## BAD COLD? TAKE "CASCARETS" FOR BOWELS TONIGHT

They're Fine! Liven Your Liver and Bowels and Clear Your Head.

No Headache, Sour Stomach, Bad Cold or Constipation by Morning.

Get a 10-cent box. Colds—whether in the head or any part of the body—are quickly overcome by urging the liver to action and keeping the bowels free of poison. Take Cascarets tonight and you will wake up with a clear head and your cold will be gone. Cascarets work while you sleep; they cleanse and regulate the stomach, remove the sour, undigested food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the bowels. Remember, the quickest way to get rid of colds is one or two Cascarets at night to cleanse the system. Get a 10-cent box at any drug store. Don't forget the children. They relish this Candy Cathartic and it is often all that is needed to drive a cold from their little systems.—Adv.

Acting Secretary of the Navy Admiral Benson yesterday announced that the Navy Department was making a complete investigation of the mysterious explosion at East Machias, Me., on the theory that "some violation of American neutrality" may be involved.

He stated it was "quite likely" that Admiral Mayo, commander of the Atlantic Fleet, had ordered the destroyer McDougall, which put out suddenly from Bar Harbor, Me., without announcing her destination, to East Machias to begin the investigation.
