SERGE THE BEST FABRIC FOR MEN'S SUITS "There is no fabric in the world that will compare with serge for serviceability," said Mr. M. Stein, the popular tailor at 8th and F sts. "I feel that in recommending serge to my patrons for their summer suits, I am doing something for them for which they will thank me many times when they see the sterling wearing qualities of their suits. Our Famous Guaranteed Sunproof Blue Serge, which we have been featuring for many seasons is a remarkably fine piece of serge—and warranted not to fade in two seasons' wear. We make hundreds of these serges to measure at sixteen dollars every season and we never have a complaint. A very good plan for a young fellow is to have us make him one of these sunproof blue serge suits with an extra pair of white flannel trousers. He then has a combination suit which can be worn both day and evening—and many of our patrons are ordering these combination suits this season."
