

Financial News--Stock Market Prices

RECORD SET BY INDUSTRIALS

Market Is Strong All Day And Closes with Many Net Gains.

By BROADWAY WALL. New York, July 1.—In spite of a money rate that ran up to 10 per cent for industrials today, the stock market was strong throughout the day and closed with many net gains.

The constructive news of the day included an offer by the United Rail Stores Corporation to buy the stock of the United Cigar Stores Company, giving two shares of the new for one of the old.

Professionals were surprised at the action of the market as they had expected it to sell off in view of the three stock exchange holidays.

Sugar shares were buoyant with American Sugar advancing five points. The crop this year is to be the greatest on record.

The demand is of record proportions and there are plenty of ships. But the refiners are unable to turn out the finished product fast enough to supply the demand.

Curb Market. Parished by Sullivan & Co., 1421 G st. N.W.

Washington Stock Exchange. Sales. Columbia Electric Co. \$2.00 at 38.

Coal Production Dangerously Below The Safety Line

The chart below shows the perilous situation which confronts coal consumers today. It is an exact copy of the report issued June 24 by the United States Geological Survey.

It promises to stay there unless YOU BUY YOUR COAL NOW. Seeing is Believing Study the Chart

Coal consumers have failed to buy for use during the coming Fall and Winter. Thus it has proved impossible to keep coal moving from the mines, and production in consequence has badly slumped.

In making public the above chart, the United States Geological Survey warns you as follows: "The best time in the year for laying in stocks of coal for next Winter is rapidly passing, with no evidence of general buying for this purpose."

BUY YOUR COAL NOW! National Coal Association Commercial Bank Building, Washington, D. C.
