## BIG CROWD SEES LAUREL MEETING COME TO A CLOSE

The Manager Batten in Feature Stake Race by Lahore—Track to Be Improved.

**PURSES HAVE BEEN LIBERAL**

Laurel, Md., Oct. 31.—With the running of the Great Grand American National stakes worth \$5,000 to the winner today at Laurel Park, the largest crowd of the fall meeting witnessed an excellent card. This being the last day of the meeting, society turned out, especially to see the big event. T. C. McDowell's The Manager, who was looked upon as the probable winner of the race, was third, the winner turning up in Lahore, while Bounder was second. The Manager's defeat was due solely to a bad start which he carried, although he ran a cracking good race as it was. Lahore, the winner was not looked upon as having much of a chance, yet his performance today was a remarkably good one.

As usual on "get-away" days long shots prevailed and in nearly every event they managed to beat the favorites home.

In the bringing of the meeting to a close, Manager Brown stated that it had been a successful one, and that the entire winter will be spent in putting improvements on the track.

The sport has been free from scandal and there has not been a dissenting voice against the way the meeting has been conducted. The judges, Messrs. Murphy and Brad, have 1 and 2, and jointly as presiding and associate judges, have given the public no opportunity to register a complaint.

The association has been liberal with its purses, over \$100,000 having been distributed among the horses and upward of \$20,000 among the exhibitors of cattle.

## ADVISORY MARKS DO NOT CRIPPLE CONTESTING TEAMS

Eastern and Business Will Not Lose Men by Conditions in To-day's Game.

**STENOGRAPHERS THE FAVORITE**

By C. W. SWAN.

Business will tackle the speedy Eastern eleven this afternoon at Union League Park in the fourth game of the scholastic series, and the experts predict the best game of the season.

The Stenographers will go into the battle the favorites, due to their victory over Western last week, and while the Westerns have a much to boast of, there are still several raw spots to be eliminated before a championship team will be able to take the field.

On the other hand, Eastern has been drilled in the new style of offense, and will depend a great deal upon forward passes and trick plays to penetrate the Stenographers' defense. Coach McCaffrey has been working the team hard this week and expects to put the same fast, gritty team on the field today which held Central to a lone touchdown last week.

The Pen Pushers will uncork a new attack this afternoon, one which is expected to baffle the Easterns, while the defensive play of the forwards will be slightly different than in the Western game. Coach Farmer, that of sending Beltman in full, instead of "Casey" King, who will more than likely get in the game on an end.

Hawley Smith will start the game today at right half back, with Reilly in the other half back position. Armstrong will play full, with Wells in quarter for Eastern. The line will remain the same.

While the advisory marks go on today, they will not interfere with the playing of the contest this afternoon at Union League Park. The marks are for the first six weeks of the year, and the seventh week does not start until next Monday. The men who have been playing to date will be able to play today.

Monday those who have failed in their studies will not be allowed to work out with the team, while the men who had conditions and passed them off will be allowed to play. It is plain seen that the advisory marks have no bearing on the game to-day.

Business may lose three men at the most, and it was stated last night that one of these would be a first team man. Two subs will be shooed off the squad, while three new men will be eligible. This will not injure the Stenographers to any great extent.

Eastern may get Capt. Cahill back in the game. There is some little doubt over the matter, but it is believed that his conditions are such that he will be able to play, and that another backfield man would not pass. Two line-backers will return to the squad and one back. This will just about balance the loss of the veterans.

**Boys Act as Trainers.**

Gordon Law, physical director of the Y. M. C. A. Boys' department, has instituted a department in his gymnasium by turning over the drill in a large measure to boys selected from the classes themselves. The classes for training these boys leaders starts this afternoon.

It was learned last night that the boys who are chosen as leaders for the "A" classes, which include the boys of twelve and thirteen; Victor Harshorn, Edwin Edmonston, Leo Hart, and Charles Brumbach will lead the "B" classes, in which are enrolled the boys between thirteen and fourteen, while the classes of high school students will be led by Clifford Cox, Mark Stowers, and Charles Fidelity.

**Harvard Outwights Princeton.**

Cambridge, Mass., Oct. 31.—Harvard was given its final hard work to-day in preparation for the Princeton contest. The varsity was teamed up against an eleven composed mostly of coaches and was held scoreless in a twenty-minute scrimmage.

Capt. Wendell is resting up for Saturday's contest.

Comparing the average weights of the Harvard and Princeton eleven shows that the Crimson will have about four pounds per man over their Tiger rivals. The local team averages 177 pounds.

**Princeton Is Wall Street Favorite.**

New York, Oct. 31.—In the little betting that is being done in Wall Street on Saturday's football game, Princeton has been a 7 to 5 favorite over Harvard. A few bets have been made on the game to-day, but most wagers have been made at even money. There is very little money taken on the contest.

## SPORTING SIDAUGHTS

By BILL BAILEY.

—It's funny how all these heavy-weight champions come out of their hiding now and declare that they are going to knock the big boys out, and then come out and find that the big boys are a dead one as far as the fighting game is concerned, and no one will look him.

—Another blast in an evening paper about abolitionists and their fight in the District. Where have we heard this before?

—Jerry McCarthy, the Red Sox mascot, settled with \$1,000 in his kick just in time. Jerry being a wise lad, knew full well that the life of a mascot was about as long as his pants.

—A lot is written about college spirit, but some college spirit is generally shown when the teams are winning.

—When a straw vote was taken at the half-mile track yesterday Chick Green replied, "Wilma, That's All."

—Bill Frenz has to deny the rumor that he is the guy who put the "m" in student.

—Coach McCaffrey, of Eastern, cannot see how his team lost to Business to-day. The Westerns coach was that the same way last week.

—And when they turned the spotlight upon Harry Ford they found him empty.

—Read The Herald to-morrow.

## TURRET OF MAINE FOUND IN THE MUD IN HAVANA HARBOR

The missing forward turret of the old battleship Maine, found Wednesday in Havana Harbor by United States Army engineers, will probably be permitted to remain in the mud where it now lies. It was stated here yesterday that to attempt to raise the 200-ton mass of steel would be a task involving great expense. There is no current in Havana which could lift the turret and her guns out of the mud. The guns and turrets are greatly corroded, it is stated, and of absolutely no value. The engineers are now engaged in dredging the harbor in the vicinity of where the Maine lay to a depth of thirty-five feet. If the turret is found to project above this level it will probably be pushed down into the mud as far as is necessary.

One suggestion made here yesterday was that chains might be attached to the turret, and the mass of steel used as an anchorage for a mooring buoy.

## Settling the Overcoat Question in a Personal Way.

Mere size of stock means nothing. I purposely haven't the biggest line of Overcoats. But I have the most select. That's what counts. And the models and patterns I'm showing nobody else has—because they are the exclusive productions of a tailor who specializes on Overcoats—and whose creations I control for Washington.

You don't want a "uniform." What you DO want is distinctive style and characterful making—modeling and workmanship that have made this maker famous.

## GROVER HUGHES FIRST.

Handicap Colt, Carrying Top Weight, Wins at Landonia.

Landonia, Oct. 31.—The outstanding feature of racing at Landonia this afternoon was Grover Hughes' remarkable performance in picking up the tremendous impost of 126 pounds and beating a crack band of sprinters in the stellar race of the day. The great handicapped colt took the track at the rise of the barrier and never headed, stepping the six furlongs in 1:12. Royal Tea, a rank outsider, finished second, while Campeon was third. ## LAWYER WINS SUIT.

Sees for \$100,000, Gets Award of Only \$10,000.

New York, Oct. 31.—Frank Harrigan, a Philadelphia lawyer, who brought suit for \$100,000 against the wealthy Brouvier estate of this city, for alleged legal services in connection with the taking of title to 8,400 acres of coal lands in West Virginia, was to-day awarded a verdict of \$10,000 by a jury before Judge Holt in the United States District Court.

M. C. Brouvier, trustee of the estate, of 20 Broad Street, was directed by the jury to pay the award. The trustee, through his counsel, Arthur M. Masten, announced that he would take an appeal, arguments on which will be heard before Judge Holt to-morrow.

**France Wins Balloon Race.**

Berlin, Oct. 31.—Notwithstanding the fact that two of the balloons in the international race which started from Stuttgart last Sunday are still unaccounted for the James Gordon Bennett trophy was to-day awarded to France. The two balloons still unaccounted for are the He de France, of France, and the unoffical American entry, the Dusseldorf II. As the French balloon Picardie has already broken the international record for distance, the result could not be affected by the showing of the balloons still unaccounted for. It is likely that the United States will set second place.
