

If it Catches You There

"ANURIC"

Will Quickly Stop it!

Simply to realize the importance of the **kidney** trouble, by its first symptoms, backache or throbs through the kidney region, is money in one's pocket as well as years of sickness forestalled.

No organ of the body is more easily deranged than the **kidneys**. Day in and day out their action is constant, in separating poisonous matter from the blood. Most cases of kidney trouble may easily be overcome by merely taking hot water and a little "Anuric" before meals. Citizens daily voice their praise of the merits of "Anuric," the recent discovery of Doctor Pierce, of "Favorite Prescription" and "Golden Medical Discovery" fame.

For instance, here is a letter that Mr. WALTER CARLSON, who says:

"I suffered for four years with pain in my back. I tried everything there was but they all failed to help me. I even went to a doctor and he could not cure my backache—said it was from the kidneys. A friend of mine advised me to try a box of Dr. Pierce's Anuric Tablets, and so I did; I used two boxes and the pains were gone. I am not telling any lie—the pain in my back was something terrible. As soon as I would bend over to get something from the floor I thought my whole back would burst.

"I would advise sufferers to try 'Anuric Tablets' and they will find results; they need not take my word for it."

Notes:—Experiments at Dr. Pierce's Hospital for several years proved that "Anuric" is many times more potent than lithia in removing uric acid from the system.

Just ask for "Anuric" at drugget's, or send Dr. Pierce the for a trial package.

BAR TO MUZZLE ON PRESS FOUND

Report of 1912 Condemns Plan Which Senate Faces Today.

Senators who vote today for retention of Section No. 7 in the postoffice appropriation bill will do so in direct defiance of a report submitted by the Senate Committee on Postoffices in 1912 against muzzling the press.

This committee thoroughly investigated the question of giving the Postoffice Department unlimited discretionary power in routing magazines and newspapers by freight or mail.

Its findings are embodied in Senate Postoffice Report No. 95, filed July 23, 1912, by Senator Bourne. That section dealing with freight and regular mail shipments of periodicals and magazines is as follows:

"We are of the opinion that the freight service involves difficulties which the department did not foresee, and we are convinced that it is absolutely impossible for any official to declare that one periodical shall go by freight and its rival shall go by mail train, without doing irreparable injury in many instances.

Against Discretionary Power.

"We do not believe that any man should be permitted to exercise the discretionary power over private business which this 'blue tag' (freight mail shipment) confers upon the Postmaster General."

The report of the Bourne committee was subsequently included in the postoffice appropriation act for the fiscal year of 1913, which made further extension of freight shipments for periodicals and newspapers unlawful and took away the discretionary power of the Postmaster General.

It is this clause which the postoffice appropriation bill now before the Senate seeks to repeal.

Senator Ashurst, of Arizona, yesterday said:

"I regard the alleged attempt to gag the press contained in the postoffice appropriation bill as unfair, undemocratic and un-American.

"To place the means to curb such free speech in the hands of the Postmaster General, or any other department official, is a direct blow at the institutions of the United States.

"If we are to place any restriction upon the circulation of periodicals in this country, it should be done only after a complete investigation which will insure utter fairness to the public."

RAIN AIDS "DIPS" PICKING POCKETS

Big Crowd at Arlington Robbed by Thieves—Fifteen Report Losses.

More than fifteen cases of pickpockets were reported to local and Virginia police last night as a sequel to the Memorial Day exercises at Arlington yesterday afternoon. Taking advantage of the crowds that were driven to the railway station by a sudden downpour of rain in the early afternoon, the nimble-fingered crooks went through the throng and it is estimated took nearly \$300 in large and small sums.

Thomas Sterling, 2702 Thirty-sixth street northwest, reported someone relieved him of a pocketbook containing \$23 while waiting for his homebound train. William E. Given, of New York City, had \$30 in cash and a check for \$43 taken from him on one of the Arlington cars. A gold watch and fob were snatched from the pocket of George J. Lautenschlager, 1737 First street northwest.

Most of the victims refused to have their names used in a complaint.

Three New York thieves, recently seen in the city, are suspected by the police. Descriptions given of men who looted several of the victims tally with descriptions of the New Yorkers.

Most of the money was taken in small lots of \$5 and \$4. In the case of William Given, who gave his address as 600 West One Hundred and Twenty-second street, New York, four men looted him in a car on the way to the cemetery. He described them as being about 24 years old.

T. R. HITS ADMINISTRATION.

Colonel Denounces "Lofty Words" and "Mean Actions."

Kansas City, Mo., May 30.—Theodore Roosevelt brought his message of Americanism to Kansas City today.

The Memorial Day address was the Colonel's "keynote" for the 1916 campaign. In it he covered everything from preparedness to the tariff. Primarily it was an appeal for preparedness of the military, of the business world, of the spirit, of the heart, of the soul. It was a bitter indictment of American defenselessness, of Henry Ford (not by name, though by unmistakable reference), of the administration's "lofty words" and "mean actions" and of social oppression.

Lake Winnepesaukee and Lake Sunapee

IN NEW HAMPSHIRE

For the jolliest vacation you ever had come to one of these beautiful lakes among the foothills of the White Mountains.

Every Summer Recreation

on land and water—sailing, motor-boating, canoeing; bathing, fishing, golf, tennis—or more restful enjoyments.

The nearby White Mountains are a paradise for those who love tramping, climbing and mountain scenery. Exhilarating air and coolness.

Delightful social life. Splendid hotels, good boarding houses and camps at moderate rates.

Through express train service
Eight hours from New York to Sunapee

ERIN AND BRITANNIA

IN 'HOME-RULE' MIX-UP

Irishman Gets Patriotic and Englishman in Audience Forgets His Neutrality, Too.

The injection of the subject "Home Rule for Ireland," at a political meeting called to consider the question of District primaries, precipitated a verbal battle between an Englishman and an Irishman that almost culminated in a fist fight, last night at the Old Masonic Temple.

The person of Irish nativity, who admitted it was his maiden speech, forgot the subject entirely and branched into the subject of "Home Rule." With the affair of Dublin fresh in his mind, the Britisher of the staid drawing type, instantly countered with a condemnation of the Irish and the battle was on.

Chairman John H. Adams, much to the dissatisfaction of twenty others in the audience, successfully interceded as mediator before hostilities reached an acute stage.

The audience was composed of "bolters" from the District Democratic organization. The meeting was called for the purpose of passing resolutions calling on Congress to legalize District primaries.

The announced speakers were John W. Stagers, candidate for national committee man; A. E. McLaughlin, Edward M. Pierce, J. W. Nye and Metzger, Lorenzo G. Warfield acted as secretary. Speakers from the floor, however, predominated, and each wandered far afield.

To Sentence Cobbler Today.

Sentence will be passed today upon Isadore Cohen, 28, a shoemaker at Soldiers' Home, who pleaded guilty to stealing shoe soles from the Home's boot shop. Cohen was arrested Saturday night by Detectives Burlington and Kelly. He pleaded guilty to three charges of petit larceny. Cohen was not an "old soldier," as has been reported.

Beaten by Negroes.

Nathan Davis, 35, of 410 M street northwest, was assaulted by four colored men at Twenty-first and E streets northwest last night. He was kicked and beaten about the head. Police were unable to learn the cause of the fight.

BETHESDA MASONS OPEN A FOUR-DAY CARNIVAL

A four night carnival to raise funds for a Masonic Temple opened at Bethesda, Md., last night. Despite the rain, a crowd of unusual proportions turned out.

Music was furnished, dancing was participated in and entertainment was provided by talent of the town.

The carnival was held in a huge tent erected on the temple site. Many Masons of the District attended. Special cars being operated from the District Line to Bethesda.

Last night was blue lodge night; tonight will be Eastern Star night; tomorrow, Shriners' night and Friday, Grotto night.

Chairmen of the committees in charge of the affairs are Philip A. Rosendorf, president of Masonic Lodge, No. 234, of Bethesda, executive chairman, Charles H. Becker, arrangements; W. Niemeyer, publicity; Jed Gittings, reception, and William B. Kilpatrick, amusements.

LARGE COTTON ACREAGE INCREASE IS EXPECTED

The outlook is for a cotton acreage between 14 and 15 per cent larger than last year, according to a special committee of the Chamber of Commerce of the United States. Despite increase in acreage, the committee declares there cannot be expected an equal increase in the total production. Large yields of agricultural staples depend more upon the production per acre than upon total acreage.

Feeling among cotton planters seems to be that since the cotton industry lived through the European war, it can stand almost anything.

This acreage varies greatly in different sections of the country. The increase is heavy in Oklahoma, Texas, Arkansas, Mississippi and Alabama and in certain sections of other States. This means that in the central South and Southwest conditions were more favorable during the spring than in the South Atlantic States, where the season was reported abnormally cool and dry.

Mate for Hughes Boomed.

Chicago, May 30.—William Grant Webster, who has been running in Chicago regularly since 1902 for a Republican nomination to a seat in the United States Congress at Washington, is the choice of the State of Oregon at its primaries for Vice President and his name will go before the national convention coupled with that of Hughes as the Far Western State's preference for a Republican ticket.

German Babies on Decrease.

London, May 30.—Wireless messages received here via Berne state that the National, Liberal and Clerical parties in Germany are urging upon the government the appointment of a commission to investigate the cause of the decreasing number of German babies.

Why Not Face the Facts About Armor Competition?

To the Members of Congress:

The policy of the United States Government for many years has made any real competition in armor-making ineffective.

The Government has considered it good policy to so distribute its armor business as to maintain a large reserve armor-making capacity ready for emergencies.

The Government might have asked the three armor plants for bids and let the entire tonnage to the lowest bidder. That would have made competition effective.

The result of such a course would have been to drive two of the three manufacturers out of business, and leave the country with the facilities of only one plant in time of need.

The Government in fact has always asked for bids from the three manufacturers, but no matter what the prices quoted, each year's business was divided among them.

These are the results of that policy:

- First The United States gets the best armor in the world.
- Second It pays a lower price than that paid by any other great naval power, and
- Third Without extra expense it has available a large reserve armor making capacity.

Armor makers serve but one customer—the Government, just as a PUBLIC UTILITY serves but one customer—a community.

The solution of the public utility problem is regulation of rates.

The solution of the armor problem is for the Government to fix the price.

WE VOLUNTARILY AGREE TO ACCEPT ANY PRICE FIXED BY THE FEDERAL TRADE COMMISSION.
