WILSON PRAISED BY POSTMASTERS

President Selph Sounds Popular Chord in Addressing Convention.

Postmaster General Burleson will address more than 1,000 of his assistants today as a feature of the second day's program of the annual convention of the National Association of Postmasters, holding its business sessions at the National Museum.

President Selph, in his address, took occasion to pay a high tribute to the fortitude and courage of the President in keeping the country out of war and succeeding speakers supplemented his address by words of fulsome praise for the present administration.

SPECIAL DELIVERIES.

Every guest at the big banquet tomorrow night will have a chance to sample real Vermont maple sugar.

GUARDSMEN EXPECT TO ENTRAIN SOON

Recruiting Takes a Jump and Departure for Mexico Believed Nearer.

With recruiting taking a decided impetus, hopes that the Third Infantry will soon leave Camp Ordway were renewed yesterday.

There still are about seventy recruits needed to fill out the ranks of the Third.

The two batteries of field artillery need about thirty men each before they are up to minimum strength.

That there will not be a movement of the regiment during the next week was shown, when Companies A and B left yesterday afternoon for the Congress Heights rifle range for two days of shooting the army rifles.

Companies C and D will use the range on Friday and Saturday.

Mayors Protest "Shark Scare."

Beach Haven, N. J., July 18.—Mayors of ten New Jersey coast resorts last night issued a statement protesting against publication of stories which they declare "cause the public to believe the New Jersey coast is infested with sharks."

Notice to Southern Travelers

On account of heavy rains in North and South Carolina, damaging tracings and bridges on the Catawba River, the Southern Railway, effective today, and until further notice, will operate trains as follows:

No. 39, "Birmingham Special," due to leave Washington 4:35 p. m., will be annulled south of Lynchburg, Va., and operated between Washington and Lynchburg only.

No. 37, "New York-New Orleans Limited," will be operated between New York, Washington and New Orleans, via Lynchburg, Bristol, Atlanta, Ga., thence West Point Route and L. & N. Railroad.

Second section of No. 37 will leave Washington 10:30 p. m., carrying coaches, New York-Charlotte sleeping car, and Washington-Charlotte sleeping car, and be operated between Washington and Charlotte only.

No. 35, between Washington and New Orleans, leaving Washington 10:05 a. m., will be operated via Lynchburg, Bristol, Atlanta, thence West Point Route and L. & N. to New Orleans.

Close connection at Lynchburg for Charlotte and intermediate points.

All other trains not mentioned in the foregoing will be operated on their regular advertised schedules.

This arrangement will afford service to principal points in the South, such as Lynchburg, Danville, Greensboro, Raleigh, Salisbury, Charlotte, Columbia, Augusta, Roanoke, Bristol, Morristown, Knoxville, Chattanooga, Memphis, Atlanta, Montgomery, Mobile, New Orleans, Birmingham, Vicksburg, Shreveport and all points west of the Mississippi River.

TO SEE PRESIDENT ON STRIKE POSSIBILITIES

Members of the Railway Executives' Advisory Committee, representing fifty railroads and railroad systems of the United States, will confer with President Wilson tomorrow on the present railroad situation, particularly the possibility of a general strike of railroad employees.

It is probable that the President will be asked to use his influence in bringing about an adjustment of the wage dispute with the trainmen.

Uncertainty arising from the Clayton anti-trust act is another difficulty which will be brought to the attention of the President.

GIVES \$135,000 FOR PARALYSIS

House Recognizes Infant Epidemic by Granting Large Appropriation.

After a debate in which Representative Fitzgerald scolded the municipal authorities of New York, and Representative Mann, the Republican floor leader, as the fight on infantile paralysis.

"ought to be spanked," the House yesterday appropriated \$135,000 to aid in the fight on infantile paralysis.

Representative Fitzgerald, chairman of the Appropriations Committee, criticized the officials of New York City because they had not promptly availed themselves of facilities placed at their disposal by the Federal government.

The minority leader reproved the Public Health Service because, he said, "they ask for emergency appropriations and then use the funds for ordinary purposes."

Placard Idea Banned.

Dr. W. C. Fowler yesterday announced that he did not believe it would be necessary or of any particular advantage to place placards where cases of infantile paralysis were being treated.

DEUTSCHLAND TO CLEAR FOR GERMANY SUNDAY

(By the International News Service.) Baltimore, July 18.—With 1400 tons of nickel and rubber aboard, the Deutschland, the submarine, will clear for the Cape not later than Sunday, it was said today.

She will leave the slip in time to permit the Bremen, her sister ship, now in port at Baltimore, to take her place. The Bremen, it is said authoritatively, will be in the Chesapeake on Sunday, and will probably dock Monday morning.

The Bremen will bring a cargo of drugs that are produced only in Germany, it is said.

Early today two tank cars containing fuel oil for the Deutschland were run to her wharf.

At noon tomorrow the Deutschland will be submerged in her slip for one hour to test her engines and submerging apparatus, which has been thoroughly overhauled.

TEUTONS IN GENERAL RETREAT ON THE EAST

(By the International News Service.) London, July 18.—The retreat of Austro-German forces along the eastern front is reported tonight in a Petrograd dispatch to the Daily Telegraph: The teutons are said to be laying waste to the country as they retreat, burning shops and villages.

Coincident with the receipt of this news, information reached London tonight that Cossacks have again forced their way into Hungary through the Carpathian mountains.

MONTHLY SUM GIVEN M'LEAN

Court Grants Request That Portion of Income Be Paid Pending Trial.

Pending the determination of the contest that Edward B. McLean, son of John R. McLean, millionaire publisher, has instituted against the validity of his father's will, the plaintiff is to receive a monthly income equal to 25 per cent of the income of his father's estate.

The court has allowed the trust company to intervene in the suit filed last Saturday by McLean against Francis T. Homer, of Baltimore, to compel the surrender of certain letters and private effects of the late John R. McLean.

The hearing on the application for a permanent injunction of the restraining order now in force against Mr. Homer to prevent the surrender of the letters to the trust company was continued until August 2.

The action of the trust company in making itself a co-defendant in Mr. Homer's suit, setting up a claim in court for these private letters appears to dispose of the published intimation that the fight for the possession of these private letters will be settled out of court.

Mr. McLean is determined that they shall not be used in the will contest, while the attitude of the American Security and Trust Company is disclosed in its petition acted upon by the court yesterday.

COST OF PAPER TO BE PROBED

Mann Introduces Bill for Congressional Investigation of High Prices.

Representative James R. Mann, the minority floor leader, offered a resolution in the House yesterday for a Congressional investigation of the present high prices of print paper as well as general conditions now prevailing in the wood, pulp and print paper industry.

The Republican leader's resolution provides particularly for a report on whether any combination or restraint of trade is responsible for the existing high prices.

The proposed House committee would have power to sit during the recess of Congress and to summon and compel the attendance of witnesses.

Mr. Mann said he would urge early action on the resolution by the Committee on Rules, to which it was referred.

6 DIE WHEN CRAZED NEGRO RUNS AMUCK

(By the International News Service.) Chicago, July 18.—Six dead, two dying, two others wounded and one injured.

This was the toll today of Henry McIntyre, a crazed negro through whose brain whirled thoughts of an Ethiopian Kingdom in Africa, non-interference between the whites and blacks and the belief that he was a prophet of God.

McIntyre and his wife are among the dead. They were not killed until their work of slaughter was stopped by dynamite, their house was blown up.

Several days ago the murderer attempted to join the Eighth Illinois Regiment in Springfield, according to his neighbors. He was disqualified.

This severed his last straw of reason. "They turned me down, and I can't go to war," he said last night, "but at 4:00 o'clock Tuesday morning, I'll start war myself."

JUMPS WHEN AUTO PLUNGES INTO CANAL

John G. Marshall, of 1512 Georgia avenue northwest, saved himself probable death and at any rate serious injury when he jumped in time from his automobile just as he lost control of it late yesterday afternoon on the north side of the canal on Thirty-third and Thirty-fourth streets.

Slavs Gain in Armenia

London, July 18.—In an attack by Cossacks against the Turkish positions around Ploustouny, in the Caucasus, the Russians captured thirty-four officers, 608 men and two machine guns. Petrograd reports today. Another entire company was taken in the Taurus region.

Belgians Do "Their Bit"

Havre, July 18.—Belgian officials: During the night the troops of Belgium penetrated an enemy trench of Dixmude and killed most of the occupants. Some prisoners were captured.

Colonial M. P. Go to Front

Paris, July 18.—Thirty-three members of British colonial parliaments from Canada, Newfoundland, Australia, New Zealand and South Africa have arrived in Paris. They will visit the British and French fronts.

If it Catches You There "ANURIC" Will Quickly Stop it! Simple to realize the importance of the overworking kidney trouble, by the first symptoms of backache or throbs through the kidney region, is money in one's pocket as well as years of sickness forestalled. No organ of the body is more easily deranged than the kidneys. Day in and day out their action is constant, in separating poisonous matter from the blood. Most cases of kidney trouble may easily be overcome by merely taking hot water and a little "Anuric" before meals. Chinese daily voice their praise of the merits of "Anuric," the recent discovery of Doctor Pierce, of "Ravortin Prescription" and "Golden Medical Discovery" fame. For instance, here is a letter that of Mr. WALTER CARLSON, who says: "I suffered for four years with pain in my back. I tried everything there was but they all failed to help me. I even went to a doctor and he could not cure my backache—said it was from the kidneys. A friend of mine advised me to try a box of Dr. Pierce's Anuric Tablets, and so I did; I used two boxes and the pains were gone. I can not believe any less—the pain in my back was something terrible. As soon as I would bend over to get something from the floor I thought my whole back would burst. "I would advise sufferers to try 'Anuric Tablets' and they will find results; they need not take my word for it." Note:—Experiments at Dr. Pierce's Hospital for several years proved that "Anuric" is many times more potent than lithia in removing uric acid from the system. Just ask for "Anuric" at druggist's, or send Dr. Pierce 10c. for a trial package.
