MEN'S CLOTHING SHOP—SECOND FLOOR—NEW STORE.

## New Fall Suits

Bringing You More Than You Ever Before Saw at the Price

**\$15.00**

We have picked expertly and carefully from the biggest clothing manufacturer in this country to bring to the men of Washington these suits at \$15.00—and they are here to be judged by you in comparison with suits you have always paid \$20 for.

Plenty of mixtures and plain colors, of course, in all the new models, but predominating all are the snappy new plaids, in brown, green, blue, gray and mixtures.

### SMALL BOYS, NOTICE!

#### BIG CIRCUS COMIN'!

On Monday and Tuesday the Bands Will Blare Be the Weather Man Kind or Cruel.

Only a few more days await the appearance of the Carl Hagenbeck-Wallace Circus in Washington. The date is Monday and Tuesday and the small boys as usual are at fever heat in anticipation of what they will see and hear on Circus Day.

Nothing seems to dim the popularity of the circus, especially those of the larger type. A new crop of children appear each year. They must see the elephant, the lion, the monkey and the sawdust. But the blaze of the band, the rattle of heavy red wagons and the roar of the lion seem to make the crowd more and more impatient.

Three trains are necessary to transport the Carl Hagenbeck-Wallace Circus. The first is known as the "Flying Squadron" and leaves the exhibition city daily at 10 p. m. in order to arrive during the early morning hours. Aboard is carried the commissary department and canvas hotel, for breakfast must be ready at 7 a. m. The Women's Relief Corps will be represented at the circus. The famous Carl Hagenbeck menagerie and trained wild animals, together with 2500 seats, paraphernalia and equipment are carried on the third and final section. The third and final section is made up almost entirely of Pullman sleepers bearing the performers, officials and employees not carried on the two preceding trains.

An idea of the magnitude of the Carl Hagenbeck-Wallace Circus may be obtained from the immense street pageant to be seen on the downtown streets at 10 o'clock preceding the first performance. There will be upwards of three miles of scintillating fiery floats. More than 1,000 men, women and horses will be seen in the great display. Eighteen different nationalities will be represented and the characteristic music of the world will be played upon brass instruments, tom-toms, drums, flutes and cymbals. Eight bands will yield circus melody, augmented by two of the largest calliope ever constructed. Many of the dens containing the Carl Hagenbeck wild animals will be open for public display. There will be more than half a hundred elaborately carved and decorated tableaux wagons and alleys for use in constructing the platform. If the tableaux is not held, W. T. Ashby, in charge of arrangements, will refer the matter to the committee.

**Eastern Roads Ask Higher Rates.**  
Carriers operating between Central Freight Association territory and trunk line territory, including New England, have filed with the Interstate Commerce Commission a lengthy brief, justifying proposed increases in freight rates on live stock and packing house products between the two territories. It is set forth that the proposed increases, which are in addition to the 5 per cent allowed by the commission, are intended "to remove the unscientific, illogical, and discriminatory features of the existing tariff."

**Navy Dirigibles Completed.**  
The Connecticut Aircraft Company has notified the Navy Department that the new dirigibles contracted for will be completed within a few weeks. The parts will be assembled in Boston and shipped to Pensacola, Fla., the navy aeronautic station, where trials will be made.

**British Arrest Von Bissing.**  
London, Sept. 21.—Baron von Bissing, half-brother of the former governor of Brussels under German reign, was today taken into custody by Scotland Yard officials. He will be interned here.

**WHY "AN-URIC" IS AN INSURANCE AGAINST SUDDEN DEATH!**  
Sufferers from Backache, Rheumatism and Kidney Trouble.  
"An-uric" is the most powerful agent in dissolving uric acid, as hot water melts sugar, besides being absolutely harmless and is endowed with other properties, for it preserves the kidneys in a healthy condition by thoroughly cleansing them. Being so many times more active than lithia, it clears the heart valves of any sandy substances which may clog them and checks the degeneration of the blood-vessels, as well as regulating blood pressure. "An-uric" is a regular insuring and life-saver for all big meat eaters and those who deposit lime-salts in their joints. Ask the druggist for "An-uric" put up by Dr. Pierce, in 50-cent packages. Dr. Pierce's Pleasant Pellets for the liver and bowels have been favorably known for nearly 50 years.—Adv.

## McElroy Asks Potomac Veterans To March in Review of G. A. R.

Acting Commander, in Appeal to Men of This City, Says: "The March Will Be Scant Mile and a Half, Over Smooth Pavement."

With the advance guard of veterans arriving at Union Station, with many committees toiling day and night, and with the city fitting itself out in its glad attire, preparations are being pushed forward for the national encampment next week of the Grand Army of the Republic.

The old Census Bureau Building at First and B streets northwest, which will be dedicated to Camp Matthew G. Emery and used as headquarters for the veterans, rapidly is being placed in condition. A big force was put at work yesterday decorating the rooms with flags, emblems, pennants and bunting. It is believed the decorating work will be completed by tonight.

A detail of twelve sailors from the Washington Navy Yard yesterday decorated the navy room in the building. This room will be used for the review and various campaigns and reunions. It is in the west wing of the structure. The main auditorium, where the business sessions of the society will be held, is in the east wing. It is being decorated with immense American flags, which are being draped and festooned from the ceiling and around the many wooden columns.

To the left of the main entrance in B street is the office of the citizens' committee on arrangements and the press room. Reception rooms, newspaper stands, a souvenir room, a branch post-office, rest rooms, a hospital, a police station and historic sites, together with the grand parade in Pennsylvania avenue fifty years ago.

W. F. Wickie, chairman of the committee on historic sites, yesterday put a force of men at work erecting markers on places of historic interest. The work will not be completed until the end of the week.

Open-air memorial services for the Women's Relief Corps, G. A. R., and affiliated patriotic organizations will be held at the Peace Building, 1000 Mount St. Albans at 4 o'clock Sunday afternoon. Jiney buses are arranging to operate between Connecticut and Cathedral avenues and Mount St. Albans to convey persons from the Connecticut avenue cars to the services.

Rev. Thomas F. Davis, bishop of Webster, Mass., will preach the sermon. The vested choir will lead in the singing and music will be by a section of the Marine Band. Members of the Women's Relief Corps will wear white dresses and their badges and corps insignia. Seats will be reserved.

The "human flag" tableau, which was to have been staged at the southeast of the Treasury Building, probably will not be held, due to the misdirection of consignments of lumber for use in constructing the platform. If the tableau is not held, W. T. Ashby, in charge of arrangements, will refer the matter to the committee.

refund the 50 cents contributed by each of the children who were to have been on the stand.

**More Flags Needed.**  
Washington is decorating lavishly, and the cry is for more flags and bunting. The committee on decorations yesterday distributed among merchants as many flags as could be borrowed from the War and Navy departments. Thomas Grant, secretary of the committee, is trying to arrange for the loan of flags by Baltimore. Joseph Berberich has requested the loan of 200 flags from the committee for the decoration of Seventh street, but the committee has been unable to fill the order.

Col. John McElroy, editor of the National Tribune, yesterday was informed by President Wilson that it has been found inadvisable to release from their duties in the government departments 160 members of the Spanish War Veterans and Sons of Veterans to aid in the work of registration at Camp Emery.

A meeting of the Sons of Veterans, Spanish War Veterans, and Children of Veterans who are to assist in the work of registration at Camp Emery will be held Friday afternoon at 4:30 p. m. in the room of the Chamber of Commerce. Dr. Frank E. Gibson, chairman of the entertainment committee, has announced that a final meeting will be held tomorrow night to complete arrangements.

The official caretakers of Camp Emery will be the members of the Jesse Watt Post, of Virginia, in front of the White House and thence to Eighteenth street, where it will disband. Dr. Louis J. Battle, chairman of the medical committee, has announced that there will be a field hospital tent on the White Lot for the treatment of veterans who may feel the effects of the march.

**Dr. Gibson Calls Meeting.**  
The committee on public comfort will meet today at noon in the rooms of the Chamber of Commerce. Dr. Frank E. Gibson, chairman of the entertainment committee, has announced that a final meeting will be held tomorrow night to complete arrangements.

The New Hampshire Association of the District will hold an informal reception Tuesday afternoon and evening in the gun room of the Battery Armory in First street northwest, adjoining the Census Building, in honor of the veterans from that State. New Hampshire folk residing or visiting here, and others interested in the affair have been extended an invitation to attend. Hattie E. Abbott is president of the association.

General orders have been issued by the Department of the Potomac regarding the parade next Wednesday. They are signed by Col. John McElroy, senior vice department commander and acting commander, and O. H. Oldroyd, assistant adjutant general.

### Purely Personal

F. H. Chaffin, chief clerk of the New York assay office, yesterday was appointed examiner of the mint at \$2,000 a year by Secretary of the Treasury McAdoo. He will come here within a few days to assume his new duties.

Miss Edith B. Athey, organist at Hamline M. E. Church, Ninth and P streets northwest, has been appointed director of the quartet. The quartet has been reorganized and its personnel now is as follows: Miss Marion Greene, soprano; Clarence H. Sorrell, tenor; Mrs. John Humphrey, alto, and Edwin Callow, bass.

Mr. and Mrs. Otto T. Simon have returned from San Francisco and are at their home, 1229 P street northwest.

Miss Mabelle Louise Coldenroth, of this city, has written friends here that she plans to remain in New York during the winter. Miss Coldenroth is a soprano and is studying music in New York.

Both salt and fresh water fish are caught in Lake Maracabo, Venezuela.

### HONOR FOR F-4 VICTIMS.

Bodies of Sub Crew Will Be Buried at Arlington.

The burial in Arlington National Cemetery next week of the seventeen unidentified bodies recovered from the submarine F-4, which sank in the harbor of Honolulu, will be marked with high military honors.

Only four of the bodies recovered were identified. These will be buried in cemeteries designated by relatives. All the others, now at San Francisco, will be brought to this city for burial at Arlington.

Among the unidentified bodies is that of Lieut. L. Ede, who commanded the vessel. His widow is in this city. It is expected that all the available blue-jackets and marines in Washington will participate in the funeral ceremonies.

**University Given \$10,000.**  
A bequest of \$10,000 has been received by the American University from the late Dr. Charles E. Stoum, of DeFiance, Ohio. Dr. Stoum was a publicist and authority in historic-geographical matters connected with Ohio. He was a cousin of Gen. Stoum, of civil war fame.

### MARYLAND RIFLEMEN TO ENTER TOURNEY

They Change Decision on Shoot to be Held at Jacksonville, Fla., October 2.

The national shooting tournament, which will begin on the Jacksonville, Fla., State rifle range, October 2, and last for three weeks, is assuming an international aspect. It is expected that delegations of riflemen will attend the tournament from Cuba and Canada. These visitors will be unattached and will enter only the individual matches and two more States which had announced their intentions to the War Department of not attending have changed their mind. The Pennsylvania and Maryland. It seems that the Pennsylvania guardsmen did so well in their State shoot at Mt. Gretna that the adjutant general of the United States Treasury Department was persuaded to organize a team for the national matches. In the final count, only six States will be absent from the tournament. The three far western States, Washington, South Dakota, Texas and Idaho. The three far western States based their decision to not send teams to the lack of funds available for the purpose.

### SUBS CAN'T SEE FLAGS.

Germany Says Neutral Ships Should Plainly Show Nationality.

The State Department has been notified by the German government, through Ambassador Bernstorff, that many neutral vessels are making the mistake of failing to place sufficiently large insignia of their nationality on the ship's side, and that consequently their nationality cannot be made out from a distance. It is suggested that these flag markings or other insignia of neutral nationality be made larger.
