**WAS RELIEVED BY THE NEW MEDICINE**

**Washington Lady Now Relates an Interesting Story to the Plant Juice Man.**

When being questioned, the other day, by so many Washington ladies are enjoying Plant Juice, the new herbal health remedy, the Plant Juice Man said: "I have found great relief from stomach trouble, nervousness, weakness and debility through the use of Plant Juice. It builds up the whole body and strengthens it, clears the blood of all poisons and impurities, stimulates the liver into healthy action, corrects constipation, and clears the system of all malaria and biliousness. Women who have spells of depression and blues, poor circulation, hot flashes, numbness, no appetites, sleep badly, and are pale and listless, find Plant Juice just what they need. It instills new life and vigor, soothes the nerves, brightens the eye, and improves the complexion. Did it give results other than I have outlined, there would never be the demand and universal satisfaction derived from Plant Juice. It does all, and more than is claimed for it."

MRS. MAY FELNER.

Following is the testimonial of a lady which speaks for itself:  
Mrs. May Felner, of No. 1256 New Jersey avenue, a popular Washington lady, recently stated:  
"I have suffered with stomach trouble for some time, and my food fermented in my stomach and caused gas to form; I had terrible pains after eating; was so nervous that I was unable to sleep at night, had headaches, dizzy spells, due to a deranged liver, and was so constipated that I had to take some kind of a laxative all the time, which only gave me temporary relief. I had taken everything in the shape of medicines, and did not care whether I lived or died. Plant Juice was the only medicine to relieve me, and I am now able to eat anything and digest it. I sleep well, am no longer nervous, have never had any trouble with constipation; I am in splendid condition, and all of my friends tell me how well I am looking. I tell them that it is Plant Juice."

The Plant Juice man is at the People's Store, corner of 7th and "E" streets N.W., where he is daily meeting the real public, and introducing and explaining the merits of this remedy.—Adv.

It will give us much pleasure to have the privilege of showing our styles to all girls and mothers.

For the graduate who chooses simplicity of the most delightful type there are several Georgette Crepe Dresses in high-waisted models. One very effective little creation is in jacket effect with clever beaded design on sailor collar and the streamer-like revers in front; bottom of skirt, flowing sleeves and jacket with a broad row of 1/2-inch tucks; the foundation is silk, \$25.00.
