OLD-AGE PENSION FOR ALL WORKERS URGED
Representative Meyer London Advocates Universal Relief in Address Before Hebrew Mass Meeting.

An "old age" pension similar to soldiers' and sailors' pensions was urged by Representative Meyer London, of New York, in an address before a mass meeting at Adas Israel Synagogue yesterday. The mass meeting was called for the purpose of raising funds to purchase the Hebrew Home for the Aged, at 415 M street northwest.

Though applauding the manifest efforts of the Jewish people of Washington to care for the aged in this way, the speaker declared that a citizen who has given his life to industrial pursuits is as deserving of government help as is the soldier or sailor who performs military service for the country.

Aged Jews have been cared for in the home at 415 M street for several years. A campaign for purchases is being conducted by a committee composed of S. Robbin, chairman; P. E. Herman, vice chairman; M. Leinson, secretary, and S. Kohnberg, treasurer. The board of trustees is composed of B. Danzansky, president; M. Korman, and B. Hayman.
