

M'LEAN WILLED INCOME TO SON

Document Filed for Probate by American Security and Trust Company.

The will of John R. McLean, publisher and financier, who died Friday, was filed for probate in the District Supreme Court yesterday. The will leaves the entire income of the estate to Edward B. McLean, the son, after numerous bequests and annuities have been provided.

The instrument was filed by the American Security and Trust Company, which is named executor and trustee. It stipulates that Edward B. McLean and Attorney Francis T. Homer, of Baltimore, a friend of the testator, shall be consulted on all important questions of administration.

A net and minimum income of \$2,000 yearly is given Edward B. McLean if the sum is not available, all of the legacies are to be postponed or abated until the minimum is reached. The two sons of Edward B. McLean are to receive \$100,000 each when they reach their twenty-fifth birthdays, \$100,000 additional at thirty years and another \$100,000 at thirty-five.

Post Is Mentioned.

The disposition of the Washington Post, of which the testator was publisher, and the Cincinnati Enquirer, of which he was owner, is left to the discretion of the son and Attorney Homer. The will recommends that E. S. Rochester be retained as editorial manager and A. D. Marks as business manager of the Post.

and stipulates that W. F. Wiley be retained as editorial manager and Edward Flicker, business manager of the Cincinnati Enquirer, for at least five years. Attorney Homer is to be given \$10,000 yearly for his services to the estate. Among the bequests are \$10,000 each to Christine Queen Owen, Mrs. Kathleen Hale Crawford and Mrs. Hattie Downs Trussell; annuities of \$600 to Miss Fannie Richards, of Cincinnati; of \$400 to Jeanie McLean, a cousin; \$600 to Mazie B. Dafford; \$400 each to Robert E. Holmes and Nathan Robinson; \$300 to Marjorie Diggs, and an annuity of \$400 for five years and \$1,000 at the end of the period to Robert Megget.

SUPREME COURT TAKES RECESS TILL OCTOBER

The United States Supreme Court, still short of its final number because of the resignation of Justice Hughes, adjourned yesterday for the term and will not meet again until October. Because of the vacancy, Justice Brandeis moved up from the place on the extreme left of the bench to the higher place on the right. Justices Van Devanter, McReynolds and Pitney also shifted their positions.

Despite the disposal of almost a record number of cases for the year, the docket which goes over to the next term shows no sign of growing smaller. Many important cases were also assigned for rehearing at the outset of the next term.

Davis Sued for Divorce.

Suit for limited divorce from Frank P. Davis was filed in the District Supreme Court yesterday by Ethel L. Davis. The couple were married in 1907 and have one child. The wife charges desertion. Attorney John I. Sacks represents the wife.

Safety First Don'ts For Parade Issued

The public order committee for the preparedness parade last night issued the following "safety-first don'ts" for those who would follow the floating population of pickpockets that is expected to "float" through Washington during the parade tomorrow:

- Do not leave your home without a trustworthy caretaker.
- Do not leave windows, doors, or back gates unlocked.
- Do not expose your money in public unnecessarily.
- Do not carry your wallet in your hip pocket.
- Do not allow yourself to be jostled by pickpockets.
- Do not wear expensive jewelry in places where you cannot watch it.
- Do not make your home a safe-deposit vault for silverware and jewelry while you are absent.

ASKS \$21,997,050 FOR NEW CANNON

Sherley Plans to Make New York, Now Weak, Practically Invulnerable.

The largest fortifications bill ever reported to Congress was taken up in the House yesterday. It carries \$21,997,050 and authorizes contracts amounting to \$12,300,000. The amount of direct appropriations is \$16,596,533 more than carried in the bill of last year.

Among other items the bill provides for the immediate manufacture of six 16-inch guns, four of which are to be located at Cape Henry for the protection of Chesapeake Bay and the cities of Norfolk, Washington and Baltimore, and two at Rockaway Beach. Provision also is made for fifty-four 3-inch anti-aircraft guns. An appropriation of \$500,000 is made to acquire the invention for the radio control of torpedoes, now the property of John Hays Hammond, Jr. The measure was submitted to the House by Representative Sherley in an elaborate speech, in which he emphasized the fact that preliminary protection for New York was to be provided through the erection of a battery of 16-inch guns at Rockaway Beach. Mr. Sherley said: "The usual charge touching the city of New York is that it is possible for certain ships of the largest types to reach a particular range of the existing batteries and still be able to bombard portions of the city. That is true, and that condition will be remedied as speedily as it can be done."

Park Permits Unnecessary.

Permits to hold a picnic in Rock Creek Park are now unnecessary. Col. Kutz, Engineer Commissioner of the District, made the announcement yesterday, following an investigation into the necessity of restricting the park to picnic parties who had secured a permit.

Sues Steel Plant for \$20,000.

The Washington Steel and Ordnance Company was sued for \$20,000 damages yesterday by Thomas Luckett, through his mother, Sarah J. Luckett. The youth alleges his arm was mangled in a lathe in the company's shell factory at Leesboro, January 2.

Republicans Lose in Ohio.

The referendum by which Ohio voters declared inoperative the Sprague law of 1915 redistricting the State to the advantage of the Republicans was upheld yesterday by the United States Supreme Court. As a result of the decision the old districts stand giving the Democrats the advantage.

G. U. GRADUATES ATTEND DINNER

University Alumni Gather for Annual Reunion and Banquet.

About a hundred alumni of Georgetown University attended the joint dinner at the University Club last night. It had been announced that the feature of the evening would be "no speeches," but the diners insisted on hearing from Father Donlon, president of the university. Wilton Lackaye also spoke.

This morning there will be class day exercises on the university campus, with graduation exercises at 4:30 in the afternoon. These will also be held out of doors on the campus, if the weather is suitable.

Former President William H. Taft is to deliver the principal address. His theme will be "Our World Relations in Their Bearing on our Military Defense and International Arrangements to Enforce Peace." Three hundred and seventy-nine regular degrees will be conferred, 200 in the law school, thirty-six in arts and sciences, thirty-three in the dental school, and ten in medicine.

An honorary A. M. will be conferred upon George H. O'Connor, and John D. Madigan, Justice of the Supreme Court of Maine, will receive an honorary LL.D.

Many Attend Dinner.

The "dinner master" last night was John Foote, of the class of 1906. Among the diners were Rev. A. J. Donlon, S. J.; Harry Mohr, '06; James J. Donlon, '06; Francis E. Flattery, '06; Antonio J. Smith, '06; James A. Toomey, '06; W. N. Roach, Jr., '06; James S. Eashy-Smith, '06; Raymond A. Heiskell, '06; William J. Donnelly, '06; Frederick J. Stewart, '06; Ashton Devereux, '06; J. WILSON MAY BE FORCED TO STUMP THE COUNTRY

CONTINUED FROM PAGE ONE.

demands and arouse enthusiasm for the "flag and Americanism." Prominent Democrats admitted today that the refusal of Roosevelt to accept the Progressive nomination and the rapid disappearance of influence among Republicans, presented a situation fraught with peril for Democracy.

The Republicans are planning for a whirlwind fight in which their candidate will be the central figure. President Wilson has been told he must follow and personally reply before the electorate to the assaults that will be made. The Democratic campaign will be the most strenuous since the first Bryan fight in 1896.

Democratic leaders concede that it will take energetic efforts to placate the German and Irish vote. The German vote normally is about 40 per cent Democratic and the Irish almost entirely so. The German vote has represented the alleged pro-British policy of the administration. Political exigencies may compel the issuance of a sharper protest to Great Britain.

Representative McLemore, of Texas, yesterday intimated that the President may be contemplating some step with regard to Mexico to remove the sting of Republican denunciation. He said: "I see Mr. Hughes takes a running jump at the President's Mexican policy. Well, perhaps President Wilson will get busy before long and rob him of that issue."

President Wilson has not intimated whom he will appoint to the Supreme Court vacancy. Progressive Republicans in Washington are endorsing the nomination of Hughes. Senator Norris, of Nebraska, one of the most radical, came out unreservedly today for Hughes.

Roy C. Claffin, District of Columbia member of the Progressive National Committee, sent a message to Col. Roosevelt urging him to make his tentative declaration to run on the Progressive ticket definite and final. He said he considered Hughes a staunch Progressive and he could see no reason why every Progressive should not support him.

PREPARE FOR PREPAREDNESS PARADE, ON WEDNESDAY, JUNE 14th

There will be thousands in line and all who march should fortify their feet by shaking Allen's Foot-Ease, the antiseptic powder, into their shoes. It removes and prevents the soreness, smarting and chafing that come with Spring days and activity. It takes the friction from the shoe and rests the foot. Over 100,000 packages are being used by the troops in the zone. For acute aches, sprinkle Allen's Foot-Ease in the Foot-Bath and soak and rub the feet. Sold by Druggists and Department Stores everywhere, 2c.

DOUGLAS IS ADMITTED.

Action Contingent, However, on Later Action.

Earle Leroy Douglas, one of the three Union Seminary graduates whose license was set aside by the Presbytery of New York caused a nation-wide stir, because of the radical nature of their beliefs, yesterday was admitted to Washington Presbytery after a lengthy battle with members of the presbytery behind closed doors in New York Avenue Church. The admission of Mr. Douglas is contingent upon action by the presbytery next winter.

Mr. Douglas recently was called to the Sixth Presbyterian Church of this city. When his letter of transfer was submitted to the local presbytery, yesterday, Dr. J. Davis Richards, of Neelville, Md., objected and the storm broke. The presbytery immediately went into executive session and Mr. Douglas was quizzed, concerning his belief regarding the fundamentals of the faith. It is said that Mr. Douglas did not absolutely deny the doctrine of the Virgin birth, but frankly admitted that it was beyond his comprehension.

THANK GOD FOR WILSON SAYS AMBASSADOR PAGE

Thomas Nelson Page, American Ambassador to Italy, replied yesterday to the criticism which Justice Hughes, leveled at President Wilson's foreign policy. The Ambassador is here on leave of absence and called at the White House to bid the President farewell before returning to Rome on July 1.

"All this talk of the United States being humiliated abroad is the merest twaddle," he said, "emanating from those who do not know the real facts or from expatriated Americans who have lived a long abroad that they have acquired a foreign accent and do not know the way back to America." "The United States is respected more abroad today than at any time since the surrender of Yorktown. The people of the United States should get down on their knees every day and thank God that the destinies of the United States are in the hands of a man who has known how to keep peace with honor."

HOT WATER AND "ANURIC" BEFORE MEALS---AND HEALTH

All people in America, and especially those who are past middle age, are prone to eat too much meat, and in consequence deposit lime-salts in their arteries, veins and joints. They often suffer from twinges of rheumatism or lumbago, sometimes from gout, swollen hands or feet. Such people are not always able to exercise sufficiently in the outdoor air or drink enough pure water in order to sweat freely and excrete impurities through the skin. Dr. Pierce has conducted experiments and thoroughly tested a uric solvent at his "Invalids' Hotel and Surgical Institute," which he is convinced is many times more potent than lithia--this he named "Anuric." It can be had at almost all drug stores by simply asking for Dr. Pierce's Anuric for kidneys or back-ache. It will overcome such conditions as rheumatism, dropsical swellings, cold extremities, scalding and burning urine and sleeplessness due to constant need of getting out of bed at night. Our grandmothers have told our mothers and our mothers have in turn instructed us that in case of sick-

ENGINEER BATTALION JOURNEY IS DELAYED

Companies Scattered Through East and Cannot Start for Border for Several Days.

Because of the scattered condition of the First Battalion of Engineers, ordered to the border by Secretary of War Eaker last night, it will not start for the front, according to a statement made last night at Washington Barracks.

At present only details from the four companies are at the Engineer Barracks, Companies A, B, C and D. Companies B, C and D, engaged in target practice, and Company D being stationed at the student military instruction camp at Plattsburg, N. Y. Company C is in Savannah, Ga. Several details are also doing map work in Virginia.

No official orders to report to Gen. Funston, at San Antonio, it was said, had been received yet, but that they were expected at any moment.
