Merino and Crossbred Wools Go Up.
 London, Nov. 6.—The offerings at the wool auction sales today amounted to 7,500 bales. It was an excellent selection, and as buyers were keen for supplies,

Merinos gained 10 to 15 per cent, and crossbreds 10 per cent. Scoured merinos sold at 45 1/2 and crossbreds at 36 1/2, while greasy merinos made 29 1/2 and a new high record.

TONIGHT ELECTION NIGHT

WHEN THE NEWSBOY HOLLOWS "EXTRA" BE SURE IT IS A

HERALD "EXTRA"

HERALD Election "Extras" will be issued as rapidly as news of importance breaks, with the single purpose of serving the public.

The HERALD is one Washington newspaper that has religiously refrained from unnecessary extras, and has to its credit the publication of but one extra in many months—the one that informed Washington that the President had called the National Guard to mobilize for duty on the border.

The exclusive publication of this HERALD extra gave to the people of Washington their first intimation of this most important national and local news.

WHILE WAITING FOR THE EXTRAS

Call Main 8890

The HERALD'S special corps of operators will give you the latest election returns.

Election Returns Flashed on Screen

Federal Finance by John Poole.

You Do Not Have to Wait for Your Pass Book

You do not need to leave your passbook with this bank and wait a day or more at the last of every month in order to find out how your account stands.

Instead, a neatly printed, machine-figured statement of checks and deposits, showing the balance remaining to your credit, is mailed to you at the end of every month.

This improved service is made possible by Electric Bookkeeping Machines, which we use in our accounting department. The machine keeps every depositor's account figured right up-to-date all the time. If you ever want a statement in a hurry we can give it to you inside of five minutes.

FUNSTON 'PASSES BUCK' ON BORDER SITUATION

"Ask Wilson and Baker; Don't Ask Me," He Replies to Queries.

(By the International News Service.) San Antonio, Tex., Nov. 6.—On the eve of election, Maj. Gen. Funston, commanding the Southern Division, United States Army, in charge of the Mexican-American border, extending 1,900 miles, from Lower California to Point Isabel, unavailably "passed the buck" tonight regarding the presence of American troops in Mexico.

Asked about the purpose of keeping Maj. Gen. John J. Pershing in the state of Chihuahua with an armed force, Gen. Funston said:

"Why try to get me in a hole? Why not go after Secretary Baker or President Wilson? The present mix-up in Mexico is not up to me, but up to the President and the Secretary of War."

To all the following categorical questions Gen. Funston answered:

1—"I refuse to answer. Ask Washington."

2—Is there a United States army in Mexico?

3—Is it intervention?

4—What constitutes intervention?

5—Who sent Gen. Pershing into Mexico?

6—Why?

7—For what purpose did Gen. Pershing lead an armed force into Mexico?

8—Would not the official reports of Gen. Pershing and Gen. Bell indicate that the United States knows that Villa is alive today and knows where he is?

9—Then why do we not pursue him?

10—Is the United States army, personified by Gen. Pershing's force, about to resume active pursuit of Villa?

11—What's the answer?

WEDS IN FROZEN NORTH.

Bride Makes Long Trip to Alaska from Illinois, Alone.

Skagway, Alaska, Nov. 6.—Skagway and vicinity today celebrated the wedding of George Huth, a banker, and Miss Lillian Hayden, 17, who last Saturday arrived here after making the trip all alone from her home at Aurora, Ill. At the foot of the snow-topped mountains which guard the way to the trail of the Yukon gold fields, before an altar erected by Skagway citizens, the ceremony was performed.

Miss Hayden is a daughter of Harry Hayden, territorial governor of Alaska during the administration of Grover Cleveland.

SEES SUFFERING FOR POLES.

Shadow Lawn, Long Branch, N. J., Nov. 6.—"The re-establishment of the kingdom of Poland by the central powers will only add to the sufferings of my people," said Ignace Paderewski, noted Polish pianist, who urged President Wilson this afternoon to include in his Thanksgiving proclamation a plea for aid for war sufferers. It is believed the President will grant his request.

TEUTONS PLAN WAR PARLEY.

Zurich, Nov. 6.—A council of war, dealing with the Rumanian situation, is shortly to be held at Belgrade. A dispatch from a German source today says that Field Marshal von Hindenburg, chief of the German general staff, is going to Belgrade to meet Gen. Falkenhayn and Field Marshal von Mackensen.

A set of aluminum cooking utensils with an interchangeable handle for all easily kept cool, has been patented by a New York inventor.

MOTHER LOVE AIDS SON IN TRENCHES

It Brings Relief to Boy Standing His Watch Deep in Mud.

Once upon a time, only a few months after this terrible world war had begun, Private Bley, a soldier in the ranks, had stood for days in the trenches "somewhere in France." The cold rains-soaked him to the skin; the mud was deep. He had had no rest. Weary and aching with rheumatic pains, he recalled the faith his mother had in Sloan's Liniment. He asked for it in his next letter home. A large bottle was immediately sent him and a few applications killed the pain, once more he was able to stand the severe exposure. He shared this wonderful muscle-soother with his comrades, and they all agreed it was the greatest "reinforcement" that had ever come to their rescue. At Your druggists, 15c, 50c and \$1.00 a bottle.

ELECTIONS WILL COST MORE THAN \$50,000,000

Some Political Leaders Place the Figures Twice as High.

(By the International News Service.) New York, Nov. 6.—Elections this fall will cost \$50,000,000. Such is the estimate of conservative estimates by political leaders here. Some place the figure twice as high.

Only a small part of this expense goes toward electing a President and a Vice President. About 75,000 State, county, city and other offices will be filled, or, in the case of a few States, have been filled this fall.

Two hundred thousand men—and women—are running for office.

Of the \$50,000,000, about half will be spent by the candidates and their supporters and the other half by the State and municipal governments in preparing for and holding the elections and counting the ballots.

In New York State alone the cost of registering voters and conducting the elections will be about \$2,500,000.

The \$25,000,000 spent in furthering the campaigns of candidates will be divided among postage, telegraph and telephone service, advertising, press agent publicity, speakers' pay and expenses, bands, rent of halls and theaters, clerical help, campaign buttons, banners and rallies, and conventions, printing and postage, and salaries—large in the aggregate—given to the hundreds of thousands of minor "workers."

It is estimated here the Republican National Committee will spend more than \$2,000,000 and the Democratic National Committee more than \$1,500,000.

In 1908 the Republican National Committee spent \$75,000 for printing, \$30,000 for advertising, over \$60,000 for campaign lithographs and \$40,000 for buttons. This year these items will be much larger. For one reason, the cost of almost everything to be bought has doubled or tripled.

In 1908 William J. Bryan had his national treasury try a plan of soliciting dollar contributions. This plan was a failure, because it was found the cost of getting the dollar ate up all but a few of the hundred cents.

TO VOTE ON PROHIBITION.

Six States Act Today—Others Will Try to Strengthen Laws.

Six States—California, Missouri, Montana, Utah, Nebraska, and South Dakota—will vote on proposals to abolish the manufacture and sale of alcoholic liquor today. Of these, prohibition leaders say, Montana, Utah, Nebraska, and South Dakota are believed certain to go "dry."

In the "dry" States of Washington, Oregon and Arizona, the prohibitionists will try today to strengthen the law against the "rum demon." In some of the "dry" States the "wets" will attempt to put through proposals today by which prohibitory statutes would be weakened or destroyed.

CHARGES INFERIOR MATERIAL.

Parent-Teacher Association Demands Powell Annex Construction.

The material used in construction of the new Powell School annex was declared to be not up to standard at the meeting of the Johnson-Powell Parent Teacher Association at Powell School last night. A. D. Call stated the trouble was caused by the failure of Congress to appropriate sufficient funds to meet the increased cost of building material.

The committee of building and playgrounds was designated to petition Engineer Cameron C. W. Kutz to give his authority to tear down the old structure used as the Johnson School annex, which long has been pointed out as a fire trap.

TO VOTE ON SUFFRAGE.

South Dakota, West Virginia, and Iowa Act Today.

Three States—South Dakota, West Virginia and Iowa—will vote on the question of extending the suffrage to women today. South Dakota has had school suffrage for women since 1887. Suffrage leaders here predict victory in all three "campaign States."

Dr. Moffat's Memory Honored.

Washington, Pa., Nov. 6.—All business houses in Washington were closed this afternoon from 2 to 4 o'clock while students and faculty of Washington and Jefferson College and residents of the city paid honor to the memory of the late Dr. James David Moffat, president emeritus of Washington and Jefferson College and former moderator of the Presbyterian Church.

Captures Turtle with Carp.

Selma, Ind., Nov. 6.—Wallace Amick captured a nine-pound carp and a good-sized turtle in a peculiar manner recently. When rowing in Sand Creek his attention was attracted by the flopping of a fish apparently grounded in shallow water. The fish was easily captured, being almost exhausted, and on drawing it from the water Amick found a turtle hugging to the fish.

TRADE BODY ELECTS FIFTEEN MEMBERS

New Sewage Disposal System for the District Is Urged.

At the final meeting of the Board of Trade for the current year, held yesterday afternoon, fifteen new members were elected to the board. The meeting, which was held in the board rooms in the Star Building, was presided over by E. C. Brandenburg.

Upon recommendation of the membership committee, the following-named were duly elected members of the Board of Trade: Thomas B. Hopper, Wm. J. Wilson, E. Elmer Bacon, Paul V. Rogers, Francis D. Alexander, Harry S. Barger, John Klein, Victor B. Deyber, F. D. Hooton, F. S. Mealyard, A. Anderson, H. R. Livingston, Walse R. Pearson, Dion S. Birney and Louis B. Castell.

At a meeting of the sewage committee of the Board held at noon yesterday a report was submitted showing the District's need of a plant for the treatment of sewage and the disposal of other municipal waste. The report also stated that the condition of the Potomac at this time is not such as to menace public health through the pollution of its oyster beds.

The annual meeting of the Board of Trade will be held next Monday night at the New Willard Hotel, at which time reports from the secretary and treasurer will be submitted, in addition to President Brandenburg's report.

A tropical tree, the matapalo, grows only with the aid of another tree, which it gradually envelops and kills.
