

Champion Sox Intact for 1913 President McAleer to 'Stand Pat'

Champion Sox Intact for 1913 President McAleer to 'Stand Pat'

Boston Owner Not to Purchase Any More Players—Team One of Youngest in Majors.

Boston, Oct. 20.—"We have shut up shop. We're out of the baseball market. We have all the players we want for 1913. We're satisfied with what we have. No more purchases or trades."

This is the last word of James R. McAleer, president of the world's champion Red Sox, last Saturday. It means that Jimmy McAleer is satisfied with his team, that he will start next season as he finished the past season. And, confidently, it means that he expects to do as well next year as he has done this year—better.

He is confident that he will win the 1913 pennant more decisively than he won this year's, even if the opposition is stronger.

McAleer is the first major league manager to announce that he is out of the baseball market, that he is satisfied with what he has. He breaks all records of early announcements. The others will be buying and selling and trading until well into next season. But McAleer has all the wants. He has "nothing to do till to-morrow." He need not worry all winter.

The Red Sox president retains all of his present regulars and substitutes. He has purchased one new outfielder, Walsh, of Fall River, and two new shortstops, Scott, of Youngstown, and Carstrom, of Lawrence, in the New England League. He has exercised his option on Harold Janvrin, the ex-Boston high school infielder, now with Jersey City.

He stands pat on his catchers.

The only new men yet mentioned whom he has purchased are Pitchers Van Dyke, of Worcester; Brant and Martins, of Beaumont, Tex.; Watkins and Almsworth, of Youngstown, Ohio, and Foster, of Houston, Tex. He has also recalled Leonard from Denver.

McAleer Peers Into Future.

McAleer is looking farther into the future than 1913. That is why he has taken on another outfielder, two more shortstops, and so many pitchers. He has to count on the eventual retirement of one or more of his peerless outfielders; also on the time, some day, when "Heinie" Wagner will quit, notwithstanding that Wagner, for instance, is going better than ever this year. But "Heinie" has been eleven years in baseball and the outfielders need more than the one substitute they now have. It is not too early to begin the selection and training of future stars.

McAleer may well be contented with his present team. They won this year's pennant, and next year they are bound to improve, for nearly all of them are young.

Size up the great outfield trio, for instance. This Speaker is only twenty-three, and has been in the game but five years. Harry Hooper is twenty-four, and has played league baseball only six years before this year. Hendrickson is twenty-three, and has been but three years in the professional game.

The infield is a bit different. The men, as a rule, are older. Here are their ages and the years they played professional baseball before 1912, respectively: Stahl, 31; Yerkes, 24; Gardner, 25; Bradley, 25; Engle, 23; Krug, 23; Wagner, 23; Hall, 23; and Bedient, 23.

Hall is a catcher, with six years' league experience before 1912; Wagner's figures are 24, and Nunamaker's, 24. 4. Which provides a catching staff for a long time to come.

Youthful Bank of Pitchers.

The pitchers are even younger. Here are their ages and years respectively, in professional baseball: Wood, 23; Fape, 24; O'Brien, 24; Collins, 24; Bedient, 23; Hall, 23; and Bedient, 23.

All of the new men purchased are youngsters.

This roster gives McAleer thirty-three men from whom to choose his pennant-chasers of 1913, with all of his regulars and substitutes now in good condition with years of experience.

The purchase of two new shortstops not only provides recruits who may fill Wagner's shoes some day, but youngsters who will fight Krug for the privilege of substituting for the Sox captain. Walsh has been touted as an exceptionally clever outfielder, and will be given a trial.

The new crop of pitchers will be carefully tried between now and the opening of next season. From them, a left-hander will likely be picked for the regular team, Collins being the only pitcher who has been on McAleer's playing staff this year.

McAleer evidently believes that with the confidence born of this year's success, his 1913 team will play even classier baseball next year. As young as they are, most of them are seasoned players now. But the confidence inspired of victory ought to make them better still.

NEILSON TO UMPIRE SCHOLASTIC BATTLES

Fred Neilson, former coach of the Georgetown University football team, has been selected to umpire the scholastic series and together with Jack Gann, will officiate the Business-Western game to-morrow at Union League Park.

Western will put its strongest team on the field to-morrow, while Business will enter the battle confident of victory, as the Stenographers will have a fast, heavy team, and one which is fit to battle any high school team in this section.

HUMB SOCCER CLUB WINS FIRST GAME

Local Eleven Takes Lively Match from Fort Washington, Score 5 to 1.

Before a crowd of nearly 500, the Washington Soccer Club defeated the eleven from Fort Washington yesterday, at Capital City League Park, 5 to 1, in a fast and exciting game.

Yesterday's contest was the initial game of the season for both clubs, and the play was not up to the standard of either club. The Washington team showed lack of practice in passing the ball and also in kicking, although Capt. McGinty, of the locals, made two goals from difficult angles. The all-around work of Davis, Dembee and Capt. Crogan of the soldiers was noteworthy, while McGinty, Neilson, Hodge and Cowan played well for the Washington club.

Next Sunday the locals will meet the Sons of St. George, of Baltimore, either on the latter's grounds or at Capital City League Park. As the local club will practice three afternoons this week, it should be able to put up a much better game next Sunday. Line-up and summary:

HYATTSVILLE IS BEATEN.

Trinity A. C. Football Team of Georgetown Wins Game.

Special to The Washington Herald.

Hyattsville, Oct. 20. The football team representing the Trinity Athletic Club of Georgetown defeated the local eleven here this afternoon 14 to 0. Although unable to score, Hyattsville managed to get the ball within ten yards of the visitors' goal, where it was lost on down-kick. The game was interesting throughout and witnessed by a large crowd.

Sennenberg at quarter for the locals played a fine game. Levin, Halloran and McFarland also did well. For the visitors Beckert and Brewer played a star game. Line-up:

Capablanca Opposes Jaffe.

New York, Oct. 20.—Jose R. Capablanca has returned from Havana, where he has been arranging for the New York-Havana chess congress. He met Charles Jaffe in the first game of a series of three at the Cafe Monopol Friday afternoon. The second game will be played next Wednesday at Morris-town, and the third at the Rice Chess Club on November 2.

SPARTANS ON TOP

Defeat Kendall Athletic Club by 6 to 0 Tally.

The Spartan A. C. defeated the Kendall yesterday, 6 to 0. Although considerably outweighed, the Spartans, by consistent playing and excellent team work, finally came out on top. The game was featured by the puck shown by the victors. There were no individual stars of the battle. The work of Beyer, Kooie, and Lashan was easily noticeable. Next Sunday the Spartans line up against the Regents. The Spartans' line-up follows: Donovan, left end; Tucker, left tackle; Vermilion, left guard; Neuhard, center; Stafford, right guard; Lashan, right tackle; Thomas, right end; Cantwell, captain, quarter back; Kooie, left half back; Cranston, right half back; Beyer, full back.

Klawitter Goes to Tigers.

Detroit, Oct. 20.—Manager Jennings of the Detroit Tigers, believes that Pitcher "Dutch" Klawitter is now ripe for the big show. Klawitter, who had a trial with the Giants in 1910, is the star pitcher of the Portland (Oreg.) team this season.

Mercury and Waverly Kick Contest on Even Terms, 6 to 6.

Mercury and Waverly played a tie game yesterday on the Arsenal grounds, 6 to 6. The game was well contested and hard fought throughout.

Bobbie Grace, the Mercury quarterback, ran his team with excellent judgment, besides making several long end runs.

Carroll, of Mercury, proved an excellent backfield man, getting into nearly every play and gaining consistently through the Waverly line around the ends. Hale and O'Leary played their usual steady game. For Waverly Kowans, Sharpe and O'Meara were prominent. Line-up and summary:

York Signs Heckert Again.

York, Pa., Oct. 20.—George W. Heckert, who for the last three seasons has managed the Trenton Tri-State League team, last night was elected manager of the York club for 1913. Heckert will have full sway. The association will be reorganized and a stock company will be formed. An effort will be made to get fifty men who will invest \$10 each. "Heck" will be in full charge and will have the cooperation of 300 men of York.

WHY REAL STARS CANNOT BE SOLD.

The report that President McAleer, of the Boston American club, had offered the Washington club \$50,000 for pitcher Walter Johnson is emphatically denied by both sides, and seems to have been started as a joke by a Boston newspaper man. The report naturally created lots of talk in baseball circles. "Such a deal is ridiculous to think of," commented Manager Connie Mack, of the Athletics. "Why, just think what the public would say of such a transaction. The Washington club would lose at least twice \$50,000 during a season if such a deal was put through. The game is too great and too big to attempt any business such as a purchase of Johnson by the Red Sox at such a critical moment of the season, whether it's for mere advertising purposes or not. Imagine me, for instance, selling either Coombs, Bender, or Plank to Washington or Boston for any amount, fifty, seventy-five, or a hundred thousand," continued Mack. "Why, if I attempted such a thing, I might as well pack the Athletics up and get out of Philadelphia. The people don't want such monkey business. They want a team to play the game and win or lose on its merits; not to go about trying to buy this player or that player. As a matter of fact, I wouldn't consider an offer for any of my team from any club in either league, and, what's better, the public wouldn't stand for it, and it shouldn't."

RECORD SMASHED AT CELTIC PARK

Scott, the Paterson Runner, Establishes New Mark for the Four-mile Run.

Celtic Park, Long Island, Oct. 20.—One American record was smashed at the annual games of the Irish-American Athletic Club here today in the presence of an enormous crowd.

After finishing the 600-yard race, "Mel" Sheppard and "Ted" Merdith continued to the half mile in an effort to set a new figure for the distance. Sheppard did the tape in 1:22.3, a second slower than the record.

Platt Adams, from scratch, captured the running broad jump with a jump of 23 feet 4 1/2 inches.

The quarter-mile handicap went to A. Pepple, from the three-yard scratch, in fast time.

The four-mile run handicap was won by Louis Scott, the speedy Paterson runner, from scratch. J. J. McNamara, of the Irish-American A. C., who was on scratch, finished second. Harry Smith, unattached, another scratch man, was third. The time was 20 minutes 51.5 seconds.

Scott made a new American record, his time being 1:24 seconds better than the old mark.

FIRST-CLASS CARD FOR LAUREL TO-DAY

Six Well-filled Events—It Will Be Ladies' Day, and Souvenirs Will Be Distributed.

Laurel, Md., Oct. 20.—The card offered Monday at Laurel Park is an extra good one for a week-day, and six well-filled races are on the programme to be run off. The first event, a five and one-half furlong contest, sends a fair lot of youngsters to the wire. Paris Queen looks like the runner of this race on his start, while Briarthorn should be second and Miss Edith fighting it out for the third money.

Lucean, who ran a good race on his last start, looks as though he will have to fight it out with Lizzie Flat for the long end of the purse in the second race. The latter has been running very well of late, and should be the contender. The third race is rather a tough one. Deduction, if she is fit, should be returned the winner. The fourth race looks like a gift to Hedge. All he will have to do is to repeat one of his previous races. Star Jasmine will be the one to be considered. Col. Cook looks the best in the fifth, while Triton should capture the last race.

During Starter Milton's six weeks of starting at Havre de Grace and Laurel he did not have occasion to set a post down for misbehaviour at the post. Starter Dade, who has yielded the flag for two days' has already set down two boys, a fact which is being commented upon. Milton's work was the best ever seen in these parts.

Assurances received at the track during the week from Charleston, S. C., indicate that racing will be conducted there this winter. Horsemen are enthusiastic over the prospects and may have already applied for stables for their horses.

To-morrow (Monday) is ladies' day, and Manager Brown will present each lady with a silk program. Ladies will be admitted free. On Wednesday the Anne Arundel Square Garden Novembers 16 to 23 inclusive. Belgium was represented in the horse show last year and did well. The Belgian officers will arrive here with their horses in plenty of time to school them well before the opening of the show.

Holland also will be represented by three officers and possibly six horses, and England will send over a strong team, but just how many has not yet been learned. The Canadian contingent, apparently the strongest ever sent here, is in high feather because of the performances of their crack jumpers this summer, which, if they can repeat, will win more than their share of horses.

The entries for the show will close with James T. Hyde, secretary, 16 East Twenty-third Street, next Thursday, and, judging by the way they have been received and the way horsemen are trying to get their exhibits in shape, this year's entry promises to be a record-breaker not only in numbers but in quality.

Judge William H. Moore will have a big string of harness horses at the show and among his new ones to be exhibited will be Bountiful, his latest purchase from England. This mare is a wonderfully attractive animal. Judge Moore paid a big price for this mare, which is Hackney bred, and he hopes to do well with her in this country.

J. W. Harrison will have as usual a small but select string headed by his famous stallion Nala and the mare Lady Diliham. He has purchased Mayner, the bay stallion, whom he will exhibit with Nala as a mate and it is thought that these two trotting bred stallions will beat anything else shown in the classes in which they are eligible.

Frederick M. Davies, treasurer of the association, announces that those who desire reserved tickets for the season of the horse show, November 16 to 23, inclusive, should send in their applications as early as possible. Visitors to the show this year will be pleased with the general arrangements of the garden. Some innovations have been planned which will make things very attractive and the decorations of the building this year will be very artistic.

BELGIAN HORSES AT GARDEN SHOW

Three Officers to Bring Six Mounts Over for Exhibition November 16 to 23.

New York, Oct. 20.—By cablegram received last week entries have been received of the Belgian army officers who will jump in the international contests at the coming horse show, which will be held in Madison Square Garden November 16 to 23 inclusive. Belgium was represented in the horse show last year and did well. The Belgian officers will arrive here with their horses in plenty of time to school them well before the opening of the show.

Holland also will be represented by three officers and possibly six horses, and England will send over a strong team, but just how many has not yet been learned. DETROIT LIKES VEACH.

Jennings' Young Outfielder Sure of Position Next Year.

Detroit, Mich., Oct. 20.—A broken limb or the loss of an eye is about all that can keep Bobby Veach out of Detroit's left field next season. The Peoria boy is counted as one sure of his position in a line-up that is daily in danger of another change.

Veach broke into the big league with a rush.

The kind of pecking that Veach pulled off for the Tigers the past season was the best furnished by a Detroit outfielder. He has a powerful and true whip. As a fielder he is sure and a good judge of a fly ball. He has an easy style.

He is a natural batsman, a free hitter, and should be in the division of 200 clouters next season. Ty Cobb and other players are of the opinion that Veach has not hit above his stride since joining the Tigers, but that it is his natural batting pace.

VIGILANTS TRIUMPH, THOUGH SCORED ON

St. Andrew's, of Baltimore, Crosses Locals' Goal Line for First Time in Four Years.

The Vigilants, local independent champion football team, lowered the colors of the St. Andrew's Club of Baltimore, yesterday, at Union League Park, score 7 to 7. At Andrew's is the first club which has scored against the Vigilants in the past four seasons.

The local change by gaining such an overwhelming victory, were not disappointed because of the score, which had all the earmarks of a fluke. It was not secured by any brace or timely rally by their weaker opponents. Harlan's lead pass to Farmer for an end run with the Vigilants on the offensive got away from the half back and was recovered by Ways, who sprinted thirty yards for the only touchdown of his team. At no time during the game did the Baltimoreans prove equal to the Vigilants either defensively or in its attack.

Several long runs by "Cuppy" Farmer contributed to the big score. Though his work was conspicuous, he was pressed close for honors by little "Billy" Lucombe with many spectacular performances in open field. Capt. McKennie also proved a consistent ground gainer for the winners and often made the requisite distance for first downs. Summary:

YALE IN GOOD SHAPE.

Football Team Survives Army Game Without a Scratch.

New Haven, Conn., Oct. 20.—The Yale football team came through the Yale Point game without a scratch. Warren, right tackle, suffered a bumped head, and Flinn reopened his former muscle bruise, but there were no injuries which will keep any of them out of the game a day. The coaches will begin immediately instructions in the plays Yale will use against Harvard and Princeton. Till the present time the attack has been simple, but a more complicated style of formation will be used the remainder of the season. Secretary Carroll will be continued daily till the close of the season.

TIGERS NOT SATISFIED.

Coaches at Princeton Cry for Better Teamwork.

Princeton, N. J., Oct. 20.—Princetonians may seem hard to please, but the fact remains that the 6-2 to walkaway with Syracuse on Saturday was not entirely satisfactory. To be sure, there was an undeniably increase in teamwork on both the offense and defense, but it cannot yet be said that the Tigers have had a real test, and they have to face Dartmouth next Saturday without a full realization of what weaknesses a strong opponent could bring out.

The coaches say the team does not show any consistent unity, and a stronger opponent could not fail to take advantage of any momentary slump. Although the faults brought out by Saturday's game seem to lie in the lack of teamwork rather than in individual players, the weak spots were the ends and right guard.

Inexperience can probably account largely for the faltering in these positions, but it is an open question to say the least whether the constant drill of the next few days will be able to supply what is lacking.
