Laurel, Md., Oct. 24.—The Maryland Handicap, an affair at six furlongs, 2-year-olds, and with \$2,700 to the winner, was won by S. L. Parson's filly, Koh-i-Noor, who beat Friendless a length, who in turn was a head in front of Tragedy.

The winner was crowded back with the horse came, and Haynes waited until straightened out for home before making his run and closed with a great rush and was going away at the end. Friendless was a forward contender all the way, but weakened when challenged. Tragedy ran a good race and will bear watching from now on.

The initial number on the card was won by William Cahill's Kebo, who beat Cherry Ripe a length and who in turn was a nose in front of Glory Bell.

Nylon, an imported horse, managed to get home in the second race at 2 to 5 and was doing his utmost to stall off the rush of N. K. Beal. Life made all the early pace but tired badly in the run home.

Ambrose, admirably ridden by Joseph Kleesau, won the third race at six furlongs from Presumption and Bromovale.

Holiday spilled the beans in the fifth race when he defeated Woodford Shoney by a head, while Gainer was third. Celto, the favorite, ran a very dull race and finished last.

Emil Herz's new acquisition, Soldier, made a runaway affair of the sixth race when he outdistanced in front of Capt. Parr and Patty Regan. Soldier never left the issue in doubt, for he got to the front soon after the break and kept that position until the winning wire was reached, to win by three lengths from his field.

Little Neurer won the closing number in handy fashion from Nigel and Rae B. Fifth Race—Selling; 2-year-olds; six furlongs. Kroy, 115 (Hobson), \$2.00, second, Harry Bell, 116 (Hobson), \$3.00, third, Time 1:14.3.

STEEL STOCK SLATED FOR FURTHER ADVANCE

Stationary Position Yesterday Not Surprising to Wall Street Experts.

New York, Oct. 24.—United States Steel common's failure to advance with the rest of the list was not particularly surprising in view of its rapid advance yesterday to a new record price of 44 1/4. Today the best that Steel could do in the forenoon session was 120 1/2, and in the same period it sold as low as 118 1/4. Profit taking was responsible for the reaction, and the large number of stop losses accelerated the movement. But no one believes that Steel is going to be kept down below 120, and as soon as the market can be freed of the stop loss dampener a further advance is looked for. Some one told the man who bought Bethlehem at 600 a year ago would have lost money, but he would not have made a great deal to date. A hundred shares at 600 would cost \$60,000, and interest on this at five per cent for a year would be \$3,000. The net profit on this transaction would be \$2,125, or an amount equal to a shade more than 3 1/2 per cent on the original investment of \$60,000. It should be remembered that after touching 600, Bethlehem declined to around 420.

With Utah Copper at a new high record price in its history at 102 the copper trade feels that that stock has come into its rightful position on the Stock Exchange as the copper group. It has supplanted Anaconda, the traders say, and they wonder that it has not done so before.
