

HUNS MUTINY, KILL OFFICERS, FORM SOVIETS

Troops at Antwerp and Brussels Now in Full Revolt.

MOB RULE IN CAPITAL

Demoralization of German Army Increasing as Anarchy Comes.

Amsterdam, Nov. 14.—German troops are in full revolt at Antwerp and Brussels. A hundred officers have been killed in mutinies. Soviets have been established at both places.

At the British Front, Nov. 14.—The demoralization of the German army is increasing hourly. Brussels apparently has been given over to mob rule. Officers are being shot by the score.

Civilians arriving at Ghent today picture scenes of the wildest disorder within and behind the German lines. The German soldiers are burning and pillaging and the situation is bordering on anarchy.

Sixty Belgians were killed Saturday night. Scores were injured. The situation in Brussels so moved the Spanish minister and the Dutch consul, as well as a prominent lawyer of Brussels, that they hurried to Bruges and appealed to King Albert to take steps to safeguard the Belgian capital against the German menace, which is fast spreading.

Constitutional Reform Likely.

The correspondent learns that the King sanctioned a meeting of twenty Belgian parliamentarians to be held at Ghent tomorrow to discuss constitutional reforms with a view to establishing a new Belgian cabinet.

The Belgians are reported to be particularly enraged against some Flemings, who are accused of being pro-Germans and even spies. All Flemings of this character who could leave fled with the Germans.

In Ghent a Belgian woman who had sided with Germany was roughly treated by a mob that wanted to cut off her hair and thus brand her as a traitor to Belgium.

Gendarmes had the greatest difficulty with the most confusing and meager details reach here from Brussels, as few are allowed as yet to cross the allied line. The trouble, it is understood, began Friday when 200 mutineers, most of them Bavarian soldiers, scattered through the city and began crying "freedom." Fighting in the streets immediately followed and it became worse every succeeding day. Socialists are said to be in complete control of what is left of the German armed forces in Brussels.

Belgian Socialists also are said to be stirring up trouble among the Belgians. It is believed, however, that most of them are Flemings who fear entry of the allies into the capital.

GERMAN NOT STARVING, SAY FRENCH FOLKS

Starving Austrians Are Now Actually Fighting for Hotel Garbage.

CRY THAT OF A PIRATE

Belgium and Northern France, Having Nothing, Must Come First.

Paris, Nov. 14.—Prior to the publication here of President Wilson's note promising food to Germany if order is maintained, the newspaper L'Information said in an editorial this morning:

"It is untrue that Germany is starving. She reaped a harvest three months ago, and cleared Belgium and Northern France of everything. She requisitioned supplies from Rumania and the Ukraine. There is corn, sugar, cattle, and potatoes enough to feed her population.

"Germany had the gall of a pirate raising the cry of hunger after robbing us. Belgium and Northern France, having nothing, come first."

Berne, via Paris, Nov. 14.—A trainload of food will be sent into Austria immediately by the American Red Cross in Switzerland to relieve the terrible suffering of the Austrian people. Commissioner Bennett, of Boston, announced today. American Red Cross men will accompany the train. Part of the food will go to Rumanians, Serbians, Russians, and Austrian prisoners.

The Tyrol Suffering.

An American military commission which has just returned to Switzerland after investigating conditions in Austria, found 52 decomposed bodies in one hospital in the Tyrol, where the patients were left to their fate by the hospital authorities and attendants.

Secretary Epstein of the Austrian Red Cross, now in Berne told the correspondent today that the Austrian civilian population must starve within fourteen days unless relief is sent immediately. Meridith O'Neill, of St. Louis, of the American Red Cross, who left Austria when the United States declared war on her, arrived in Berne today and reported the conditions in the former monarchy as frightful. "The poor are fighting for hotel garbage," is the way he summed up the situation.

LABOR CHEERS LLOYD GEORGE

British Prime Minister in Speech Favors Present High Wages.

London, Nov. 14.—Prime Minister Lloyd George, in an address here yesterday to representatives of employers' associations and trade unions of the country's principal industries, expressed great gratification at meeting so representative a body under the "present felicitous conditions." He was received with loud and prolonged cheering.

Among the employers and work people represented at the meeting were men engaged in the following trades, among others: Engineering, shipbuilding, steel, iron, cotton, woolen, worsted, chemical explosives, boot and shoe, transportation, printing, hosiery, coal, mining, railways and shipping.

The government, said the prime minister, wished to have the assistance and advice of employers' associations and trade unions as to the course which should be adopted to make provision for carrying out the pledges which were given by the government to trades unions in 1915, at the time when the unions were requested to relax during the period of the war their trade union practices and customs, and to provide for questions now arising in connection with wages.

To Carry Out Pledge.

The government intended said the Prime Minister, that the pledge given should be carried out. The matter, he declared was one which should be considered at once by employers and work people in the trades concerned.

It was the policy of the government to provide that during the immediate transition period the present level of wages, due as it is to the high cost of living, should be maintained for at any rate a period of six months unless altered by agreement or reference to an independent tribunal.

The Minister of Labor explained in detail proposals which the government had under consideration of a joint committee, which the meeting was asked to appoint forthwith.

URGE WIRE CONTROL BY U. S. BE STOPPED

Association of Commissioners Makes Plea to Burleson.

Recommendations to the Postmaster General that federal control of the telephone and telegraph lines cease as soon as practicable were resolved upon by the convention of the National Association of Railway and Utilities Commissioners yesterday in the Interstate Commerce Commission room.

The work of the National Bureau of Standards was commended, and closer co-operation between it and the State Commissions was argued.

Postmaster General A. S. Burleson addressed the convention upon the federal assumption of the telegraph and telephone lines. He invited the co-operation of the State Commissions, and announced that he would appoint one representative of the state commissions on the Postoffice Department's Commission and one on the commission on telephone rates.

The Association decided to hold its next annual meeting in Indianapolis, beginning October 14, 1919.

U. S. INVENTORS TO MEET.

The American Inventors' Association will hold a special meeting to fight at 3 o'clock in the Board of Trade rooms of the Star Building.

CROWN PRINCE IS SAFELY INTERNED

Official Here Says He Is Still Alive.

The former crown prince has arrived safely in Holland and has been interned by the Dutch government. It was officially announced yesterday afternoon by the State Department. The same cable brought news to the effect that the former Empress of Germany was momentarily expected to join her husband, who has been reported to have designated himself "Count Hohenzollern." The latter designation, however, the State Department has no information.

The announcement, though, disposes of the many reports received from different neutral sources during the past few days, which variously pictured the one-time heir to the German throne as assassinated by his soldiers at the front and also with his father in exile.

The prompt action of the Dutch government in interned the crown prince may be indicative of its final action with regard to the former Kaiser. It was suggested yesterday. The latter, according to late dispatches, is virtually a prisoner, as Dutch gendarmes constantly patrol the estate at which he is a guest.

GERMAN FRAUS ASKS LENIENCY

Cable Mrs. Woodrow Wilson for More Liberal Armistice Terms.

The women of Germany have made use of the Nauen wireless in communication with the women of America, through Mrs. Wilson. Wireless messages were "picked up" by the new Military Intelligence station at Haulton, Maine, yesterday, showing that Nauen station, which the German military party has been using for years for its propaganda, and which was much exposed for the peace parleys, has now been taken in hand by the new Republican government.

The first messages were addressed to Mrs. Wilson and Miss Jane Adams. They indicate that the stories of German famine during the war were true, in spite of frequent denials.

A Plaintive Appeal.

The messages were made public by the War Department tonight: Berlin, Nov. 12, 1918.

To Mrs. Woodrow Wilson, White House, Washington, D. C.:

Madam—According to the terms of the armistice, Germany has to furnish a very large part of the rolling stock of her railways. At the same time she has to feed the troops of her former enemies in the occupied provinces of Germany. The German women and children have been starving for years. They will die from hunger by the million if the terms of the armistice are not changed. We need the rolling stock of the railways to bring the food from the farms to the cities.

It will be impossible to feed the soldiers of the occupying armies if we cannot get large amounts of food from overseas. The women and children all the world over have been the innocent sufferers of this terrible war, but nowhere more than in Germany.

Let it be through you, madam, to implore our sisters in the United States of America, who are mothers like ourselves, to ask their government and the allied governments to change the terms of the armistice so that the long suffering of the women and children of Germany may not end in unspeakable disaster. For the National Council of Women of Germany. (Signed) GERTRUD BAUMER ALICE SALOMON.

At the same time she has to feed the troops of her former enemies in the occupied provinces of Germany. The German women and children have been starving for years. They will die from hunger by the million if the terms of the armistice are not changed. We need the rolling stock of the railways to bring the food from the farms to the cities.

It will be impossible to feed the soldiers of the occupying armies if we cannot get large amounts of food from overseas. The women and children all the world over have been the innocent sufferers of this terrible war, but nowhere more than in Germany.

Let it be through you, madam, to implore our sisters in the United States of America, who are mothers like ourselves, to ask their government and the allied governments to change the terms of the armistice so that the long suffering of the women and children of Germany may not end in unspeakable disaster. For the National Council of Women of Germany. (Signed) GERTRUD BAUMER ALICE SALOMON.

To Jane Addams, Hull House Chicago: German women, foreseeing their famishment and misery for their country, urge that American sisters be given immediate relief of truce conditions regarding terms of demobilization blockade, rations, locomotives. GERMAN FRAUS ASKS LENIENCY

Cable Mrs. Woodrow Wilson for More Liberal Armistice Terms.

The women of Germany have made use of the Nauen wireless in communication with the women of America, through Mrs. Wilson. Wireless messages were "picked up" by the new Military Intelligence station at Haulton, Maine, yesterday, showing that Nauen station, which the German military party has been using for years for its propaganda, and which was much exposed for the peace parleys, has now been taken in hand by the new Republican government.

The first messages were addressed to Mrs. Wilson and Miss Jane Adams. They indicate that the stories of German famine during the war were true, in spite of frequent denials.

A Plaintive Appeal.

The messages were made public by the War Department tonight: Berlin, Nov. 12, 1918.

To Mrs. Woodrow Wilson, White House, Washington, D. C.:

Madam—According to the terms of the armistice, Germany has to furnish a very large part of the rolling stock of her railways. At the same time she has to feed the troops of her former enemies in the occupied provinces of Germany. The German women and children have been starving for years. They will die from hunger by the million if the terms of the armistice are not changed. We need the rolling stock of the railways to bring the food from the farms to the cities.
