Venizelos Paper Voices Indignation of War Party—Hostile Demonstrations in Front of Palace.

(By the Sun News Service.)
Paris, May 29.—Riots have broken out in Athens as a result of the Bulgarian invasion of Eastern Macedonia, according to a telegram received from the Greek capital. Hostile demonstrations were made in front of the palace.

Bulgarian troops equipped with German artillery and led by German officers are violently bombarding the allies' positions on the Demir-Hissar front in Macedonia, the Athens dispatch stated.

Bulgarians have penetrated Greek territory for fifteen miles, and at some points where Greek troops tried to stem the invasion they were vigorously shelled by the Bulgars.

Brisk Fighting Reported.
London, May 29.—Brisk fighting between Greeks and Bulgars occurred at several points along the frontier, following the invasion of Greek territory by the Bulgars.

A detachment from the Greek garrison at Fort Rupel fired on the Bulgars before evacuating the position. The Greeks were incensed, according to Saloniki dispatches today, because the Bulgars entered the fort before the time they had stipulated for its evacuation expired. The Bulgars returned the fire, the Greeks withdrawing without serious casualties on either side.

News of the Bulgarian invasion reached Greek patrols along the border and has resulted in several exchanges. The Greek Government has warned border commanders to take every precaution to prevent serious encounters.

Six Miles Into Greek Soil.

Only 25,000 Bulgarians took part in the advance into Greek territory, according to the best available information here. It is the general belief here that the Bulgarians occupied Forts Rupel, Dragotina and Spatovo solely as a defensive measure to guard against allied attack. The positions lie six miles inside the frontier and form part of a chain of defenses erected by the Greeks against possible Bulgarian invasion. The official statement from the Bulgarian war office, confirming the invasion is silent as to its purpose.

The Bulgars asserted that they had the permission of the Greek government for their act.

The Greek war party, led by former Premier Venizelos is using the Bulgarian invasion to the best advantage in renewing the demand that Greece enter the war on the side of the allies. The Venizelist organs declare that the Bulgars, concentrating near Xanthi, are planning an advance against the Greek port of Kavala, long coveted by the Bulgars. It is believed here, however, that King Constantine, unwilling to plunge his country into war, will confine action to a diplomatic protest against the invasion.

Lehigh Orders 70 Locomotives

Baldwin Company Gets Contract Worth Approximately \$2,800,000.

(By the Sun News Service.)
Philadelphia, May 29.—Another big order came today to the Baldwin Locomotive Works. It is for seventy locomotives for the Lehigh Valley Railroad. They will cost about \$40,000 each, so that the contract involves \$2,800,000. Of these locomotives forty are for freight and thirty for passenger service.

This makes business for the big industrial company almost equal to that which came to it May 13 from the Pennsylvania Railroad for an order for seventy-five locomotives. The New York Central has asked for bids on twenty-five Mallet type engines.

Orders for sixty-one locomotives were taken last week by the American Locomotive Company. Of these twenty-five of the Mallet type were for the Chesapeake and Ohio, and thirty-six are for export to Egypt, Cuba, and Japan.

Four German Fliers Brought Down by French Near Verdun.

TEUTONS GAIN GROUND BY DESPERATE CHARGES

(By the International News Service.)
London, May 29.—Another day of furious fighting in the battle before Verdun brought at darkness tonight only a small change in the opposing fronts. The Germans were in offensive throughout the day. Their only success was won at 5:30 o'clock in the afternoon, when, despite the violent French fire, they won a footing in the French position northwest of Cumleres on a front of about 300 yards. For the last twenty-four hours the bombardment on the western bank of the Meuse has been continuous. During that time severe attacks have been launched, five of which were made by the Germans. Two night attacks from the Corbeaux woods against the French position finally entered this afternoon were repulsed.

Four more German aeroplanes have been shot to earth by the French. Two were brought down by French aviators in the course of air fights, fifteen of which occurred during the day. The others were brought to earth by high angle guns mounted on automobiles.

THREE MORE ORPET JURORS.

Selection of Tallman and Wrangle Over Telegram Marks Day.

Waukegan, Ill., May 29.—Three additional jurors were accepted by both sides today in the trial of William Orpet, accused of the murder of Marian Lambert.

A controversy over the possession of a mysterious telegram, signed with the initials "A", sent from Lake Forest, on February 21, to a witness in the case, took up today most of the session. The contents of the message will always remain a mystery according to the attorneys for both sides.

Rain Causes Hotel Collapse.

Gallipoli, Ohio, May 29.—Torrential rains accompanied by heavy winds, caused a partial collapse of the Lautenslager Hotel building here today. Several persons had narrow escapes when the walls fell in. Several other houses were damaged and cellars in the business district were flooded.

50,000 Public School Pupils May March in Washington's Big Preparedness Parade

Fifty thousand public school children may march in Washington's preparedness parade on June 14.

A formal request for the co-operation of the school officials in having the children march in a body was mailed to E. L. Thurston, superintendent of schools, yesterday by Charles J. Columbus, secretary of the parade committee.

Mr. Thurston said yesterday afternoon that the request would be placed before the Board of Education at its next meeting, June 7.

Five thousand "taxpayers," members of a score of the largest citizens' associations of the city, also probably will be in line. It is understood that the Federation of Citizens' Associations, at its final meeting of the season in the rooms of the Chamber of Commerce on Saturday night, will consider the issuance of a call to its thirty constituent bodies to take part in the parade.

Edward F. Colladay, who is president of the federation and a member of the

parade committee, returned to Washington yesterday and probably will do all in his power to have the private citizens of the city well represented in the demonstration.

"Uncle Sam" Is Entered.
George Campbell, of the Soldiers' Home, yesterday requested the parade committee for a position in the pageant characterizing "Uncle Sam." Mr. Campbell bears an unusual likeness to the popular conception of "Uncle Sam" and has taken that role in many local parades. His letter follows:

"Gentlemen: If it would please you I would feel highly complimented to be given a position in the parade characterizing 'Uncle Sam.'
"I am respectfully,
"Your humble servant,
"GEORGE CAMPBELL (Uncle Sam.)

FARMER HURLS BUCKET AT AUTOIST; KILLS CHILD

(By the Sun News Service.)
Hartford City, Ind., May 29.—Albert Thomas, a farmer, was carrying a bucket of corn along a pike near his home when an automobile owned and driven by Dr. C. E. Stout, forced him to seek safety by jumping quickly from the road. In the car with Dr. Stout were four companions including the doctor's 3-year-old daughter.

Angered at what he considered reckless driving, Thomas hurled his bucket of corn into the automobile. The bucket struck the child squarely, breaking her neck and crushing her head. She died almost instantly. A great mob collected around the jail, threatening to lynch Thomas, and he was hustled to Michigan City for safety.

Four-hour Stop on Westward Swing Proves Prolonged Ovation for Colonel.

"WE WANT TEDDY," SHOUTED TO ECHO BY BIG CROWDS

(By the Sun News Service.)

Chicago, May 29.—Col. Roosevelt spent a rapturous four hours in Chicago this evening between trains for Kansas City, where he will make the Memorial Day address tomorrow. When his train pulled out at 8 o'clock he said he was firmly convinced that the Middle West was widely awake to the live issues of the day. He smiled the regulation Rooseveltian smile when he was asked if he was pleased with the ovation that had been accorded him on the first stop of his pre-convention swing into the Middle West.

"Great, great," was his only comment. The Colonel had hardly stepped from the train that brought him from New York until a surging crowd of upwards of 6,000 persons who had braved a rain-storm to go to the La Salle street station to give him welcome, began to greet him with the old cry of four years ago, "We want Teddy."

The Roosevelt supporters said with emphasis that the demonstration in Chicago had made the "Old Guard" chiefs "sit up and take notice" and prophesied the Missouri tour would greatly add to the Colonel's chances of landing the nomination.

Harold Ickes, Progressive State committeeman, and O. D. Davis, secretary of the Progressive national committee and likewise of the convention, were close at the Colonel's elbows, and Medill McCormick and Mr. Davis dined the visitor.

"ROBBER" OFFENDS UMPIRE.

"Don't Get Personal," Sing Sing Convict Tells Outsider at Game.

Ossining, N. Y., May 29.—During the baseball game in Sing Sing prison yard, when 500 New York society women and an equal number of men saw the Mutual Welfare League team wallop the New York Stock Exchange team, 9 to 7, a fan objected to a decision of the convict umpire by bawling:

"Robber!"
The umpire walked over to the fan and said:
"Don't get personal; this is only a friendly game."

German-Americans Ask for "Neutral" Candidate

(By International News Service.)

Chicago, May 29.—Three hundred German-Americans, representing by person and proxy the larger German social, business and political organizations in the United States, met in the Kaiserhof Hotel today and passed resolutions urging the Republican and Democratic conventions to nominate strictly "neutral" Presidential candidates.

The resolutions ask also the Republicans and Progressives to unite on a candidate. No indorsement was given to any of the numerous Presidential candidates brought forward thus far.

HUGHES BOOM GIVEN BOOST

Frank H. Hitchcock Arrives in Chicago and Declares Justice Will Accept.

JURIST'S NAME WILL BE FIRST PUT UP, HE SAYS

Arrangement Made for Alabama to Give Way to Gov. Whitman, So Nomination Can Be Made.

(By The Sun News Service.)

Chicago, May 29.—Frank H. Hitchcock, Postmaster General in the Taft cabinet and erstwhile expert steam roller engineer brought the Charles Evans Hughes presidential boom to Chicago today, deposited it tenderly in an unrevealed hiding place in Michigan avenue and then made the flat declaration that Hughes would accept the Republican nomination if it was tendered to him, supplementing the statement with the assertion that the Justice was more certain of victory than any man whose name has been mentioned in connection with the nomination.

Mr. Hitchcock then uncovered a practical step of quiet politics by volunteering the information that the name of Justice Hughes would be the first to be placed before the convention. He said arrangements had been made for Alabama, the first State on the list, to give way on the roll call of the convention to Gov. Whitman, of New York, who would place the name of the Justice in nomination. Mr. Hitchcock said Mr. Hughes would have fifty-seven of the eighty-seven delegates of his home State on the first ballot.

"I did not come to Chicago to open headquarters for Justice Hughes," said Mr. Hitchcock. "Let me make that clear. There will be no Hughes headquarters. Other friends of the Justice and myself regard him as the strongest man in the Republican party. We believe he is the man to reunite the party and bring victory in November."

Austrian Losses Put at 100,000

Italians Inflict Heavy Losses in Beating Back Enemy Attacks.

(By the International News Service.)

London, May 29.—The Austrians are meeting strong resistance in their drive on Vienna and tonight, for the second successive day, the Italian war office reports that the invading troops have failed to gain.

The battle, for the moment, has resolved itself into an operation similar in many respects to the great campaign before Verdun. The Austrians are concentrating the fury of their attacks on a comparatively narrow front, describing a slight arc from Asiago to Arsiero. Here their drive brought up against the Italian chain of forts which guard the railways to the southward.

Reports from the front set the Austrian losses to date at 100,000 in killed, wounded and missing.

ALARM CAUSED BY THREAT OF GARRANZA MEN

State and War Department Officials Take Grave View of Situation.

HERRERA MAKES DEMAND

Commander in Chihuahua Would Give U. S. Till July 1 to Withdraw Troops.

MORE MEXICANS MOBILIZED

Failure of Mendez to Deliver Note Also Held Significant—Baker Confers with Scott.

State and War Department officials were seriously concerned yesterday over reports forwarded by Gen. Funston of the menacing attitude of Carranza military leaders in Chihuahua. Gen. Funston communicated a report brought to him that Gen. Luis Herrera had published a proclamation threatening to drive the American troops out of Mexico unless they evacuated before July 1.

At the same time, Gen. Funston addressed the War Department that Mexican military officials are claiming to have 22,000 picked troops concentrated in northern Chihuahua.

Confers with Scott.

After receiving the Funston dispatches, Secretary of War Baker conferred with Maj. Gen. Hugh L. Scott and Maj. Gen. Tasker Bliss, chief and assistant chief of staff, and with Justice Advocate Gen. Enoch Crowder. Later Secretary Baker and Acting Secretary of State Polk were in conference.

While realizing the absurdity of any such threats, and while fully confident of Gen. Pebehing's ability to annihilate any forces of Mexicans opposing him, officials were "concerned" over the reports as indicating an attitude on the part of Mexican forces that may precipitate a conflict.

Another mystifying development of the day in the Mexican situation was the arrival of Manuel Mendez, Carranza's envoy, without the note he was reported to be bringing to Washington. At least Mendez himself and officials of the Mexican embassy insisted he brought no note to Washington.

Mendez's departure from Mexico City, his arrival at Eagle Pass and later at St. Louis, were reported to the State Department. There was surprise yesterday when, following his arrival in Washington, the envoy insisted he brought no note, and he was backed up in this statement by Mr. Arredondo.

Believe Note Here.

In spite of these denials, however, the belief persisted in official circles that Mendez brought the note to Washington and that its delivery to the State Department is being withheld until a more opportune moment.

It was significant that the State Department had been advised even of the length of the note in dispatches from Special Agent Rodgers at Mexico City. Some of the factors believed to be influencing Carranza in delaying delivery of his new demands for troops withdrawal to the State Department are believed to be:

First, the desire to complete the concentration of troops in northern Mexico to back up the demand before it is formally presented.

Second, Carranza's conviction that the note cannot possibly receive favorable consideration if presented now, on the eve of the political convention.

Wilson Peace Plan Criticized.

London, May 29.—"President Wilson talks of peace as a small boy might speculate on an apple on the topmost bough of a tree," said the Evening Standard, in commenting upon the utterances of the American executive. "Congress is asked to declare that it views with apprehension an inconclusive peace. Not even from President Wilson will the allies accept such a peace."
