"Wear-Ever" Aluminum Utensils ARE WELL MADE

Aluminum rivets with broad heads, which will not pull out, firmly clinch the handles to the utensil. Feed how thick a "WEAR-EVER" utensil is. You will be convinced that the rivets will hold. "WEAR-EVER" utensils are made of aluminum throughout, 99 per cent pure. The outside polished surface is the same piece of metal as the inside. There is no coating to chip off. A "WEAR-EVER" saucepan is easy to clean, because there are no seams or cracks in which the food may collect. Food burned to a char has no effect whatever on the utensil. You may hang it, bend it or burn it. You will not seriously injure a "WEAR-EVER" utensil. Please come and have explained to you more fully the qualities of these cooking utensils.

THE FREE SEWING MACHINE

(Invented and Patented by W. C. FREE)
The twentieth century Sewing Machine—highest grade from all viewpoints—more improved and more beautiful than any other sewing machine—built for a lifetime. The "FREE" is the machine you will have in your home eventually.
The FREE runs lighter than any other sewing machine.
The FREE sews faster than any other.
The FREE makes a better stitch than any other.
The FREE lasts longer than any other.
The FREE six drawers lock and unlock automatically with the opening and closing of the drop.
The FREE belt guards hold the belts in position with machine open or closed.
The FREE spool pin is rotary. Thread will not break if it comes off the spool and winds on the spool pin.
The FREE needles are shorter, easier to put in, and cannot be put in wrong.
The FREE has twenty-two other patented improvements that other sewing machines do not have.
The FREE is warranted by a lifetime guarantee.
The FREE is the only machine insured for five years against accidental breakage or destruction.
Why should any woman deny herself this most necessary article in her home, a sewing machine that will give her the very best service for a lifetime, when to own it means less than one-half a penny a day? Let us demonstrate the FREE to you at the Washington Herald Cooking School, or at our store. You will wonder at the perfection and beauty of the FREE, and you will be happily surprised at its low price.

THE PALAIS ROYAL

THE WASHINGTON HERALD SCHOOL BAKING CONTEST

SEE OPPOSITE PAGE

Valuable Prizes

To contestants who enter the best specimens of cooking in The Washington Herald Cooking School. See illustrations and descriptions on opposite page.

Rules of Contest

1. Any attendant at the Cooking School may compete (except professional cooks and bakers.)
2. The articles entered in competition are to be cooked at home and delivered between 10 a. m. and noon on Saturday, February 15, 1913, at National Rifles Armory Hall. A contestant may enter as many articles as desired. One dozen doughnuts constitute an entry in that division.
3. It is absolutely required that each article submitted must contain Cottolene as the only shortening. Doughnuts must also be fried in Cottolene. Cakes, such as angel food, which do not contain shortening, still will be accepted.
4. Prize winners will be responsible for the delivery of prizes. A number will be assigned to each article entered in competition, so that the judges will not know the names of the contestants. The exhibition of cookery will take place at 2:30 p. m. Saturday. At 2:50 p. m. there will be a special lecture on "Kitchen Conveniences." After that, the cooked articles are to be sold. With very little effort you can help a good cause, besides competing for a valuable prize.
