SCHOOL BOYS WILL AID LETTER BOX CAMPAIGN

Youngsters Plan to Sell and Install Receptacles at Residences Throughout City.

A number of high school students and the larger boys in the graded schools are planning to take advantage of the campaign to be promoted by the local postoffice next week for the erection of mail receptacles in homes. They are making arrangements with hardware dealers whereby they will canvass from house to house, taking orders for letter boxes and letter drops. These orders will be filled on the following day and the mail receptacles properly placed. Mail boxes will be sold and put up by the boys at a slight advance over the prices of the hardware store and department store. The householder will gladly pay this advance in price in order to obviate the necessity of going to a store to purchase boxes, and this arrangement includes the erection of the receptacles. Since the postoffice has already advised all residents of the advantages derived from the use of mail boxes, it is believed that each boy will have very little difficulty after school each evening to take orders for ten or fifteen boxes.

DISTRICT BOASTS ITS FIRST WOMAN OFFICIAL

Mrs. Susie Root Rhodes Appointed Head of Playgrounds—Roberts Succeeds Sherman.

For the first time, a woman, Mrs. Susie Root Rhodes, yesterday was appointed by the Commissioners supervisor of playgrounds. Mrs. Rhodes, who has been a member of the Board of Education for several years, was named to succeed George M. Roberts, who succeeds John H. Sherman as superintendent of markets, weights and measures. Mr. Sherman resigned to become assistant to the president of the Paramount Motion Picture Corporation in New York. Mr. Sherman, in his letter of resignation to the Commissioners, commends the dealers of Washington for the manner in which they co-operated with him in enforcing the laws governing markets, weights and measures. Mr. Sherman, the new superintendent of weights and measures, was appointed supervisor of playgrounds last August. He was born at Mt. Pleasant, Tex., and has been a resident of the District for eight years. The salaries of both the playgrounds position and the weights and measures office are the same, \$2,500.

WILL FLY TO NAVY LEAGUE CONVENTION

Capt. F. D. Cook, Delegate, Plans to Make Trip Here from Newport News Via Air Route.

"Preparedness" personnel will be demonstrated by the Virginia Peninsula Branch of the Navy League on the opening date of the national convention of the Navy League, which convenes at the New Willard Monday.

Capt. F. D. Cook, a delegate, will arrive in Washington from Newport News via the air route. The trip will be made in one of the largest hydroplanes ever built in the United States. The machine is being assembled at the Atlantic Coast Aeronautical Station at Newport News. Capt. Cook will bear messages from the mayors of the cities of the Virginia peninsula for President Wilson, assuring the President of their united support in his preparedness program.

The success of the trip depends upon the conditions of the weather. Several trips recently have been made, but only one in which the aviator was not required to alight between Washington and Newport News. Pilot Gordon, of the station staff, last week made the trip from Newport News to Washington in 2:47, actual flying time.

Pilot Gordon, on a previous trip, was forced to land at Smith's Point, at the mouth of the Potomac, on account of bad weather. Absence of any landing place on hand between the two cities prevents the use of an aeroplane.

According to the program the hydroplane in charge of Pilot Gordon with Capt. Cook as passenger, will leave Newport News early Monday morning and arrive in Washington at 9 o'clock.

Capt. Cook is chairman of the Virginia delegation, will proceed immediately to the White House and deliver the messages.

District Courts

Mrs. Lottie Cave, residing at 847 Massachusetts avenue northwest, yesterday brought suit in the District Supreme Court against her former husband, Gilbert W. Cave, and his trustee, Henry G. Thomas and Cranford Mackley, for the legal ownership of that residence. Mrs. Cave says her husband agreed to allow her the use of the property until she should marry again, and that he also agreed to renew the trust fund of \$20,000 which he owed upon the property, as well as to pay her \$40 a month for maintenance for herself and their child. She stipulates that she failed to pay the amounts due on the building or those due her, and that since he agreed the property should go to her in case he failed to make these payments, she asks that the court order the trustee to deliver to her the deed, which they are now said to have. Attorney William C. Ashford represents Mrs. Cave.

Charles J. Waters yesterday brought suit for absolute divorce from Alice Wood Waters, to whom he was married on June 15, 1904. Attorneys George W. MacDonell and E. F. Colquhoun represent the husband.

Edward Henkel yesterday filed in the Probate Court a petition for letters testamentary to administer the estate of his sister, Alice Henkel. She was employed in the government service, he says, and owned bonds, notes, stock, etc., valued at \$6,332.48, and real estate worth \$3,324. Her debts are listed at \$688. Attorney Oscar Nauack filed the petition.

A petition for letters testamentary in the estate of Albert S. Barker, who died on January 30, 1916, was filed yesterday by his widow, Ellen B. Barker, and his nephew, Bowen Barker. The deceased was said to have held realty in South Hanson, Mass., worth \$4,300, and personal property valued at \$50,000. Attorney Frank Stetson filed the petition.

FUNERALS

Funeral services for Thomas C. Butt, who died Wednesday at his home near Rockville, Md., will be held at the family residence today at 11 o'clock. Interment will be in Rockville Union Cemetery.

Funeral services for Winfield O'utfut, who died Thursday at his residence, Travilla, Md., will be held at 10:30 o'clock today. Interment will be in Potomac Cemetery, Potomac, Md.

Funeral services for Cromwell Orrick Swann, who died Wednesday at the residence of his sister, Mrs. Frances S. Wray, Mainland, Va., will be held this afternoon at 1 o'clock from the residence of his daughter, Mrs. C. A. S. Sinclair, Rosemont, Alexandria, Va. Interment will be private.

MARSHALL MAY TESTIFY.

U. S. Attorney Given Opportunity to Answer Contempt Charge.

An invitation to H. Snowden Marshall, United States attorney for New York, to appear before the select committee of the House which has under consideration the question of the institution of contempt proceedings against him was extended by the committee yesterday.

Mr. Marshall, if he decides to appear, will be given an opportunity to explain his side of the case and the reasons for his charges of unfairness against the subcommittee of the Judiciary Committee now making an investigation of his office. It is for Mr. Marshall to decide whether or not he shall accept the invitation, as the select committee has no authority to summon him.

BRUMBAUGH IN HOT FIGHT.

Vare Calls Attack on Governor Barefaced Attempt at Blackmail.

Philadelphia, April 7.—Governor Brumbaugh's exposure of the Democratic organization of the State by the Penrose-Oliver machine to force him to retire from his campaign for a reunited Republican party in the State by threats to expose Brumbaugh as having diverted campaign funds to his personal use, created a future to political circles here. "A barefaced attempt at blackmail" is what Senator Edwin H. Vare characterized the Penrose-Oliver tactics.

To Plan Jefferson Day Dinner.

Representatives of local Democratic organizations will meet Commissioner Brownlow in his office in the District Building tonight to discuss seating arrangements for the Jefferson Day dinner to be given under the auspices of the Common Council Club, April 15, at the New Willard. Capt. John S. Miller is chairman of the committee on seating arrangements.

Army Recruiting Slow.

Only 1,289 recruits for the army were obtained in twenty-one days of operation of the Hays reservation plan to increase the strength of the army, the War Department announced yesterday.

PLANS ARRANGED FOR BABY WEEK

Program of Infant Welfare Campaign Announced by Officials.

FLAG DAY IS PLANNED

Public Mass Meeting, Mothers' Day, Fathers' Day, and Outing Day Will Be Features.

The executive committee in charge of arrangements for Washington's baby week campaign yesterday announced the following definite program for each day of the week:

Saturday, May 6.—"Baby Sabbath and rally day." Will be observed with amusements and lectures in all the Hebrew churches of the city. In the afternoon there will be a grand rally of all the infant welfare forces of the city at the Public Library. This rally will formally inaugurate baby week.

Sunday, May 7.—Short discussions on the care of the baby in all churches, and notices in church bulletins. A big mass-meeting in one of the downtown theaters in the afternoon, with prominent out-of-town speakers.

Monday, May 8.—"Little mothers' day" will be observed in all the schools by instructions, from which the children will write essays on the care of babies. At all special centers and infant welfare stations special exercises will be held by the little mothers' clubs.

Tuesday, May 9.—"Fathers' day" on which messages will be sent broadcast to the fathers of the city through the press and in other ways, telling how they can aid in the welfare of their children.

Flag Day Is Planned.

Wednesday, May 10—"Flag Day," on which every house in which there is an infant in the care of babies, is expected to fly an American flag from a window or the roof. Flags will be supplied by the committee to families not having them.

Thursday, May 11—"Demonstration Day," on which demonstrations and lectures will be held at all infant welfare stations, day nurseries, and social centers. The public will be invited.

Friday, May 12—"Outing Day," on which committees are to visit welfare stations, day nurseries, social settlements, founding hospitals and asylums, with a view to becoming better acquainted with the work of these institutions.

Saturday, May 13—"Outing Day," on which the campaign will be brought to a close with outings of mothers and their babies to the parks of the city.

This program was completed at a meeting of the executive committee in the office of Health Officer William C. Woodward, chairman.

Baby week headquarters, 728 Fifteenth street northwest, is being visited by scores of persons each day. The headquarters has been made attractive by portions of the Panama-Pacific exhibit of the United States Children's Bureau.

PRIZES AWARDED IN SCHOOL ESSAY CONTEST

Our Flag Chapter, D. A. R., Honors Winners at Thomson Night School.

Closing exercises of Thomson Night School were held last night under auspices of Our Flag Chapter, D. A. R., which awarded prizes to the four pupils writing the best essays on "America, the Land of Promise for the Immigrant."

The victors were Peter Sintelov and Gust Petalakis, Greeks, and Miss Lena Jeweler and Carl Hollander, natives of Russia, and each was awarded a large silver medal. The prize money was awarded a gold medal by the Louise Adams Chapter, D. A. R., for the best essay on "Why is American Citizenship Desirable?" The presentation was made by Mrs. Edward Roome, regent of Louise Adams Chapter.

Mrs. E. L. Harvey, chairman of the patriotic educational committee of Our Flag Chapter, presided. Senator Thomas Sterling, of South Dakota, predicted that "the near future of the nation would be given the citizens of the District. E. W. Murch, director of the night school, made a short talk.

COULDN'T DANCE; SUES.

Injured Woman Says She Has Been Denied Life's Pleasures.

That she was prevented from participating in the pleasures of her daily life, including dancing and theater, and from performing her social obligations, is the statement contained in a suit filed in District Supreme Court by Annie K. Hoy against the Philadelphia, Baltimore and Washington Railroad Company for \$10,000.

She asserts that on January 7 she boarded a train of the company at Glendale, Md., coming to Washington. She says that ice and snow were on the platform when the train reached Union Station, in Washington, and that when she went to alight she slipped and fell from the platform to the steps and then to the ground. She says she was so badly injured that she was unable to work for some time as the result and could not participate in the ordinary pleasures of daily life.

Attorneys George A. Berry and R. F. Downing represent the plaintiff.

BAD COLD? TAKE "CASCARETS" FOR BOWELS TONIGHT

They're Fine! Liven Your Liver and Bowels and Clear Your Head.

No Headache, Sour Stomach, Bad Cold or Constipation by Morning.

Get a 10-cent box. Get it whether in the head or any part of the body—it quickly overcomes by urging the liver to action and keeping the bowels free of poison. Take Cascarets tonight and you will wake up with a clear head and your cold will be gone. Cascarets work while you sleep; they cleanse and regulate the stomach, remove the sour, undigested food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the bowels.

Remember, the quickest way to get rid of colds is one or two Cascarets as night to cleanse the system. Get a 10-cent box at any drug store. Don't forget the children. They relish this Candy Cathartic and it is often all that is needed to drive a cold from their little systems.—Adv.

CANADIAN SCANDAL AIRED BEFORE COURT

Extradition of Former Premier, Now Charged with Fraud, Argued in Supreme Tribunal.

The Supreme Court of the United States yesterday and Thursday heard arguments in the celebrated extradition case of the Province of Manitoba, Canada, against Thomas Kelly, Winnipeg contractor, indicted at Winnipeg together with Sir Rodmond Roblin, former prime minister of Manitoba, the former minister of public works, and the former attorney general on charges of obtaining by fraud \$1,250,000 on the construction of the new Parliament buildings at Winnipeg in 1912-1914.

The case came before the Supreme Court of the United States on appeal from a decision of Judge K. M. Landis in the District Court for the Northern District of Illinois, discharging a writ of habeas corpus sued out in that court by Thomas Kelly after the latter had been held by the United States commissioner on an extradition complaint. Since the appeal was taken the Secretary of State of the United States has issued an extradition warrant after considering the record of 200 pages and briefs submitted.

The argument for Thomas Kelly, the appellant, from the decision of Judge Landis before the Supreme Court of the United States was made by John S. Miller, of Chicago, where the extradition proceedings occurred and where Kelly is confined, and for the Province of Manitoba, by Henry B. F. Macfarland, of this city, and Almon W. Buckley, of Chicago, counsel for Kelly raised the question of jurisdiction and of the technical differences alleged to exist between the laws of the two countries as to the crimes charged against Kelly of perjury, obtaining money under false pretenses, embezzlement and larceny, and participation in fraud.

DR. AND MRS. SUPPLEE BELIEVED TO BE DEAD

Mrs. Gore, Mother of Mrs. Supplee, Gives Up Hope for Couple Who Went Boating.

Mrs. Annie Gore, of 114 Third street northeast, last night stated that she had given up all hope for her daughter and son-in-law, Dr. and Mrs. Eugene D. Supplee, who are believed to have been drowned in the James River, near Richmond. Dr. and Mrs. Supplee were formerly of Washington, but made their home at City Point, Va., since early in the present year.

No word has been received from the couple since leaving Richmond in a canoe on Sunday afternoon for Hopewell. The finding of the overturned canoe and a hat bearing the initials "E. D. S." on the banks of the James, led to the belief that they were victims of an accident. Dr. Supplee is the son of T. D. Supplee, 211 A street northeast, and was a graduate of the George Washington University Medical School. Mrs. Supplee was Miss Virginia Gore, whose young couple were married at Epworth M. E. Church South, December 27, last.

SEEKS MORE RADIO STATIONS.

Baker Asks Congress to Finance Them on Mexican Border.

A request by Secretary Baker for an urgent deficiency appropriation of \$60,000 for the purchase and installation of radio stations along the Mexican border, which will keep the department in touch with the expeditionary forces now in pursuit of Villa, was transmitted to the House yesterday for consideration. It is the purpose of the War Department to install radio stations at Fort Hauchuca, Ariz.; Fort McIntosh, Tex., and Fort Bliss, Tex.

CORNELL MEN AT SMOKER. Officials of College Baseball Team Entertained by Alumni. The Cornell Club of Washington entertained R. J. Foster, manager of the Cornell baseball team, at the club headquarters, 1504 H street northwest, last night. It was the regular weekly smoker of the club. Mr. Foster was accompanied by J. C. Gardiner, assistant manager of the team. They came to Washington with the team yesterday to play the Maryland Agriculture College. A program of three events a week promises to make the new organization one of the most active college clubs in the city. The club plans a luncheon for every Tuesday at the Ebbitt, an afternoon reception every Wednesday and a smoker every Friday night. Weak Guard on Pacific. There is not a single battleship on the Pacific Coast and many of the coast defenses there are unmanned, according to statements submitted to the Senate yesterday by Secretary of War Baker and Secretary of the Navy Daniels.

Dynamite and Impure Blood. A Building Full of Dynamite is Dangerous. A Body Full of Impure Blood is Extremely Dangerous. You feel a keen sense of anxiety when aware of the nearness of a quantity of dynamite, yet exhibit little concern when the body becomes contaminated with impure blood, subjecting you to some severe malady. From the first danger, perhaps, you can move— from the second danger you will only find safety in treating the blood with S. S. S. S. S. not only assists Nature in eliminating the poisons responsible for Rheumatism, Catarrh, Malaria or Scrofula, but has elements in its vegetable ingredients that materially increase the health-sustaining qualities of the blood corpuscles. Don't delay treatment with S. S. S. It can be had at any druggist. THE SWIFT SPECIFIC CO., ATLANTA
