

FINE HOME FOR DUTCH MARKET

New Headquarters on Avenue to Be Modern Concrete Structure.

The Old Dutch Market has just made public the plans for their new headquarters, to be erected at 525 and 524 Pennsylvania avenue northwest.

This new home, on which work will begin July 1, is to be a four-story building, constructed of concrete throughout, with an up-to-date cold storage and refrigerating plant and electricity for the lighting will be generated on the premises.

The entire first floor will be given over to storage and the shipping department, with its entrances both on Pennsylvania avenue and E street. The second floor will also contain some storage rooms, though the principle feature will be the office and roasting and peanut butter plants. It is explained that with this arrangement their patrons will be assured of the best and freshest in these lines.

All the offices of the company will be located on the third floor, while on the fourth floor, in addition to the bakery, there will be a complete modern sausage factory, smoke rooms and an auxiliary cold storage plant.

It is planned to make the bakery one of the most modern and sanitary in the city containing two of the latest type ovens and a special room for the baking of doughnuts and crackers.

Sanitary Provision Made.

Special precautions have been taken in drawing up the plans in reference to sanitation. The freight chute from all floors to the shipping and storage departments is to be divided into two chutes, one of these will be used for food alone, to insure absolute cleanliness.

The welfare of the employes has not been overlooked. Among other conveniences for use will be several shower baths.

The exterior of the building, which is stated will cost \$100,000, finished in oakwood tile and ornamental terra

HUGHES AND T. R. TO MEET SHORTLY

Believed Likely Conference Will Follow Release of Colonel's Statement.

(By the International News Service.)

New York, June 22.—A meeting between Col. Roosevelt and Mr. Hughes may be expected at any time now, was the watchword at Hughes headquarters today.

It was denied that any definite plans had been made for the meeting. "It is in the air," was the explanation offered. In point of fact, the general expectation is that the big harmony meeting will occur within reasonable time after the opening of the campaign is being deferred until that has been accomplished.

The idea of the Republican candidate is to start right, an not to start at all until things are right. Right means the fullest measure of party harmony that it is possible to attain. Accordingly, every effort of the candidate's friends is now being directed toward bringing Col. Roosevelt into line. And the formal opening of the campaign is being deferred until that has been accomplished.

Though the date of the official notification has been tentatively fixed for July 5, it will not be definitely determined until there be any announcement of the new national chairman, until after June 23, the day on which the Progressive National Committee meet to dispose finally of Col. Roosevelt's declination of the Progressive nomination. This will be next Monday, the day on which the Colonel's support of Mr. Hughes is expected to be announced.
