

PUBLIC SCHOOL TEACHER FACES SERIOUS CHARGE

Charles N. Thompson Suspended by Board Following Arrest.

The fate of Charles N. Thompson, teacher of Class five and principal of the Jefferson School, who has been suspended by the Board of Education, for an "offense against the morality and good order in accordance with the provision of Rule 70, governing the public schools of the District of Columbia," rests with the Board of Education, following a recess until Monday after an executive session of two hours and a half in the Franklin School yesterday.

Thompson was arrested November 5 by Bicycle Policeman E. M. Mansfield on a charge of driving an automobile while under the influence of liquor and was ordered to put up \$100 collateral for his appearance in Police Court, which he forfeited.

Permission was granted to the Fine Arts Commission by the board to use Central High School for lectures on November 2 and December 6.

War Leave For Teachers.

Superintendent Thurston's recommendation granting leave of absence for war service to teachers in the public schools who are called to the service in war camps as dieticians was approved.

The board granted permission to Rev. Earl Willey, of the Religious Administration Committee of the District War Service Commission the use of the auditorium in Central High School to hold a patriotic and non-sectarian religious service December 16.

RAILROADS SHY \$20 MILLION IN ANNUAL PROFITS

Ratio to Expenses Shows Increase of 6 Per Cent Since September 1916.

The railway revenues and expenditures of the large roads of the United States for September, as recorded by the Interstate Commerce Commission's compilation of the roads' monthly reports, made public yesterday afternoon, show that the railways of the country generally, in September, had an operating income of \$88,896,043 and a ratio of operating expenses to operating revenues of 68.10 per cent, compared with 73.59 per cent in September of 1916. For the same period last year the operating income was \$108,001,011.

For the nine months ending September, the operating income was \$738,688,542, and the ratio of expenses to revenues was 70.11 per cent, as compared with 65.96 per cent for the similar period last year.

Eastern Roads Suffer. The figures indicate that the brunt of the increase in expenses falls on the Eastern roads, the figures for the month showing a ratio of expenses to revenues of 71.58 per cent, as compared with 65.75 per cent for September last year. The compilation for nine months shows that the Eastern roads this year had an operating income of \$292,568,153, as compared with \$349,045,722 last year. The expenses-revenue ratios for 1917 and 1916 were 73.59 and 67.48 per cent respectively.

The nine months' compilation for the Southern roads shows a ratio of 68.41 per cent for 1917 and 69.19 per cent for 1916; for the Western roads, 66.46 per cent and 64.13 per cent. The table for all the roads for the nine months of 1917 show railway operating revenues of \$2,969,769,680; expenses, \$2,026,084,477; net revenues from operations, \$943,685,203; railway tax accruals, \$151,577,095; collectable railway revenues, \$469,996, which gives the operating income total of \$738,688,542, as compared with \$787,911 for the similar period last year.

Why Catarrh Always Comes With Windy Winter

Nature Gives a Cry for Help, that Will Make This Winter a Season of Good Health for You. Winter and Catarrh are companions in evil. Catarrh is sweeping civilization from one continent to another, because civilization does not follow Nature's laws. Nature tells us what to do and we pay no heed. Down deep in the body of man lie streams of blood, going everywhere and making a complete circuit of the body every few seconds. In these rivers, brooks and streamlets of blood flow millions of little soldiers called corpuscles, whose duty it is to heal hurts, expel the enemies of man—germs—from the body and carry away impurities.
