

JAPAN CANNOT TRANSPORT MEN TO AID ALLIES

Reasons Explained Why She Is Not on the Battle Line.

Japan is taking an increasingly large part in the war against Germany, but economic and geographical reasons preclude the use of her army.

That was the semi-official declaration here yesterday. Tokyo newspapers have become alarmed at the increasing American incursions into Russia and fear that if the Teuton is not checked he will become a menace to the peace of the Far East through his Russian holdings. But it was made plain yesterday that these alarms, and the comment based upon them, is not government inspired.

"The suggestion that the Japanese army take over a part of the Russian front is made," said a high official, "but the suggestion does not consider the difficulties of such a course.

"In the first place Japan could not send an army into Russia except at the request and incursion of the Allies, and in the second place, it would be practically impossible for Japan to move an army to the Russian front, even if asked to do so.

Work of Months.

There is only the one-track Trans-Siberian railroad for such a movement. It would be a work of months, more of a year and over to get a considerable force over that line, jammed as it is with all kinds of materials from Japan and other countries, with such run-down equipment as it has as a result of the intensive war usage and inability to supply new engines and cars.

And then, when Japan had an army in Russia it would be useless unless it could be supplied. Armies cannot be supplied efficiently from a base thousands of miles away, as the Japanese base would be. The Japanese require certain kinds of food and that food comes only from their home land. They would require artillery and munitions and all that would have to come from Japan, as Russia has little of her own.

"The proposition that Japanese troops be sent to the Western front, it is almost equally impossible of fulfillment. The Japanese are unable to transport them and their supplies. Even if ships could be obtained—and they could not without endangering the Western allies, without bringing about a mere repetition of the Mediterranean where the allies have been hard put to get through enough vessels even to supply Sarraill at Saloniki."

WILL RECRUIT 5,000 SINGERS FOR SUNDAY

All Churches Pledge Co-operation in Music Plans for Revival.

At a meeting last night in the First Congregational church of church representatives of the music committee for the Sunday campaign, plans were perfected for giving the largest chorus of mixed voices ever heard in this city, fully 5,000 to be assembled for this purpose.

One hundred and fourteen local churches were represented at the meeting last night, which was presided over by Homer Edison, chairman of the Sunday campaign music committee.

Dr. James E. Walker, advance man for Mr. Sunday, outlined the plans for calling the 5,000 singers for the three big choruses, the idea being to get from 10 to 15 per cent of the total membership of the churches, which would make up the required number of voices.

There will be a lieutenant at the head of each chorus, and under each lieutenant will be captains for soprano, tenor, bass and alto.

At a largely attended meeting of church representatives on the business women's invitation committee of the Sunday campaign yesterday afternoon in the auditorium of the Y. W. C. A., Dr. Walker explained the work of enlisting a thousand women in the campaign.

There will be a lieutenant at the head of each chorus, and under each lieutenant will be captains for soprano, tenor, bass and alto.

GIRLS! ACT NOW! HAIR COMING OUT MEANS DANDRUFF

"Danderine" Will Save Your Hair and Double Its Beauty at Once.

Try This! Your Hair Gets Soft, Wavy, Abundant and Glossy at Once.

Save your hair! Beauty! It is only a matter of using a little Danderine occasionally to have a head of heavy, beautiful hair; soft, lustrous, wavy and free from dandruff. It is easy and inexpensive to have pretty, charming hair and lots of it. Just spend a few cents for a small bottle of Danderine. Danderine now—all drug stores recommend it—applied as directed and within ten days there will be an appearance of abundance; freshness, fluidness and an incomparable gloss and lustre, and, try as you will, you can not get a trace of dandruff or falling hair; but your hair will be after about two weeks' use, when you will see new hair—fine and downy at first—but really new hair—sprouting out all over your scalp. Danderine is, we believe, the only sure hair-grower, destroyer of dandruff and cure for itchy scalp, and it never fails to stop falling hair at once.

If you want to prove how pretty and soft your hair really is, moisten a cloth with a little Danderine and carefully draw it through your hair—take one small strand at a time. Your hair will be soft, glossy and beautiful in just a few moments—a delightful surprise awaits every one who tries this—Adv.

NEW YORK UNIVERSITY WILL SEND CHRISTMAS CHEER BOXES TO LIBERTY LADS "OVER THERE."

In the group are Mrs. Samuel A. Brown, Mrs. Collins, P. Bliss, Mrs. Isaac Franklin Russell, Mrs. Frank Sommers, Mrs. W. Horace Hoskins, Mrs. A. F. Wilson, Dean Aristine Munn-Recht packing Christmas cheer boxes in the Washington Square Building of New York University. Wives of the faculty, and members of the faculty are doing their share so that the boys over there will get a Christmas cheer box.

VOLUNTEERS NEEDED IN FOOD CAMPAIGN

Clarence R. Wilson Sends Out Call for Women Workers.

Nearly twice as many women volunteers as have come forward are needed to assure success of the food pledge card campaign, Clarence R. Wilson, Food Administrator of the District, declared last night.

"Not enough women volunteer workers have been obtained," Mr. Wilson said, "despite our efforts. We have approximately 65 women who have agreed to canvass districts assigned to them, but we need as many as we can get, at least twice that number."

All women who are willing to work in the campaign are asked to send their names and addresses to the headquarters at 143 K Street northwest, before Friday night. Each volunteer should state whether she is willing to work in a district other than that in which she resides, Mr. Wilson said, thus eliminating the probability of an excess of workers in one of the districts and a lack of them in another.

Washington has been divided into forty-one subdistricts, a centrally located public school selected as headquarters in each of these and volunteers will report there between 8 and 10 o'clock Tuesday morning for a supply of pledges and window and kitchen cards for the housewives.

Each worker will be given a list containing the names and addresses of between 30 and 40 families to be visited and the work is expected to be completed in two days. The workers will set their own hours and work when it best suits their other duties. Motor cars to canvass the outlying districts of the city are needed, Mr. Wilson said.

Miss Elizabeth Kelley, connected with the Federal Food Administration office will deliver an address on the conservation of foods and the employment of substitutes before a meeting of the Woman's Club in the hall of St. Mark's Church, Third and A streets southeast, at 2:30 this afternoon.

HOROSCOPE.

Thursday, November 15, 1917.

During the daylight hours, the planetary rule is rather good today, for Mercury and Neptune are in benefic aspect. In the evening Mars is strongly evil in influence.

The stars are read as presaging a successful activity in naval affairs, especially where inventions are concerned.

The army will not be so fortunate as the navy and there is a foreboding of first losses that are serious for the United States, which however is to escape marvelously, if the stars are read aright.

This should be a most favorable direction for all sorts of publicity, especially where inventions are concerned. Fame for editors who will take a leading part in constructive work in Europe is prognosticated.

Strikes or accidents on railways are foretold and these may be of far-reaching effect before the first of the year.

Warning is given that next month may bring new complications and grave events that will sober the nation.

A university will undertake philanthropic work that will be epoch-making, if the seers are to be believed and it will be located in the west.

Chicago again comes into a great share of acclaim through its patriotic service in the war and one of its citizens will be hailed as a great hero.

Mars presages some sort of internal trouble in the United States army, owing to inefficiency in a department. Scandal and criticism will harass the government about the first of the year.

As the year ends the last weeks will prove most momentous to the future of the nation, astrologers predict.

Ambition for fame will affect more than one woman in public position and may lead to sensational enterprises.

Persons whose birthdate it is have the augury of a very active year that will exhibit enterprise in new directions, the seers declare.

Promised Theater Attractions

National—"Ziegfeld Follies."

The celebrated "Ziegfeld Follies" is to play its annual Washington engagement at the New National Theater, commencing Monday night. Gene Buck and George V. Hobart supplied the lines and lyrics of the newest "Follies." The music is by Victor Herbert. Raymond Hubbell, Jerome Kern and Dave Stamper. It is to be offered in two acts and twenty elaborate Joseph Urban scenes. Ned Weyburn staged the work.

Among the 150 entertainers employed in the presentation of the massive revue are such popular favorites as Will Rogers, Bert Williams, Eddie Cantor, W. C. Fields, Don Barclay, Thomas Richardson, Frederick Burton, Oliver Russell, Fanny Brice, Allyn King, Dorothy Richardson, Mildred Richardson, the Fairbanks Twins, Helen Barnes, Doris Lloyd, Dorothy Leeds and many others. The usual Ziegfeld beauty chorus is to be exhibited.

Belasco—"Cleopatra."

When William Fox presents his superb film "Cleopatra," with Theda Bara as the Siren of the Nile, at the Belasco Theater next week, beginning Sunday night, local amusement seekers will see what is said to be the most sensational and magnificent photo-dramatic spectacle ever produced. It is now enjoying a phenomenally successful run at the Lyric Theater, New York. It involved the co-ordinate playing of 30,000 people and the erection of Egyptian and Roman cities. It portrays the naval battle of Actium and the armies of Egypt and Rome engaged in titanic struggles. Daily matinees will be given.

Poll—"The Newby's Grown-up Baby."

Whether the years have been kind to Marion Newby is left to the judgment of those who witness "The Newby's Grown-up Baby" at Poll's Theater next week, beginning with a performance Sunday night, with matinees Tuesday, Thursday and Saturday.

There is said to be a real musical value to "The Newby's Grown-up Baby," a litling wealth of melodic sweetness that lingers in the ear and nestles in the memory with an insistence that refuses to be dismissed.

A capable company, fine scenery and over and above all else, a chorus of real beauties, picked for their attractiveness and their singing powers.

B. F. Keith's—Vaudeville.

Adelaide and Hughes, the Broadway dance story stars, will play their annual engagement at B. F. Keith's Theater next week. Their presentation outlines their most spirited and artistic dances in Toy-land. Sallie Fisher, the musical comedy star, and company will present Clare Kinnamer's bewitching comedy, "The Clara Rehearsal." Others in the laughable list will be the Hickey brothers, the acrobatic eccentric dancers; Harry Carroll, the popular and youthful composer; Will J. Ward and his Five Symphony Girls with their battery of five grand pianos reinforced by songs from the fair pianists; Ashley and Allman in "The Dawn of a New Day"; Seabury and Shaw in their modern follies and dances; Derkin's dog and monkey pantomime comedians; the pipe organ recitals and the Hearst-Pathe news pictorial and war section films.

Next Sunday at 3 and 8:15 p. m. the bill at B. F. Keith's Theater will include Conroy and Le Maire, Wellington Cross, Florence Tempest, and all this week's happy offerings.

Gaiety—Burlesque.

One of the brightest burlesques entertainments of the season is due at the Gaiety Theater next week, where "The Mads of America" company is scheduled to make its annual appearance. Headed by the noted comedian, Al K. Hall, the organization will be seen on a new two-act travesty which has been styled "Somewhere in America."

Aiding and abetting Hall in comedy is little Bobby Barry, whose laugh-provoking methods are decidedly unique and wholesome. Others assisting are Harvey Brooks, Florence Rother, Alfredda Symonds, Clara Gibson, Joseph Weston, Tony Share, Edward Bisland, Robert Calvert and an unusually sprightly chorus of twenty attractive young maidens.

Loew's Columbia—Mary Pickford.

Mary Pickford will continue to delight the thousands of roaders of Frances Hodgson Burnett's "The Little Princess," which will continue as the feature photoplay at Loew's Columbia for the remainder of the week. Miss Pickford in the role of a girl who enjoys riches and suffers poverty is seen at her best in the story which abounds in humor as well as pathos. In the source of the photoplay, Miss Sara Crewd, also

FIRST COMMUNITY BANK OPENED HERE

Park View Citizens Start Plan to Reduce H. C. L.

Washington's first community bank came into existence last night, when John G. McGrath, community secretary of Park View, opened the Park View Community Bank at 7:30 o'clock in the Park View School.

Checks from Marvin Wesley and George Fort, Assistant Treasurer of the United States, for \$50 and \$10 respectively, led the list of deposits.

The bank will be conducted as the place for deposit on the part of the residents of Park View, and will probably be the forerunner of an organized community association, which will enable the citizens of the vicinity to buy foodstuffs at wholesale.

Popularity of the bank was attested by the large number of depositors who entered accounts immediately after it had opened.

ARCADIE DANCE AUDITORIUM.

The popular uptown dance palace is drawing big crowds nightly. Even those who do not dance are going to the Arcadie in large numbers. A spacious spectators' balcony is provided where they may enjoy sprightly music, rendered by a competent orchestra of generous proportions and at a nominal charge.

Tonight will be ladies' night, Friday kiddies' night, and Saturday the big week-end dance, when the ten-piece orchestra will be further augmented.

In keeping with its liberal policy, the management announces that "free dancing until 9" will be continued.

MOORE'S GARDEN—"The Sea Master."

"The Sea Master," featuring William Russell, is the chief attraction to be shown at Moore's Garden Theatre, the last three days of this week.

Many of the scenes were taken on the high seas in a gale of exciting reality to the hazard of the director's life. The picture presents many contrasts and many dramatic scenes in which Farnum finds full play for his wonderful mimetic powers.

Beginning Thursday and continuing through Saturday the attraction at the Strand will be "One Law For Both," picturing an all star cast that is led by Rita Jollive.

The remainder of the current week is being devoted to "The Narrow Trail," the most worthy vehicle for the display of William S. Hart's talents that has ever been projected in Washington. All features are supported by short-reel features and orchestral accompaniment.

DO BIT IN U. S. AND BOYS WILL WIN OVER THERE

Rev. Dr. C. L. Godell Lauds Y. M. C. A. Campaign to Raise Funds.

"If you will put it over for the boys here; they will put it over, 'over there,' for you."

This was the appeal of Rev. Dr. Charles L. Godell, of New York, now directing the religious work at Camp Meade, before the workers in the Y. M. C. A. campaign to raise Washington's quota of \$100,000 for enlisted men in the United States service. Dr. Godell spoke at a dinner at the Y. M. C. A. last evening.

Total contributions yesterday were \$7,289, bringing the total subscriptions of the week, so far up to \$26,297. Charles C. Light's team led yesterday with a total subscription list of \$1,289. C. V. Wheeler's team reported \$1,071, and John Poole's team reported \$1,024, which included a \$500 subscription from George Otis Smith, president of the Washington Y. M. C. A., now recuperating from typhoid fever. Other teams reported as follows: Charles Henry Butler's, \$328; Julius I. Peyster, \$270; Dr. Loren E. T. Johnson, \$245; William A. Rawlings, \$201; Mrs. Huldekooper's, \$155; the camouflage company at American University Camp, \$25; the board of trade team, just organized, \$27, and the boys' department team \$20.

An appeal was made by the committee to business men having work which boys could do after school or on Saturdays to report the fact to the Y. M. C. A. Boys must earn the money they contribute, and they are given from now until April 1 to fulfill their pledges by their earnings. One thousand boys in Washington are expected to pledge \$10 each.

Speaking of the spirit of the Y. M. C. A. secretaries of Camp Meade, Dr. Godell said: "We have laymen out there who gave the buildings in which they work. One man offered to pay the salaries of ten singing teachers, and later said he would give any amount needed up to \$500 to help provide an evening's musical entertainment for the enlisted men."

SUES MOVIE PICTURE CONCERN FOR \$50,000

Suff Claims Photos Injured Reputation as Writer and Speaker.

The alleged exhibition by the Pathe Weekly, Inc., of the suffragist demonstration with banners in front of the White House on July 19 last, in which Helena Hill Weed was photographed, has caused her to sue in the District Supreme Court against the Pathe company, to lose money as some of her speaking contracts throughout the country were canceled on account of her alleged participation therein.

The picture, the plaintiff states, was

CABLE RATES PLEASE PAN-AMERICAN UNION

Officials of the Pan American Union were greatly pleased at reports here of the reduction in cable rates from the United States, South and Central American countries. Rates to all the countries were reduced by the cable company nearly 20 per cent.

"This material reduction in the cost of cables from the United States to South America," John Barre, director general of the Pan American Union, declared, "counts as most important step toward the development of closer relations commerce and of general intercourse between us."

BOILS AND CARBUNCLES ARE WORSE IN WINTER

If Your Blood Happens to Be in Bad Condition, S. S. S. Will Correct It Now.

The peculiar effect on the blood caused by the rapid changes of winter, the chilly blasts and dampness long continued, will undoubtedly have a disastrous effect upon your system if your blood happens to be in bad condition. You should not allow yourself to run the risk of suffering with boils and carbuncles, you should not willingly walk into the snare of pain and suffering of rheumatism or catarrh when you can put your blood in shape to prevent it by the simple method of taking S. S. S. for a short period during the fall.

Boils and carbuncles are evidence of disordered blood. They do not necessarily mean an inherited taint, but they tell you that your blood is poisoned—that the life-giving stream that should flow through your veins—pure, vigorous and healthy—has become upset, maybe by over-eating and drinking, possibly by constipation, stomach trouble or uric acid. Whatever the cause, your blood has become poisoned and you are not going to know what it is to feel entirely well until the poison and impurities have been washed from your system. The blood, purified and invigorated, will once more perform its normal function of keeping the body full of health and vigor.

S. S. S., a purely vegetable remedy, made of roots, herbs and barks, is just what is needed. It not only cleanses the blood of impurities and enriches and strengthens it, but gently builds up the entire system by its tonic effect. S. S. S. reinvigorates every part of the body, gives tone and vigor to the blood and as it goes to the different parts, carries health and strength. S. S. S. acts promptly and gives good results. It gives the blood power to drive out rheumatism, catarrh, boils, sores, ulcers, skin diseases and other blood disorders. Get it at your druggist's and take it now. Mean while, write us if you need advice. Our Chief Medical Adviser is ready to tell you what your best treatment is. Address: Medical Department, Drawer 5, Swift Specific Co., Atlanta, Ga.—Adv.

Can You? Plan a THANKSGIVING DINNER

\$7.50---\$5.00---\$2.50

Given to Washington women who send in the best Thanksgiving menus to The Washington Herald Menu Editor before Saturday, November 17, 1917.

Here's a chance for Washington housewives to show their culinary skill. Plan a dinner for the great American feast day—Thanksgiving Day—and send your menu to the Menu Editor of The Washington Herald.

The best menu, in the opinion of the Menu Editor, will be awarded \$7.50. The second best will be awarded \$5 and the third \$2.50.

RULES—Plan your dinner for five people; write on one side of the paper only; typewritten if possible, though not necessary, and address letters to the Menu Editor, Washington Herald.

The three Winning Menus, with the names of the women who submitted them, will be published in The Herald November 23rd, 24th and 25th—one each day.

SIMPLE WAY TO TAKE OFF FAT

There can be nothing simpler than taking a convenient little tablet four times each day until your weight is reduced to normal. That's all—just purchase a case of Marmola Prescription Tablets and follow directions. No dieting, no exercises. Eat what you want—be as lazy as you like and keep on getting slimmer. And the best part well as follows: Marmola Prescription Tablets are their harmlessness. That is your absolute safeguard—Adv.
