

GIVE PATRIOTIC FETE AT U. OF VA.

Interior to Present Pageant At Centennial Tomorrow.

In honor of the centennial anniversary of the founding of the University of Virginia, July 4, the Department of the Interior has been invited by the faculty of the University to present "The Continental Congress," a historic pageant, written by Dr. J. L. McBrien, of the educational branch of the Interior Department.

Members of the pageant will leave Washington in a special car this afternoon. First Assistant Attorney General W. S. Patterson, of the solicitor's office of the Interior Department, will have general charge of the excursion.

Residents of Washington will represent the leading characters of the play in Charlottesville, except that of Thomas Jefferson. This character will be supplied by the University.

The cast of characters includes: George Washington, Col. M. M. Waters; Hancock, President of the Continental Congress, A. W. Patterson, first assistant attorney of the Interior Department; Richard Henry Lee, W. S. Patterson; Bureau of Education, Interior Department; John Adams, Philip M. Riefkin, Bureau of Mines; John Dickinson, W. R. Layne, Indian Bureau; Roger Sherman, Homer Smith, Indian Bureau; Benjamin Franklin, John R. Grace, Pension Bureau; Edward Rutledge, J. W. Witten, solicitor's office; Thomas McKean, Joseph J. Cotter, Secretary's office; William Hooper, Capt. D. W. Thayer; Robert Morris, William McGee, General Land Office; Patrick Henry, L. C. Foster, Indian Bureau; William Floyd, J. F. Abell, Bureau of Education; Joseph Hewes, Robert Connell, Secretary's office; Charles Thompson, secretary of Continental Congress; John B. Torbett, division of surveys; Benjamin Harrison, Andrew Jordan Green, Pension Bureau, and George Read, Dr. J. L. McBrien, of the Bureau of Educational Activities for the Interior Department, who is author of the pageant.

DANIELS ASKS PROBE OF FUEL OIL PRICES

The Federal Trade Commission, Secretary of the Navy Daniels announced yesterday, had been asked by him to make a special report on the cost of producing fuel oil of the Pacific Coast.

This action of Secretary Daniels is said from the general investigation of the price of oils, and was taken because of his recent announcement that he was obliged to commandeer oil at \$1.25 a barrel as an initial payment in order to meet what he called today the "ungodly prices" which condemn on the Coast were seeking to get from the navy.

Police News

Woman's Hosiery Stolen.

Two small colored boys are being sought by the police for the theft of two boxes of women's hosiery which disappeared yesterday from the store of Rosalee Jesse, 1412 Fourteenth street northwest. The police have a description of the alleged thieves and expect to have them and the hosiery before many hours have passed.

Work Old Scheme.

The old scheme of one man engaging the attention of the storekeeper while the other rifled the store was successfully worked on F. I. Takahashi, 1928 Fourteenth street, by two colored men last night. Entering the store one of the men asked to see some wearing apparel and while he was being shown the goods he asked for, the other helped himself to two Panama hats, an old rose silk sweater, lavender color kimono, and a pair of work pants. The total value of the loot is \$40.

Jimmy Front Door.

A diamond ring, set with diamonds and rubies, valued at \$300; a diamond platinum breast pin, valued at \$150, and a gold bracelet one inch in width, comprise the loot taken from an apartment at 2116 P street sometime yesterday. Catherine V. Humphries reported the robbery. Jimmy marks on the front door showed how an entrance had been forced.

Loot Naval Officer's Abode.

Jewelry valued at \$1,500, and \$900 worth of liberty bonds and war savings stamps were stolen from the apartment of Comdr. Walter H. Lasinger, in the Decatur, 2131 Florida avenue, by a thief who used a jimmy to pry open the front door. Gone only a half hour, the commander returned to find his apartment looted. A diamond breast pin set with seventy-five small and one large diamond was valued at \$1,400.

Accidental overturning of an oil lamp by the house of Mrs. Frances Bland, 467 K street southwest, yesterday morning, set fire to furniture and caused damage estimated at \$50. The loss is covered by insurance.

Dead Flies Bring Cash in St. Louis.

St. Louis, July 2.—The "swat 'em" season's here. Richard Shaw and Richard Poorer sold thirty-three quarts of dead flies for \$13.

NOTED SUFFRAGE LEADER IS DEAD

DR. ANNA HOWARD SHAW.

DR. ANNA H. SHAW, SUFFRAGE CHIEF, DIES AT THE AGE OF 71

CONTINUED FROM PAGE ONE.

In 1878 she was graduated from the Boston School of Theology in 1878, paying her way through school and college by preaching and lecturing. She suffered extreme poverty during this period, living in an attic in Boston.

After seven years' service as preacher to a small flock at East Dennis, Mass., Dr. Shaw resigned from the pulpit to take up the fight for temperance, for suffrage and for social purity.

Dr. Shaw first became a lecturer for the Massachusetts Woman's Suffrage Association and from 1886 to 1892 was national superintendent of franchise.

On the resignation of Dr. Shaw's most intimate friend, Miss Susan B. Anthony, in 1900, the presidency of the National Woman's Suffrage Association rested between Dr. Shaw and Mrs. Carrie B. Chapman, whom Miss Anthony finally chose as the most experienced, while Dr. Shaw was made vice president at large. However, in 1904 Mrs. Chapman was compelled to resign on account of ill-health and Dr. Shaw succeeded her as president of the national association from 1904 to 1915.

ELKS PROVIDE DAY FOR KIDDIES

Plans to Take Orphans of D. C. and Alexandria To Glen Echo.

The Washington Lodge of Elks is planning to take the orphans of Washington and Alexandria, Va., on an outing to Glen Echo, Md., on the management of Glen Echo has given over the entire park to the little ones for that day, and the Elks will be there to see that their every desire is fulfilled. The children—numbering about 1,200 or 1,300—range in age from 4 to 14 years, and each will receive in addition to an excellent lunch, with ice cream and cake—a toy suitable for his or her age.

This has been a custom of the Elks for some years. The following committees will have charge of the outing: The committee on arrangements—E. H. Neumeyer, Jr., chairman; E. J. Murphy, secretary; M. G. McCormick, treasurer; Henry Hall, advisor; J. F. Rupertus, commissary; F. J. Mersheim, transportation; L. B. Richards, grounds; Sam Richards, toys; John Hogan, public order; Arthur L. Buckman, press; William F. Walter, physicians; Sidney B. Lust, moving pictures; Dr. J. Schrott, Anton A. Auth, Frank Garman.

General committee—P. J. Callan, James L. Ward, Charles J. Johnson, James A. Farrell, F. M. Pierce, Samuel Kimberley, W. A. Hettlinger, Louis Hodges, E. J. Schrott, Anton A. Auth, Frank Garman.

Asylums—G. E. Beckman, Washington City; Julius Weng, St. I. (N. C.); E. T. Simpson, Bruen Home; P. J. Foley, St. Joseph's; Tracy M. Payfair, Jewish Foster Home; Jas. L. Ward, St. Rose Industrial; W. Werner, Episcopal Home; Charles G. Rofler, Good Hope; D. R. Mitham, Baptist Home; P. J. Callan, St. Ann's Infant; Pat Murphy, Washington Emergency Recreation Home; Charles J. Johnson, Home Industrial School; Frank A. Brown, Swastika Home for Children; E. A. Gatti, Salvation Army and Gospel Home.

Big British Blimp 880 Miles on Way at Midnight Report

CONTINUED FROM PAGE ONE.

proved herself to be more steady in rough weather than the ordinary ocean liner.

Her crew of thirty men have quarters as comfortable as the officers of the big British liners. A 500-foot deck runs above and connecting the five gondolas gives them plenty of opportunity for exercise if they get tired of their quarters in the cars.

Electric Heating and Cooking.

Electric heating and cooking apparatus also will contribute to the comfort of officers and crew during the trip, while wireless equipment of wide radius, navigating instruments of the latest design and two reserve motors guarantee safety. Only three of the five motors are to be connected up at the same time during the voyage. Sufficient gasoline is carried for a trip of 6,000 miles at average speed.

Before leaving East Fortune this morning Maj. Scott indicated that no attempt would be made to push the airship to her top speed at seventy knots.

Just before he climbed aboard the R-34, Lieut. Comdr. Zachary Landowne, U. S. N., who is making the flight on the dirigible, sent the following message to his 4-year-old son, Falkland, at Grand Rapids, Wis.: "I expect to arrive in the United States in an airship by the end of the week. I will see you soon. Cheer! Dad."

Sandy, the curly haired puppy that is the big dirigible's mascot, did not accompany the trip. He was left behind because his air legs are not good enough for a long voyage. He always gets airsick, the men of the R-34 explained.

Just after Maj. Scott climbed into the cockpit, Sandy was lifted to the window. The puppy grinned and wagged good-by.

Wants to Ride with His Daddy in Big Blimp

Grand Rapids, Wis., July 2.—"Gee!" This was the comprehensive exclamation of Falkland Landowne, aged 4½, when he was read the message sent him by his father, Lieut. Comdr. Zachary Landowne, U. S. N., who is on his way to America on the British dirigible R-34.

The lad sidled from the knee of his grandfather, Falkland Mackinnon, and shouted excitedly: "Daddy will come and drop right here in the yard. I bet. Then I'll run out and kiss him, and he'll pick me up and put me in the seat and I'll ride away with him—way off."

"Well, there'll be no sleep for that kid until his dad comes," Grandfather Mackinnon added with a resigned smile.

Another Unit Leaves Russia.

Sailing of the first battalion of the 20th Engineers from Archangel, Russia, June 27, on the steamship Steigerwald, was announced yesterday by the War Department. The steamer is due at Brest July 6.

Dies on Second Day of Drought.

Oklahoma City, July 2.—Although he could go days without drink, "Pole," camel at the local zoo, could not face an endless national drought. He died.

NEW REVOLUTION SWEEPS OVER WAR TORN HUN EMPIRE

Illegal and ordering the immediate arrest of all workmen who talk about striking.

Noke's eleventh hour attempt to soothe the feelings of the radicals has failed and served only to complicate an already delicate situation. Every-where huge crowds parade the streets that are not patrolled shouting "Down with Noke!" Even one of his special-ly trained regiments have declared themselves disgusted with the man and his tactics.

Demand Dictatorship.

Hugo Haase, Herr Hoffman and other radicals are demanding a dictatorship by the proletariat. Noke answers this demand by stringing barb-wire entanglements in the streets of Berlin and elsewhere. The more energetic Noke becomes in attempting to force down the throats of the radical element that he intends to suppress them whether or no, the more the strike extends.

Strike agitators have succeeded in tying up most of the transportation facilities in the large cities. Even trains carrying the much-needed food are halted far from the outskirts of the cities to which they are consigned.

The candor and boldness with which the independent Socialists and the Communist henchmen are playing their cards show that they feel more sure of their footing now than they did during the March revolt.

Regarded as Political.

However, Noke seems to regard the present strike movement as a purely political movement and is determined to treat it as such. He is nevertheless not underestimating its possibilities.

With hunger stalking in the poorer quarters of the large German cities and no prospect of a settlement of the threatened nation-wide strike in sight, Germany today is about to enter on a huge internal contest on an empty stomach.

The strikers and the radicals do not seem to care anything much about their own stomachs, judging from the attempts to shut off the food supply. However, the striker will not be the only one to starve, Noke's troops and sympathizers will also feel the pinch of hunger, the strikers declare.

London, July 2.—Beginning their offensive between the Fruth and Sereth rivers, the Ukrainians crossed the Sereth, Gaita-Lypa and Strypa rivers. Included in the territory they have conquered are the railway junctions of Agnopol, Norody, Brzespany and Stanislaw.

Baile, July 2.—Dispatches from Vienna today said that according to news from Galicia, the Ukrainian army under Gen. Grakov, which the Poles were believed to have crushed, has begun a whirlwind offensive in which it has occupied a large section of Eastern Galicia.

Coblentz, July 2.—A republic composing the Rhine south of Hesse, upper German Austria, is being formed with headquarters at Darmstadt. It was reported here today. Reports said the new government was under the presidency of Herr Willich.

The movement intends dispensing with the Prussian administration although remaining in Germany.

Vienna, July 2.—The mass meeting held yesterday in a supreme effort to proclaim a soviet republic in German Austria proved a fiasco. Socialist leader Adler reported that the proletariat was opposed to the introduction of the soviet system.

"Cooties" Keep 'Hoppers' on Jump.

Cadillac, Mich., July 2.—"Cooties" are keeping grasshoppers on the jump around here. Examination showed some 'hoppers' to be covered with red lice which entomologists say will eat up the grasshopper.

WILSON TO FIGHT FOR ENTIRE PACT

Devoting Much Time to Address Which Will Cover A Wide Range.

Aboard the U. S. S. George Washington, July 2.—President Wilson's address to Congress on his return to Washington will be the longest and most comprehensive state paper of his administration, covering an unprecedented wide range of subjects. Mr. Wilson is devoting much time daily to the working out of his address.

The burden of his argument will deal with the necessity, as he sees it, of acceptance by the Senate of the peace treaty, without any amendments or reservations whatsoever. The reasons for this necessity he proposes to clear up thoroughly. They are in the main the same reasons upon which was based the Peace Conference's refusal to permit China to sign with reservations—reasons which the President will argue are fully operative also as regards the United States.

The President will not visit New York on his arrival, but will proceed to Washington in a special train from Boston. The address, Mr. Coopers will be his first comprehensive public utterance, though he is expected to make a brief address aboard ship on July 4 which, however, will be strictly general patriotic in tone, without touching on the all absorbing peace questions.

Interested in German News.

The President was deeply interested in the news received by wireless of former Chancellor von Bethmann-Hollweg's offer to take the former Kaiser's place at the proposed trial for war responsibility. He also read with much interest the report of Germany's wealth-taxing plans.

Mr. Wilson expects to start on his country-wide speaking tour as soon as possible after his arrival in Washington.

Secretary Lansing is sending the President daily reports by wireless from Paris about the progress of the peace work with Austria and Italy.

The George Washington is making about 400 miles a day.

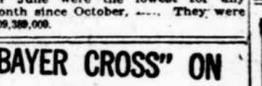

2,000 German Prisoners Riot.

London, July 2.—A riot of 2,000 German prisoners of war in the Osewetry camp today was quelled by British government troops. Bayonets were used freely. The riot was caused by delay in giving the prisoners their rations.

Expenditures Show Decrease.

Figures, made public by the Treasury yesterday show that expenditures for June were the lowest for any month since October, 1918. They were \$509,398,000.

"BAYER CROSS" ON GENUINE ASPIRIN

"Bayer Tablets of Aspirin" to be genuine must be marked with the safety "Bayer Cross." Always buy an unbroken Bayer package which contains proper directions to safely relieve Headache, Toothache, Earache, Neuralgia, Colds and pain. Handy tin boxes of 12 tablets cost but a few cents at drug stores—larger packages also. Aspirin is the trade-mark of Bayer Manufacture of Monoacetic diester of Salicylic acid.

Dr. J. Schrott, Anton A. Auth, Frank Garman.

Representative Would Stop Work on Hospital Here

The United States Public Health Hospital at Eighteenth and Virginia Avenue northwest will be cut off from an appropriation of \$100,000 if the suggestion of Representative Good, of Iowa, to Secretary of the Treasury Carter Glass is complied with.

Representative Good, who is chairman of the House Appropriations Committee, stated in his letter that a probe of expenditures on public health hospitals by Congress is necessary before any more money is appropriated for them. It is claimed that new hospitals are being built when those already constructed have empty beds.

The burden of his argument will deal with the necessity, as he sees it, of acceptance by the Senate of the peace treaty, without any amendments or reservations whatsoever. The reasons for this necessity he proposes to clear up thoroughly. They are in the main the same reasons upon which was based the Peace Conference's refusal to permit China to sign with reservations—reasons which the President will argue are fully operative also as regards the United States.

The President will not visit New York on his arrival, but will proceed to Washington in a special train from Boston. The address, Mr. Coopers will be his first comprehensive public utterance, though he is expected to make a brief address aboard ship on July 4 which, however, will be strictly general patriotic in tone, without touching on the all absorbing peace questions.

LAW PROHIBITS FIRECRACKERS

Sparklers Only Fireworks Permitted in D. C., Says Pullman.

A warning that it is against the law to shoot firecrackers in the District was given out by Maj. Pullman last night. Sparklers are the only fireworks permitted. Calling attention to the danger surrounding the use of "sparklers" the major stated that there was one fatality occurring from the use of these last year. A little girl was so badly burned when her clothing caught fire from a sparkler that she died the next day in a hospital.

The police regulation covering fireworks is as follows: No firecracker, squib, or other fireworks, nor noise-making explosives of any kind shall be sold and delivered, discharged or set off within the city of Washington or the fire limits of the District of Columbia, or in the more densely populated portion of said District. The same regulation prohibits the discharge of firearms, cannons or torpedoes.
