FATHER JOSCHKO'S STRONG STATEMENT

Endorses Plant Juice and Recommends It to All Sufferers of Stomach Trouble.

When nature calls for assistance, it is needed quickly, but it must be a remedy that leaves no bad effects; that builds up, not tears down. This is the logical effect of Plant Juice, the new herbal stomach remedy, as is attested by the numerous testimonials of well known

people who have regained their health by the use of this famous preparation.

The Very Rev. Don Roberto Joschko, of No. 604 Slocum street, Chicago, Ill., Vicar General of the Diocese, who is known and beloved by not only his church associates, but by hundreds of people throughout the State of Illinois, who will be glad to learn of this reverend gentleman's discovery to health, recently gave the following:

"For more than twelve years I have suffered with stomach trouble, using many medicines of various kinds without any help. Two years ago I was forced to go to a hospital in Winnipeg, Canada, and remained there for over four months. I heard of Plant Juice and the first two days I had taken it got so much relief that I continued its use; the gas has left my stomach, I have a good appetite now, and feel greatly improved in every way. I am glad to endorse Plant Juice and would recommend it to all sick people, especially for stomach trouble."

Such words as these and those of many others which have been printed, have wide influence, for they come from men of standing and integrity, who have given Plant Juice a fair trial and have been greatly benefited thereby.

The Plant Juice Man is at the People's Drug Store, corner of Seventh and E streets northwest, Washington, D. C., where he is daily meeting the local public, and introducing and explaining the merits of this remedy.

On Saturday he will remain at the store until 10 p. m. to meet those who are unable to call during the day.—Adv.
