**NITTI FORMS NEW CABINET**

Catholic Party Represented After Weeks of Political Chaos.

**LABOR IS BELLIGERENT**

Italians Refuse to Profit by Lessons Taught French Comrades.

(Washington Herald-Public Ledger Service, Special Cable Dispatch.)

Geneva, May 22.—After nearly two weeks of political chaos, Signor Nitti has succeeded in constituting a new cabinet, which differs from the old one only in that the Catholic party is represented.

Persistent rumors of an imminent coup d'état, planned by Gen. Peppino Garibaldi, helped to hasten a solution of the crisis. Fears of Garibaldi's ostensible coup were so great in Rome that large bodies of troops were concentrated in the military quarter around Monte Clitorio.

Signor Nitti accepted the Catholic party's demand concerning the liberty of public instruction and recognition of the so-called "White Labor Unions," which are anti-Socialistic Catholic organizations of workers.

**Majority Almost Assured.**

The concessions to the Catholics involve an intensified socialistic opposition against Nitti, but nevertheless it is expected he will be able to muster a large though somewhat unreliable parliamentary majority.

Unfortunately there is no sign that the Italian labor leaders have learned lessons from the disaster that has overtaken their French comrades. The executive committee of the Italian Socialist party has just issued a manifesto in favor of a "Communist Loan" among the workers.

The avowed object of the loan is to raise funds to be used in preparation of the overthrow of bourgeois society and the development of a proletarian rule.

It is the first time a loan of that kind ever has been advocated in any country.

**Italian Workers Hysterical.**

A veritable hysteria prevails among the Italian workers in consequence of the Polish victories over the Red armies. Everywhere railroad employes and dockers are holding up trains and ships which they suspect are loaded with war materials for Poland. Thus four steamers were forcibly prevented from leaving the port of Trieste because the Italian Socialist party has just issued supplies for the Poles and Rumanian armies.

The strike epidemic, which strangely enough, abated during the "latent revolution" so long that she is growing accustomed to it and probably will eventually get over her troubles like the rest of Europe.

**Fatal Tarheel Riots End; Call for Troops Rescinded**

Nashville, N. C., May 22.—Requests for troops to quell race rioting at Fayetteville were cancelled today when the situation became quiet.

Fighting between officers and negroes resulting in the arrest of a negro, whose daughter was alleged to have attacked a white girl, H. G. Butler, a civilian, was killed, and Deputy Sheriff Moore wounded, perhaps fatally.

A call for troops was issued when whites entered the negro quarter and freed dwellings.

**SEVEN SEPTUAGENARIANS OF THE SENATE.**

That pessimistic scientist who claims a man's usefulness is over at 60 should go up to the National Capital where seven Senators well over 70 are still playing active rolls in Congress. They are: Senator Bragg Comer, of Alabama; Senator Knute Nelson, of Minnesota; Senator William Dillingham, of Vermont; Senator Carroll S. Page, of Vermont; Senator Le Baron Colt, of Rhode Island; Senator Emroy Warren, of Wyoming; Senator John W. Smith, of Maryland.

**VETO ON PEACE BEING WRITTEN**

President Believed to Be Inditing Message to Congress.

President Wilson is believed to be writing his message to Congress vetoing the Knox peace resolution.

It will be sent to the Capitol very shortly after the resolution is received at the White House, according to all indications.

The President's message may practically enunciate the treaty plank which the Democratic convention will be asked to incorporate in the platform at San Francisco.

Before the Senate adjourns, Kenyon has given notice that he will demand "a test of strength" in the Senate. He has been assured that the Democrats will vote almost unanimously in favor of Congress remaining in session.

**TEST FOR POLICEMEN TO OPEN WEDNESDAY**

Competitive examinations for positions on the Washington police force will be held every Wednesday, commencing May 26, by the Civil Service Commission, it was announced last night.

The tests will include spelling, arithmetic and other subjects. Local geography has been eliminated from examinations.

There are fifty vacancies on the force, E. B. Hesse, chief clerk of the department, said last night. The most important feature is a rigid physical examination.

**DECLARES CREDIT IS NATURAL GROWTH**

"A credit bureau can by no means have a mushroom development," said David J. Woodlock, executive secretary of the Retail Credit Men's National Association, at a luncheon at which he was the guest of Stephen H. Talbot, manager of the Merchants and Manufacturers' Association credit bureau, yesterday.

"It is through the exercise of serious and purposeful co-operation that the merchant-owned credit bureaus all over the United States are meeting with wonderful success," Woodlock said.

Leo Baum, of Goldenberg's; David Sanger, of Phillipsborn's; Max Fisher, of Woodward & Lothrop; F. E. Mack, of Woodward & Lothrop, and A. V. Hoffman, of Saks & Co. were joint hosts with Talbot at the luncheon. Woodlock made a one-day stop in Washington while on his way to Pittsburgh.

Disgruntled Pen Women to Take Action on Formation of New Club.

Total disruption of the League of American Pen Women, which has been threatening the organization since the election as president last Tuesday of Mrs. William Atherton de Puy, following the contestation of the selection on a previous occasion of Mrs. Florence Jackson Stoddard as head of the league, will be discussed at a meeting at Mrs. Stoddard's residence, 2019 N street northwest.

Although it is not Mrs. Stoddard's intention to organize a league in opposition to the present one, indications point to the fact that wholesale resignations from the old organization will follow the setting up of the new one.

"Several members of the League of American Pen Women have signified their intention to resign in a body," said Mrs. Stoddard last night, "despite my request that they make an effort to be amicably associated both with the league and with the organization we plan to establish. These members consist for the most part of women who have requested me to organize the new society."

"What the league has planned for the coming year I don't know," she concluded. "This new organization will be set up on a strong basis and, although no definite plans have been laid for the first months of its establishment, I am assured that we will not conduct our affairs as has the old league during the past year."

The ceremony of unveiling an imposing monument to Dutch settlers in the city square of Gloucester, Ohio, was set for a recent date, but the unveiling of the monument had to be postponed because the monument was lost on its way from North Carolina.

**MILITARY ORDER PLANS DINNER HERE, TUESDAY**

The annual dinner of the District of Columbia Commandery of the Military Order of Foreign Wars of the U. S. will be held at the Army and Navy Club Tuesday evening at 8:30 o'clock.

Rear Admiral A. F. Niblack, director of the office of naval intelligence, head of the local commandery, will preside. This military order, founded in 1884, restricts membership to those having actually participated in U. S. warfare, or those directly descended from commissioned officers who took part in any of the wars of the United States against foreign foes.

**Masons Plan Baseball Game for Home's Benefit**

For the benefit of the Masonic and Eastern Star Home, the annual baseball game between teams representing Almas Shrine and the Kallipolis Grotto will be played at American League Park, June 12.

Proceeds from the last four annual games amounted to \$19,111, and it is hoped that this year's contest will bring at least half of that. Tickets may be bought from the secretaries of the various Masonic lodges and Eastern Star chapters.

Y. M. C. A. huts formerly used in Germany with the army of occupation have been floated down the Rhine to Belgium, where they are helping to solve the housing problem in the devastated districts by being used as lodgings and assembly halls.
