BROWNE TO MAKE REPLY TO RICHARDS

Tax Expert of George Committee to Answer Charges of District Assessor.

TO ADDRESS PINEY BRANCH CITIZENS MONDAY NIGHT

War of Words Over Alleged Discrimination Now Goes Merrily On.

The war over the George tax report goes merrily on. Assessor Richards, following the exclusive report of the larger part of his reply in the Washington Herald a week ago last Sunday, made his appearance Tuesday before the Columbia Heights Citizens Association to fire a few broadsides into Representative George and his expert, Herbert J. Browne.

Stand by Guss. Neither Mr. George nor Mr. Browne is inclined to retreat one step from the aggressive stand indicated in the report or to grant that there is any serious conflict of facts between the report and Mr. Richards' reply thereto.

It is understood that Mr. Browne's reply will center largely around the supposed fact that Mr. Richards is making his tables through which he intended to refute the charge of widespread and systematic discrimination relied upon the bare statements of property owners and real estate agents, and did not require the protection of the oath.

Mr. Browne was present when Mr. Richards appeared before the Columbia Heights citizens, and was anxious to reply at that time, but was not permitted to do so because of the lateness of the hour when Mr. Richards concluded his remarks.
