediately on returning to the White House the President called for the latest news from Chicago, and went over the situation with a number of his advisers.

Whiteley Asks Divorce. George A. Whiteley yesterday filed a petition asking for an annulment of his marriage, or an absolute divorce from Laura E. Whiteley, who, plaintiff alleges, deceived him prior to their engagement. They were married at Baltimore October 15, 1911. Whiteley informed the court that he would not have married her had he been aware of her relations before marriage.
