ALEXANDRIA ELKS PLAN TO PARADE

Lodge No. 758 Will Send One
Hundred to Baltimore
Thursday.

THE HERALD BUREAU,
R. E. Knight & Son,
62-63 King Street.

Alexandria, Va., July 10.—More than a hundred members of Alexandria Lodge, No. 758, Benevolent Protective Order of Elks, this city, are expected to participate in the big Elks' parade in Baltimore Thursday. The Alexandria delegation will be headed by George W. Bontz, exalted ruler.

Alexandria Lodge is being represented in the convention by James B. Martin, past exalted ruler, with Jacob Brill as alternate. In addition are twelve past exalted rulers of the lodge, who are attending the sessions of the convention. Many of the Elks who are en route to the convention stopped off in Alexandria today and visited the points of interest and large numbers also visited Mount Vernon.

The various committees in charge of arrangements for an evangelistic campaign to be conducted in this city by Gypsy Smith, Jr., beginning on September 3, will meet tomorrow evening in the Young People's Building.

Judge L. C. Barley today fixed upon Friday morning for hearing the appeal case of J. Reese Caton. This case is an appeal from a decision of the Police Court where Mr. Caton was fined \$5 because it was alleged that he sold other than newspapers on the Sabbath.

This will be the first appeal case heard in the local court in connection with the recent enforcement of the old blue laws. Mr. Caton will be represented by Attorney Leo P. Harlow and the State by Commonwealth's Attorney S. G. Brent.

The Alexandria Light Infantry is now en route to Brownsville, Tex., and from reports received here expect to reach their destination tonight or tomorrow morning.

The local board of tax review held a meeting tonight at the office of C. H. Callahan, commissioner of revenue, and canvassed the tax returns made by citizens. A number of persons who had overlooked filing their returns with the commissioner of revenue did so today.

It is expected that the excursion which will be given Wednesday to Colonial Beach by the Young Men's Sodality Lyceum will be largely attended. Many former members of the order and their friends residing in Washington are among those who are expected to attend. Proceeds will be for the building fund of the lyceum.

Arrangements have been made by the First Baptist Church Sunday school for a picnic to Hume's Grove, Alexandria County, Thursday. In addition to the members of the Sunday school many friends are expected to attend.

James R. Mansfield has been appointed deputy collector of customs for Alexandria.

WOOLLEY APPOINTMENT QUESTIONED IN HOUSE

Representative J. Hampton Moore, a Pennsylvania Republican, offered a resolution in the House yesterday, asking Secretary McAdoo to advise the House whether it is true, as publicly reported, that Director of the Mint Robert W. Woolley, for whose salary Congress appropriates \$5,000 per annum, and whose office is located in the Treasury Building, has been given leave of absence to act as director of publicity for the Democratic National Campaign Committee, with headquarters in New York, or elsewhere, and if so whether arrangements have been made to fill the office of Director of the Mint while the director is engaged in publicity work for the Democratic committee.

Representative Moore also asks Mr. McAdoo to advise what salary Mr. Woolley is to receive from the campaign committee and if he is also to receive a salary from the Federal government and act in a dual capacity during the next few months.

JURY FINDS INDICTMENTS.

A. W. Goldsmith Charged with White Slavery.

Among the indictments returned before Justice Gould by the grand jury yesterday was one charging Alvin W. Goldsmith with an alleged violation of the white slave law. Others indicted were:

Charles Reynolds and Jessie Graham, adultery; Beatrice S. Severance and Robert Downey, robbery; Charles W. Blakney and Marie Nelson, adultery; Robert Williams, carnal knowledge; Cate O. Trigg, forgery and uttering (four cases); Nellie M. Austin, forgery and uttering (two cases); Lloyd Monroe and James Chirico, joy riding; William Henson and Edward Tyler, deprivation; William Henson and Edward Tyler, housebreaking and larceny; William Henson and Edward Tyler, housebreaking; Edward Tyler, deprivation; Henry Lucas, assault to kill; Aleck Upshur, carnal knowledge; Jacob Waldman, embezzlement; W. E. Budd, forgery and uttering; A. Albert, false pretenses; James Bartram, robbery; William S. Knoblock, false pretenses; Martin K. Bostic, forgery and uttering (four cases); James Kuhn, false pretenses; Frank Williams, housebreaking and larceny; Harry B. Beavers, joy riding; Albert H. Hockman, Frank Casene, Tony Guiseppe, Lewis C. Jackson, George A. Craer, Clements H. Keen, John S. Kuster, William Mueller and Frederick Boeckler, nonsupport; Eugene J. Morgan, false pretenses.

MORE CLOUDS TODAY.

Weather Man Offers Possible Sunshine Later.

Even though the moon did shine last night, the clouds are due to return, and it will rain again today, according to the weather man, who promised that tomorrow may be clear again.

BELGIUM FILES PROTEST.

Says Germany Is Forcing Belgians Into Army.

The Belgian government, through Minister Havenith, has filed with the State Department a protest against the action of Germany in forcing Belgians to enter the German army.

A number of Belgians, it is said, had gone to Germany, but had not given up their Belgian citizenship. The German government, it is alleged, is attempting to compel these men to enter the army and to fight against their own country.

Former Official Sentenced.

John H. Edwards, Third Assistant Secretary of the Treasury under Roosevelt, was sentenced to serve one year at Occoquan by Justice Siddons in the District Supreme Court yesterday on a charge of nonsupport. Edwards was convicted on

March 7 of a charge of having failed to provide for his children. The defendant noted an appeal and was released on \$1,000 bond.

A water-cooled motorcycle engine has been invented by an Englishman.

Dead Man Identified.

The body of the man found dead in a room of the American House, 63 Pennsylvania avenue northwest, Saturday night was identified at the District morgue yesterday by Morris Leivi, a grocer, of 414 Fourteenth street north-

east, as Joseph Freedman, 34 years old, a Russian Jew, who had conducted a grocery store at Fourteenth and A streets southeast.

The red sumach blossoms make a tart drink.

Privately Owned Factories Will Save the Nation

—Says Howard E. Coffin

Chairman of the Committee on Industrial Preparedness
of the Naval Consulting Board

To the Members of Congress:

The danger to the country of depending upon Government-owned munition plants is pointed out by Mr. Coffin in World's Work (May). He says:

"No one can conceive of a Government . . . which can construct and maintain in time of peace a plant which will be qualified to turn out enough munitions to supply the fighting line in time of war.

"Congressional action toward the establishment of Government-owned plants may be on a false basis.

"Even though we have Government-owned plants . . . in the last equation, in any future war in which this country is engaged—

"It is going to be the privately owned manufacturing plants of this country which must feed the guns that will save the nation."

The average requirements of armor for the battleships of the United States have for many years been about 10,000 tons a year.

But the Government has heretofore encouraged three plants to keep available a total capacity of 30,000 tons—ready for use in an emergency.

The Naval Bill now before the Senate carries an appropriation of \$11,000,000 to build a Government armor plant, making unnecessary, under ordinary conditions, the existing private plants, and destroying this important reserve factor in national defense.

Isn't It Wiser—

To maintain present plants, ample as they are, and let the Federal Trade Commission fix the price at which armor shall be supplied—

Rather than spend \$11,000,000 of Public Money to build a Government plant and thus destroy an industry which the Country may some day sorely need

?

Diseases That Show in Your Face?

It matters not how little confidence we may have in our ability as mind readers, all of us by life-long practice are face readers. A considerable part of our attitude toward our fellows is determined by what we see in their faces. Most of us have become surprisingly accurate face readers in regard to moral and emotional tendencies. And we also read just as well when the face indicates either internal or external disease. The tense, drawn features, indicating continued pain from some internal ailment, or the breaking out of one of the many skin diseases, which speak only too plainly for themselves, because most, if not all, skin diseases show on the face sooner or

later. Impure, impoverished or impaled blood are the prime causes of disease. Therefore the blood should be nourished, as well as purified. One of the striking changes in modern medication is the way the use of iron for blood troubles has decreased. It was discovered that iron was not a blood food. When people are suffering from poisoned blood they need a remedy that will not only drive out the impurities, but that will nourish the blood at the same time—S. S. S., the standard blood purifier for 50 years, is purely vegetable and will absolutely drive out the impurities and nourish and tone up the entire system, both physical and nervous. Purify and nourish your blood by taking S. S. S. If you need special advice, write Medical Department, Room 18, Swift Specific Company, Atlanta, Ga.—Adv.

The Man With A Nickel

Consider what a blessing to humanity the telephone is. Wherever you may be, in the town or in the city, there you will find the familiar blue bell, the sign of service.

The telephone knows no creed or class, it speaks any language and serves alike the man with a million and the man with a nickel.

When you Telephone—Smile
