NEW LAW DESIRABLE TO GOVERN PENSIONS

Commissioners Want Power to Increase as Well as Reduce Poles and Firemen's Allowance.

Amendment to the law governing pensions of the police and fire departments so as to give them the power of increasing as well as reducing the amounts paid pensioners may be recommended to Congress by the District Commissioners.

The proposed investigation of the police and firemen's pension rolls, it was announced yesterday, will be welcomed by the District heads, who feel that an inquiry by the Senate District Committee would bring to the attention of Congress many of the needs of the present pension system.

Every two years the Commissioners are directed by the present law to hold an examination to determine whether the amounts being paid pensioners shall continue "in whole or in part." This, in the opinion of the corporation counsel, means that the Commissioners have the power to reduce a pension, but not to increase it.

In the belief of the Commissioners, this rule should work both ways. As the law now provides, the District heads are slow to reduce the amounts of pensions paid because the pensioners may, for a time, have outside employment. Reduction of the pension might work hardship upon a deserving pensioner upon loss of his employment. This explains why some persons are continued on self-supporting pensions when also recipients of fair incomes through private employment.

Members of the police and fire departments are placed on the retired list after a competent board of physicians has found in their cases that they are physically unable to perform the duties of their office. Often their disability has come from the duties of the service. It is generally progressive. Therefore, the Commissioners realize that private employment may be of short duration for the pensioners, and hesitate to reduce the amount of pension after all bills contracted in connection with the inauguration had been paid. A refund of 90 per cent was made March 24.

The total contributions were approximately \$28,000.

FINAL INAUGURAL REFUND.

Amount Turned Back to Contributors Totalled \$4,000.

Final refund of contributions to the inaugural fund, being the total refund to 90.00 per cent, was made yesterday by W. V. Cox, treasurer of the inaugural committee, at the direction of its chairman, William Corcoran Eustis.

The refund yesterday was 14.06 per cent of the contributions, being the residue in the committee's treasury after all bills contracted in connection with the inauguration had been paid. A refund of 90 per cent was made March 24.

Annual Leave Is Legal.

All employees of the Military Academy at West Point can be granted annual leave under the present laws, according to a decision of the Comptroller of the Treasury, Tracy B. Smith, yesterday. The ruling was raised by the military authorities.

LOCAL MENTION.
