SUFFRAGE COMMITTEE IS PROMISED IN HOUSE

Women Gratified Over Speaker Clark's Favorable Attitude.

The creation of a woman suffrage committee in the House, corresponding to the committee already existing in the Senate, is hoped for by suffragists as the result of a request received yesterday by Speaker Clark from Mrs. Carrie Chapman Catt, in behalf of the National American Woman Suffrage Association.

To Mrs. Helen Gardner, member of the Congressional committee of the national association, acting as Mrs. Catt's representative, the Speaker expressed his hearty approval of the proposal, and promised that he would see that it is brought before the House for consideration.

The announcement of the Speaker's support on this question was received with gratification at headquarters of the association at 1626 Rhode Island avenue, where it was regarded as a long step toward expediting handling of the suffrage amendment. Owing to the pressure of other important questions before the Judiciary Committee, to which constitutional amendments are referred, the suffrage amendment, in the opinion of its friends, has hitherto had hard sledding. In the hands of a special committee for the consideration of this particular question, it is expected that quick action will be obtained.

Mrs. Catt, in her letter to the Speaker, points to the advance of the woman movement in European countries in the last few weeks as a cogent reason for prompt action by the United States.

CHARITIES BOARD WILL AID.

Vote to Tender Services to Red Cross in War Needs.

The board of managers of the Associated Charities, at its meeting yesterday afternoon, voted that the Associated Charities, as an institutional member of the American Red Cross, should tender its services and cordial co-operation in every practical way to the local chapter of the Red Cross and especially to the civilian relief committee in its work of ministering to dependent soldiers' families.

The joint finance committee, Milton E. Ailes, chairman, reported that \$1,700 had been received toward the \$5,000 required to enable the Associated Charities and Citizens' Relief Association to continue their work without curtailment for the next six months.

SIBLEY HOSPITAL PREPARES.

Will Have Donation Party to Aid Preparation for War.

A donation and linen party will be held at Rust Hall, Sibley Hospital, tomorrow afternoon at 3 o'clock. The institution announces this event as a preparation for any emergency that might arise in case of armed hostilities with Germany.

It is not known that Sibley will be mobilized to care for wounded from war, but it believes in being ready in case of need. This hospital cared for more new-born babies here than any other like institution in the city last year.

FIREMEN WIN DAMAGE SUITS FOR INJURIES

Court Awards \$7,000 Each to Two Hurt in Taxi Collision.

The upsetting of motor truck No. 3, of the fire department, by a taxicab at Pennsylvania avenue and Sixth street northwest, March 28, 1915, was recalled yesterday afternoon in the District Supreme Court when a jury in Circuit Division No. 2, rendered a verdict of \$7,000 cash on two separate counts against the Barnett Taxicab Company. Capt. William A. Dixon and Private John B. Leavelle, both of the No. 3 fire department, were awarded each \$7,000 for injuries sustained by the overturning of the fire truck.

Four other occupants of the truck which was responding to an alarm of fire and who were injured have brought suits. Their cases probably will await the disposition of an appeal which will be taken by the Barnett Taxicab Company from the verdict.

Attorneys D. W. O'Donoghue and A. A. Alexander appeared for the firemen. Attorney Harry F. Kennedy represented the company.

CHIEF'S AUTO OVERTURNED.

Carrington's Car Collides with Engine Responding to Fire Call.

A wrecked automobile, operated by Acting Fire Chief Carrington, lying on its side at Twelfth and F streets northwest, yesterday, resulted when No. 16 fire engine and the car of Chief Carrington collided.

A lamp post was knocked over. Acting Chief Carrington was slightly injured. The fire apparatus was responding to an alarm turned in from Thirteenth and F streets, the engine turning up Twelfth street and the auto of Carrington starting west on F street.

ELOPING VIRGINIA PAIR FAIL TO GET LICENSE

Promise to Try Again if Parents Give Consent.

Fatigued by their journey from their homes in Buena Vista, Va., Harry A. Paxton and Hettie E. Campbell, arrived at the District Courthouse early yesterday morning.

Their faces beamed, notwithstanding this. For while their feet might be heavy, their hearts were light. It was a spring day and they were to be married.

Advised by attendants in the corridors of the location of Dan Cupid's throne, the couple timorously advanced. Arriving at the counter, they soon made it plain to Col. W. A. Krell what they wanted.

With his accustomed good humor, Col. Krell inquired of them information necessary before the license could be issued. But, alas, it soon developed that Harry was only 19 years and Hettie barely 17. Then they admitted they had eloped.

The unromantic barrier of minority stated the youthful couple in the face. And young Harry Paxton and his betrothed politely but firmly were denied by Col. Krell the coveted license until their parents should consent to their marriage.

Disconsolately the pair filed back home flinching at the stares of those who had witnessed the little incident.

AUTHORITIES COMBING "ALIEN ENEMY" ZONES

District Attorney Laskey took first steps yesterday towards finding out how many alien enemies are living in the vicinity of the Navy Yard and other government reservations around Washington. Mr. Laskey called upon Melvin C. Hazen, District surveyor, for maps showing the territory within half a mile of these reservations.

In addition to the Navy Yard, the order prohibiting "alien enemies" from living within half-a-mile of government reservations will apply to the Marine Barracks, Eighth and G streets southeast; Washington Barracks, foot of Four-and-a-half street southwest; Naval Observatory, Wisconsin avenue northwest, and the Washington Steel and Ordnance plant, at Glebeboro Point, which is doing government work.

According to the latest published statistics, of the 28.35 miles of railway in 1912 in Germany, 25.68 miles were state railroads and 2.68 privately owned.

SUFFRAGE CAUSE UNION WITH OTHERS POSSIBLE

Woman's Party Delegate to Confer with National Organizations.

The union of the suffrage cause with the Progressives, Socialists and Prohibitionists for a drive on Congress in the next Presidential election, loomed large yesterday when Miss Mabel Vernon, of the National Woman's Party, left for St. Louis to attend the progressive conference and to confer with the leaders of that movement, following an invitation to the suffragists from Matthew Hale and J. A. H. Hopkins, of New Jersey.

Amalgamation of the Woman's Party with other political organizations is not considered seriously yet by officials of the suffrage movement, and Miss Vernon has received no instructions to accept such a proposal should the Progressive party decide on such an action. It was pointed out, however, that a union of forces for State drives and campaigns in 1920 may be considered.

Miss Alice Paul, chairman of the National Woman's Party, said: "We cannot at this time formulate any definite election policy, but it is a wise move for the political parties interested in liberal causes to meet in conference."

Mrs. Robert Baker, Congressional chairman of the National Woman's Party, said that a union of political forces probably will follow as a result of the St. Louis convention.

NEW YORK HOTEL ARRIVALS.

New York, April 11.—The following residents of Washington are registered here: J. J. Bryson, Grand; Mrs. A. M. Callen, Park Avenue; E. Cardenak, C. T. Titman, Navarre; M. F. Frey, Breunlin; A. G. Hitchcock, Murray Hill; W. A. Wagner, Flinders.

DROP FIGHT AGAINST NEW DISTRICT JUDGE

Citizens' Association Deems Unwise Further Opposition to Confirmation.

Rather than risk the enmity of Kentucky members of Congress who exert a strong influence in District affairs, the Federation of Citizens' Associations will probably drop its proposed fight against the confirmation of Robert Madison, of Kentucky, recently named by the President, for Judge of the Police Court. This statement was made yesterday by William McK. Clayton, one of the powerful elements in the Federation, at whose motion the Federation recently submitted to the President a formal protest against Hardison's appointment, as being a violation of the "home rule" principle of District government. This protest was ordered at the last meeting of the Federation and at the same time a committee of that body was told to consider plans for making a more extensive fight on the appointment through a Congressional hearing.

Mr. Clayton, however, told The Herald yesterday that there had been a strong reaction of sentiment in the ranks of the Federation and that it was believed the best interests of the District might suffer if the fight against Hardison amounted to more than a formal protest.

"We must consider the interests of the District in a larger sense," explained Mr. Clayton yesterday, "and while we object strongly to the appointment of an 'outside' man for a judicial post in the District, we might, in framing a fight on this issue, do other District interests great harm."

Telegraph Tips

London, April 11.—The labor element in Russia is going to demand a separate peace upon the country, according to a Petrograd dispatch in the Times today. This telegram says that the Russian committee of labor deputies has published a series of resolutions which leave no doubt as to their desire to upset the provisional republican government and bring about a dishonorable peace.

Canton, Ohio, April 11.—Two Pennsylvania Railroad freight engines in a double-header jumped the track here today and crashed into an ammonia tank in the plant of the Artificial Storage and Ice Company. An explosion followed, wrecking the \$10,000 plant. Engineer Ralph Miller, 20, was killed, and Fireman Earl Everhardt and Engineer William Davis were seriously injured.

New York, April 11.—Expressions of gratification over the action of the United States in entering the war against Germany were exchanged today by the stock exchanges of New York and London. H. G. S. Noble, president of the New York Stock Exchange, expressed "gratification that Great Britain and the United States are going to stand together in this great cause."

Hartford, Conn., April 11.—Gov. Holcomb today vetoed the local option bill recently passed by the legislature which would have permitted Connecticut's famous "Sunday blue laws" to have been repealed.

New Orleans, April 11.—The General Federation of Women's Clubs has adopted a resolution expressing willingness to forego social pleasures for the period of the war. Delegates voted to go home at once and take up "vital problems," the solution of which might aid the government in its prosecution of the war.

London, April 11.—Food and anti-war riots have broken out in Sofia and other Bulgarian cities, according to dispatches from French headquarters in Macedonia today. In Sofia German cavalry helped disperse the mobs.

London, April 11.—Mail and telegraph services between Germany and the United States has been stopped by Germany, says a report from Berlin today.

Wilmington, Del., April 11.—Demanding an eight-hour day and five per cent increase in wages, 1,000 employees of the Harli-A-Hollingsworth Corporation, controlled by Bethlehem interests, went on strike today. The company is engaged in shipbuilding, and recently accepted many large contracts.

New York, April 11.—Suffragists petition to post-seals at the city clerk's office to discourage girls from marrying "slackers" attempting to avoid draft.

New York, April 11.—An army of 10,000 boy scouts is signed up today to raise gardens and distribute information for garden raisers to help feed the nations at war.

LOCAL MEN APPOINTED.

U. S. Army Reserve Includes Five Men from District

The War Department announced yesterday that among 20 appointments as reserve officers of the United States Army, that five of them are Washingtonians. They are: Claude M. Budgee, United States Geological Survey, captain Engineer Corps; Harry L. Waggoner, 1426 M street; Edward N. Boyan, 609 Pennsylvania avenue northwest, and Richard A. Donnelly, the former captain Quartermaster Corps; Arthur J. Hill, 825 I street, first lieutenant Medical Corps.

JUDGE MOULTON EAGER TO ORGANIZE REGIMENT

Aged Washingtonian, of Fighting Stock, Offers Services to President.

Judge Hosea B. Moulton, of 1351 Girard street northwest, attorney, civil war veteran and prominent member of the Grand Army of the Republic, has written President Wilson to announce his readiness to organize and command in the District a regiment of volunteer infantry for service in the war. The President has graciously acknowledged the receipt of the letter and referred the matter to the Secretary of War for action later.

"I understand that the call for volunteers will not be issued until the regular army has been recruited to full war strength, and until all the National Guard units have been pressed into service," said Judge Moulton last night. "When that time comes I am hopeful that the offer will be accepted by the Secretary of War."

Judge Moulton served in the Second Regiment of the New Hampshire Volunteer Infantry during the civil war, and twice was slightly wounded. Although 73 years of age, his health is excellent and he is active and strong. Both of Judge Moulton's grandfathers, Noah Moulton, Jr., and Thomas Hale, served in the war of the Revolution. Noah Moulton was with the New Hampshire troops at Bunker Hill. Judge Moulton's father, David Moulton, was captain of a company of the State troops in the war of 1812. Judge Moulton's son, Raymond W. Moulton, served with Gen. Swan in the Philippines, and his only daughter, Miss Elma S. Moulton, a graduate of Wellesley College, was one of the first District girls to enroll as yeoman in the United States navy when the recent call was issued.

SHOOTS HIS STEPSON; CLAIMS SELF-DEFENSE

Peter W. Allen, a shoemaker living on Good Hope road, was arrested yesterday morning by Policeman Louis Glee and locked up on a charge of having shot to death his stepson, Ernest Allen, at the house of the former.

The elder Allen claims self-defense, alleging that he had to shoot his stepson, because he "came after him." The shooting took place a little after 5 o'clock in the morning. Young Allen was employed at the ammunition works at Glebeboro Point. A shotgun was used on the dead man, the charge hitting him full in the face.

Police say that this was the culmination of a series of quarrels between the two Allens. The wife of the dead man, Mrs. Susie Allen was in the house at the time of the tragedy.

EPIDEMIC OF MEASLES.

With 469 cases of measles reported to the District Health Office, Dr. W. C. Woodward, district health officer, issued a warning yesterday for parents to be careful in the protection of their children.

"Measles are often fatal to children under 5 years old, and on this account a special protection should be given very young children," the report says. "It is a mistake to expose a child to the disease so that he 'may get 'em and have 'em over with.'"

FEW DROPS AND CORN LIFTS OUT

Says There Is No Excuse for Cutting Corns and Inviting Lockjaw.

Sore corns, hard corns, soft corns or any kind of a corn can harmlessly be lifted right out with the fingers if you will apply directly upon the corn a few drops of freezeone, says a Cincinnati authority.

It is claimed that at small cost one can get a quarter of an ounce of freezeone at any drug store, which is sufficient to rid one's feet of every corn or callus without pain or soreness or the danger of infection.

This simple drug, white sticky, dries the moment it is applied and does not inflame or even irritate the surrounding tissue.

This announcement will interest many women here, for it is said that the present high-heeled fad is putting corns on practically every woman's feet.—Adv.
