

# SULZER STARTS HIS NEW RACE

## Campaign of Deposed Governor for Assembly Opens with Rush in New York.

### POLITICIANS ARE BUSY

Their Powers of Inevitable Increase as Campaign Start Draws Nearer.

New York, Oct. 21.—Charges and countercharges continued to fill the air today in the Sulzer-Tammamy controversy, which has now become more a part of the mayoralty campaign. The second installment of the Sulzer "expose" of the dictatorship of Charles F. Murphy gave further details of the pressure brought to bear upon the Governor to force him to abandon his campaign against graft throughout the State.

Sulzer arrived in New York tonight to give up his campaign for the Assembly, and was given a rousing reception by a great crowd of admirers. He declined to respond.

John A. Hennessey, Sulzer's chief graft investigator, returned to the attack on the Tammany majority candidate tonight and challenged McCall to tell where he got the money Hennessey declares he paid to George W. Plunkitt and Charles F. Murphy for his nomination to the Supreme Court bench.

Tonight McCall denounced his opponent, John Purroy Mitchell, the fusion candidate, as a demagogue, and declared his intention of being "free from domination" by newspapers.

No reply was forthcoming today from Tammany Leader Murphy to the Sulzer charges. When questioned today about the Hennessey and Sulzer accusations, Murphy said:

"I'll not reply to Hennessey at all. I'll just ignore him. When I make my reply I will make it direct to Sulzer."

Plans to Keep Him Out.

John Purroy Mitchell will probably demand that the grand jury call Charles F. Murphy and Philip Donahue to account for the \$2,000 contribution from Samuel Beardsley for the late A. N. Brady. Sulzer says that Beardsley took this money to Tammany after he refused it. Tammany legislators began plans to keep Sulzer out of the Assembly if he is elected from the Sixth Assembly district, where he is the progressive candidate. The charge will be made that he is not a resident of the district.

Sulzer's campaign in the Sixth district of this city formally was opened tonight with parades and speeches.

"We want to give Sulzer a show," said Max Steindel, leader of the Progressives, who broke away from their leaders to nominate Sulzer. "And we're going to give him such a majority as no candidate of the Assembly has ever received in this district."

Hebrews Pray for Him.

Thirty or more rabbis in the Sixth district, which is strongly Jewish, have been praying for Sulzer ever since his troubles began and have taken an active part in working up the sympathy for him which has been the result of his nomination. They are now working for his election.

Will Attack Levy.

One of Sulzer's opponents in the Sixth district will be Aaron Levy, one of the leaders in the impeachment proceedings. Levy is running for municipal judge. Sulzer intends to direct most of his fire against Levy. He will also attack Speaker Alfred E. Smith, of the Assembly, who is a candidate for re-election in the Second District.

FITZSIMMONS IN COURT.

"Lanky Bob" King Here, Being Sued for Libel.

New York, Oct. 21.—Fearful lest he should be late and be held in contempt of court, "Bob" Fitzsimmons, former world's champion pugilist, strode into the Division where Supreme Court Justice Arthur S. Weeks was hearing a case today and inquired of the clerk:

"Am I in the right chair?"

"Yes," said the clerk, "but this is only a preliminary hearing. The real trial comes next. Better take your corner."

Fitzsimmons is being sued by Joseph Egan, a prize fight promoter, on a libel charge. He probably will testify tomorrow. James J. Joyce has made a deposition which will be used by Egan's attorneys.

T. H. Pleads for Prisoner.

Hempstead, N. Y., Oct. 21.—Before Col. Roosevelt sailed for South America he asked attorney for George Parker, the burglar who stole the watch of the Roosevelt Jewels and heirlooms. As a result, Parker was given only a year in jail today.

# "RITUAL" TRIAL DRAGS.

## Small Progress Made and Hearing May Stop Soon.

Special Cable to The Washington Herald. St. Petersburg, Oct. 21.—An incredible amount of time was wasted today in the trial of the Beilis case. The proceedings become more and more farcical each day, and if the affair is not brought to a premature end by the expected government intervention, the trial is likely to be spun out for another fortnight.

# BIG SUM TO BE ASKED FOR USE IN THE ARMY

## Mexican Troubles Have Directed Attention of Administration to Need of Preparation.

### WILL CALL FOR \$101,000,000

Recent developments in Mexico have sharply directed the attention of the present administration of the War Department to the army's lack of preparation for trouble. The question has been given serious consideration of late, with the result that Congress will be asked at the coming session to increase appropriations with a view to establishing the army of the United States on a footing where it will be responsive in emergency. Plans in this end are being perfected, and Congress will be asked to advance them into life by making appropriations for the purpose.

The estimates calling for appropriations for the maintenance of the army in the fiscal year that will begin July 1 next, show conclusively that it is Secretary Garrison's belief that the army should be as well equipped in all respects as the armies of other countries. For example, he asks for an appropriation of nearly \$90,000,000 for the purchase of ammunition. Heretofore not more than \$2,000,000 has been allowed for the purpose.

At the last session Congress appropriated something like \$1,500,000 for ammunition for the use of the regular army and the militia. The Secretary of War will ask that the appropriation be increased to approximately \$9,000,000. About \$6,000,000 is needed. It will be repaid, to create a reserve supply of ammunition for the artillery. At present the artillery has no reserve stock of ammunition. War Department officials believe that the artillery should have available at all times about \$2,000,000 worth of ammunition, amply for beginning and continuing operations in case of trouble until the supply could be replenished.

A bill in excess of \$9,000,000 was made available for the needs of the army this year. For the next fiscal year the estimates call for an appropriation of \$101,000,000. Most of the increase is made up by the increased allowance asked for the purchase of ammunition.

Leaders in Congress fear that the navy estimates also will be increased. The appropriation for this year was more than \$100,000,000. It is generally believed that the administration will urge an authorization for two battleships in the next budget. The "small navy" men are preparing to fight this building program.

# TEMPORARY SOLDIERS' HOME "ON" DISTRICT

## Protest Also Will Be Made to War Department in Case of Ejected Guard.

Strong protest against building the Temporary Soldiers' Home, Third and C Streets Northwest, under the Board of Charities, thereby causing the District to bear the expense, and against the action of a local trustee in ejecting J. Frank Ward, a former member of the District National Guard, for standing at attention while the orchestra played the "Star Spangled Banner," was made at a meeting of the President's Own Cavalry, Army and Navy Union, at 17th and Temple, last night.

The protest against the action of the trustee will be carried to the War Department by a committee, with the Temporary Soldiers' Home matter will be taken up with the District Commissioners, Congress, and the War Department. Those appointed on the committee were Capt. J. Walter Mitchell, W. H. Zook, Capt. Ed. Ham, J. C. Hudson, and Commander Ed. Linn.

Commander Linn presided at the meeting. National Judge Advocate Lemuel C. Fugitt, of Washington, and National Surgeon General Hendrickson, of Hampton, Va., made the principal addresses. J. W. Fox, who served as sergeant with Company B, First United States Artillery, 1862-63, and James H. Armstrong, who served as sergeant with Troop B, Fifteenth United States Cavalry in the Spanish war, were admitted to thearrison as recruits.

Missouri's coal supply will last 2,000 years, it is estimated, if mining goes on at present rate of 4,000,000 tons yearly.

# Dearth of Small Bills and Silver Dollars Stirrs Banks

## Although There Are 491,736,000 of the Big "Simoleons" in the Currency Trust Funds, the Certificates Needed to Get Them Out Are Scarce.

There is a great scarcity of dollar bills, especially of the smaller denominations. To that large part of our population that will not be called upon to pay any income tax this information may lack the element of novelty.

The scarcity of the form of money named does not affect the average man as seriously as it does the banks of the country. South and West, where there is urgent demand for the small bills—ones, twos, and fives, and the big silver simoleons.

# VIRGINIA DEMOCRATS SEEK TO GET OUT VOTE

## Alexandria City Committee Holds Meeting, and Fund Will Be Raised for Campaign.

### BENDHEIM IS NAMED CHAIRMAN

Alexandria, Va., Oct. 21.—Plans for bringing out a large vote election day, Nov. 4 next, were discussed tonight by the city Democratic committee at a meeting held at the Hotel Rammel. None of the Democratic nominees for office will have opposition in the election, but in the desire of the committee to get out as large a vote as possible.

The number of delegates to the next State Presidential convention will be governed by the number of votes cast in this election. The representation given is one delegate for each 100 votes or fraction thereof.

With a view of obtaining funds in order to conduct the campaign, Chairman Bendheim appointed a committee consisting of S. P. Fisher, Frank M. Hill, Oscar Phillips, and Howard W. Smith to solicit contributions.

The committee was organized for the ensuing two years with the re-election of Charles Bendheim as chairman and R. T. Cook as secretary. Chairman Bendheim thanked the committee for the honor bestowed upon him by his re-election. He said it would be about fifteen years ago when he first assumed the position, and during that time he had endeavored to discharge the duties to the best of his ability.

Those attending the meeting were Messrs. Charles Bendheim, R. T. Cook, Albert Bryan, F. M. Hill, Oscar Phillips, S. P. Fisher, and Howard W. Smith.

Annual memorial services will be held by Alexandria Council, No. 3, Order of Fraternal Americans, at 730 North Washington street, at Trinity M. Church. Addresses will be made by O. H. Daniels, past president; the Rev. G. A. Lutterell, pastor of the church, and J. H. Trimyer, past president. The members of the order will march to the church in a body. There will be a special musical program.

An entertainment and dance was given tonight at St. Asaph for the benefit of the St. Rita Catholic Church building fund.

# DEAD BREWER'S BODY IN U. S.

## Funeral of Adolphus Busch to Be Held in St. Louis.

New York, Oct. 21.—The body of Adolphus Busch, millionaire brewer and philanthropist, arrived here from Bremen, this morning, on board the liner Kronprinz Wilhelm. There was in readiness a special funeral train to take the body to St. Louis, where it will be buried. On the train there were accommodations for about thirty members of the Busch family and fifteen servants.

Plans for transferring the body and the trip West had been made by Edward A. Faust, St. Louis, a son-in-law of Mr. Busch, and Charles Nagel, former Secretary of Commerce and Labor.

# WASHINGTON DIVINE ADDRESSES CATHOLICS

## The Very Rev. W. H. Ketcham Talks to Delegates to Missionary Congress.

Boston, Mass., Oct. 21.—A meeting of bishops in the Copley Place Hotel, and a reception given by the League of Catholic Women for women visitors to the Catholic Missionary Congress, were the closing features of the day's work of the congress.

The principal subject of discussion during the day was church extension. Very Rev. Francis C. Kelley, of Chicago, president of the American branch of the Church Extension Society, spoke of the successful work of the society in the last eight years. Others who delivered addresses were Very Rev. William H. Ketcham, of the Catholic Indian Bureau, Washington, and the Most Rev. John B. Pitaval, Archbishop of Santa Fe.

At the immigration session in the afternoon Bishop Muldoon, of Rockford, Ill., was the principal speaker. He recommended the establishment of a bureau for the collection and dissemination of data on Catholic immigration. Archbishop Pitaval, of Chicago, presided at the session, which was devoted to the work of home missions.

# POLICE BOAT RACES AGAINST QUEER CRAFT

## Two of Latter, Each Equipped with Bicycle and Propelled by Negro, Attract Much Attention.

"What can it be?" ejaculated pedestrians on the Highway bridge yesterday morning, as they gazed, and gazed again at two strange objects that were seen from east of the city and heading for the channel of the Potomac.

As the two enigmas approached the bridge the spectators were able to discern that the two objects were not ferocious, but were of a peculiar nature. They were two small boats, each equipped with a bicycle and propelled by two sons of the Old Dominion.

At the same time that the home-rigged craft came in sight the police boat passed on its way toward Georgetown. Without starter's gun or any other formality the police boat was the innocent contestant in a short-lived race, the most to the amusement of the watching throng. The brush did not last long, for by the time the police boat reached Eadsby's Point it had lost sight of the other two contestants, whose only trouble was they "ran too long in the same place."

Swart, John E. Preston, who was in charge of the police boat, said when he returned that he did not consider the two adventurers in distress, so did not stop to start aid.

# Big Send-Off for T. B.

His Janeiro, Brazil, Oct. 21.—An enthusiastic welcome was given to Col. Theodore Roosevelt when he landed here today. Although the steamer Vanguard, upon which the Roosevelt party came from New York, reached port last night, the weather was too heavy for a landing and the ship lay off shore until daylight.

# Honor For Sea Heroes.

# VERDICT IS IN FAVOR OF JOHN B. HENDERSON

## Jury Finds Wealthy Washington Man Not Guilty of Charges Brought by Miss Garmong.

### MOTHER DELIGHTED AT NEWS

Ellsworth, Me., Oct. 21.—The jury returned a verdict of not guilty today for John B. Henderson, of Bar Harbor and Washington, wealthy son of the late Senator Henderson of Missouri, accused by Miss Elizabeth L. Garmong, of Des Moines, of being the father of her three-year-old girl.

Miss Garmong has a breach of promise suit pending against Mr. Henderson for \$100,000.

Mrs. John B. Henderson, widow of former Senator Henderson, and mother of John Brooks Henderson, yesterday was delighted when she learned of the verdict. As it is said that juries in Maine never before have decided against an woman in a case of this kind, in which she was the accuser, Mrs. Henderson feared the result of her son's fight for an unborn child.

"Mr. Henderson did not meet Miss Garmong at the Chevy Chase Club, as testified by her," said a representative of the Henderson family last night. "but at Col. Arma's residence, 'Fairfield,' in Connecticut Avenue, where he had taken his father, who had been requested to stop there to consult about a real estate matter."

"A couple of days afterward the Hendersons left for Bar Harbor. Within a week Miss Garmong followed and has been following Mr. Henderson ever since, always posing as a professional nurse. It was some time afterward that her alleged misrepresentations were discovered."

"Miss Garmong instituted suit against a young man in Iowa on the same charge, but he, through the services of detectives, hunted up her career in other cities, and she despaired."

# PRINCESS LEAVES HOSPITAL

## Manuel's Bride Goes to Father's Home with Former King.

Berlin, Oct. 21.—Princess Augusta Victoria, of Hohenzollern, the bride of former King Manuel of Portugal, today was discharged from the hospital at Munich and proceeded to the home of her father, Prince William, of Hohenzollern, at Sigmaringen. It was said that Manuel accompanied the princess to the home of the bride's father.

The wedding occurred on September 14 at the home of the bride's father. It was later reported the princess would return to her father's home and not spend her honeymoon with her husband in England. King Manuel has remained at the hospital with his wife during her illness.

# REDFIELD OUTLINES PLANS OF PRESIDENT

## Secretary of Commerce Tells Detroit Men Wilson Intends to Study Trade.

Detroit, Mich., Oct. 21.—William C. Redfield, Secretary of Commerce, today addressed the Detroit Board of Commerce. He stated that President Wilson's plan in regard to trade was first to ascertain whether they really are efficient in themselves or simply in the hands of their organizers, whether they are so organized that, if properly regulated, they can concentrate business efforts as to be of good to the entire country, or will be likely to fall when their present shrewd heads no longer are at the helm.

Secretary Redfield reviewed the present condition of American foreign commerce, stating that the administration planned to facilitate it by establishing offices of the foreign commerce bureau in New York, Chicago, San Francisco, and New Orleans, and to send to foreign countries four or five commercial attaches accredited to the American embassies, whose duties would be entirely devoted to trade promotion.
