

Two Women Claim One Spirit; Dual Body Answers Same Call

Message Being Transferred at Meeting of First Spiritualist Church Seems Familiar to Two Listeners—Sixty-eighth Anniversary of Institution's Establishment Commemorated.

Do spirits have doubles? Are the souls of doubles in this world? It is a question which has been asked by many of the spiritualists...

spirit doublets, or, if there were only one, it was known to both women. But there's the rub—the women appeared not to know each other. Both women nodded eagerly as the life of the spirit, before it became independent, was traced on this seat of the spirit...

Both Were Claimants. The identities of some spirits come to the medium slowly. First a flash, a meager detail, then the soul gradually emerges from the dim psychic world...

The meeting was in commemoration of the sixty-eighth anniversary of the establishing of the church, now located in the Northeast Masonic Temple, Eighth and F streets and F streets northeast, I. C. I. Evans, president of the church, presided.

A new collection of Misses' Suits and a very large one—the largest that we have ever offered, and one that provides a choice as to style. The Navy Blue Suits at \$25.00 are of serge and gabardine, most of them have belted or semi-belted coats, some of which flare or have a tiny peplum and others that are plain; buttons are a trimming that is general, and may be metal, white bone, or natural color. A novel blue suit is stitched in white silk to give the middy yoke effect, and around cuffs and collar, and the same treatment in the skirt, trimmed with white buttons.
