

CRANK WINS THE CAPITAL TRIANGLE--RACE COMMENT AND SELECTIONS BY COLLYER AND HIGHWAY

COLLYER'S COMMENT on the SPORT OF KINGS

Dinty Moore. This is the XXX special sent along by "Chief" Brown, one of the fairest-minded clockers in the business. Lamp the gab appended by the versatile James. "This bird is just now at his best. I have tabbed him closely. Should win his heat today and at a good fair price."

Bally Mooney, which is tuned to concert pitch, should win for the "Admiral" today. Fact of the matter is I like her so well that I make her "seven points best." You can add your own "tenth."

Down at Death Valley, the word has been passed on Geo. Starr. Ed Trotter has the horse finer than any other in the stable. On the occasion of his recent defeat I have it the stable dropped \$3,000. He has quite a call in today's race. Tacola would be better suited in the going turns muddy, while O'Neil is a way possessor plenty of speed but in an awful bound--and dogs it when hard pressed. Blackie Daw was the overnight "tip" among the smart set. Those who presume to know state that "Kirble has the dough planted in China."

CROSS COLORS AGAIN IN FRONT

Crank Runs in Fine Form, Outgaming Motor Cop In Stretch. Running back to the same good form which he displayed last Saturday when he easily defeated St. Louis under the colors of Samuel Ross, Washington colors, outgamed Commander Ross' Motor Cop to win "The Capital Triangle" at Laurel yesterday afternoon, the feature purse with \$5,000 added.

By HIGHWAY. Eastern gets into action today with the reorganized Gonzaga High eleven at the Rosedale gridiron. The North Capitol street boys are new at the game and have never played under a coach. Business is putting in some hard licks in preparation for their game with Tech at the stadium on Friday. Tommy Somerville, captain and end, is giving the squad drilling and is pleased at their showing to date.

Everett Burke, quarterback and captain of the Western eleven, was the bright light in the game between Tech and Georgetown Prep yesterday. He showed his old time form in running the ball and in calling signals. Tech will be represented by one of the best teams in its history this year. They will play business tomorrow in the first championship game of the season. Plenty of speed, both in the line and backfield, good headwork on the part of the backs, and loads of pep are great factors in the strength of the Maroon and Gray.

Long Shot Scores in Third. A long shot scored in the third race when Austin's Belario found an opening in the stretch to come from behind by a narrow margin over McLean's, who collected the pair had the race sewed up. Eddie Jones and Eddie Duffy, two of the recently injured players of Central, returned to practice for the first time yesterday in a week. Neither of them went through the whole drilling.

Harry Payne Whitney uncovered an excellent 2-year-old filly in the opening dash when he sent Charity to the post. Charity caused a great deal of disturbance at the post and was off poorly, but proved she was a good one by riding over her field and catching the fleet-footed Blue Belle. The latter had dashed into a long early lead and just missed. Gallot a couple of lengths in back of the two leaders, won the show place in the drive.

Shortly after this race, while schooling, the jumper Winooki fell and broke his leg, being destroyed a few moments later. Another surprise came in the fourth event when A. H. Morris' Transient proved to be an easy winner over Loug Storm and Polly Ann Teepson, one which has earned a good deal of so-called wise money in his previous starts, won the sixth race. Pawnee II, an outsider in the betting, dashed out into a long early lead and marked the place and the place. American Eagle saved the third hole.

Paddy Dear was pounds the best in the nightcap and won easily. "Dick" Pendergast's Thistle got off easily second best, while Muskegon, one which acted badly at the post, won the smallest division of the purse for his owner.

WHEAT GIVES GRIMES CREDIT

Brooklyn Captain Declares Come-back Was Typical Of Team's Work. By ZACH WHEAT. Captain of the Brooklyn Dodgers, Ebbets Field, Brooklyn, Oct. 6--Well, it's another story today. There's nothing like being hospitable and giving your visitors a kindly welcome, especially when you have no doubt of your own ability to make up for such courtesy.

Today's game was a typical Dodgers' come-back. It's the season's history repeated. We have always been able to come back the next day after a run of bad luck like we had yesterday. And in fact, as our pennant shows, we've done better than that. I consider today's a right good game. Grimes outpitched Bagby, although he was a little wilder at times. He was able to tighten up at the crucial point each time, however. And he defeated the man who had thirty-one victories to his credit this season.

Grimes Good in Pinches. With two men on bases and only one out that time in the eighth, the fact that the Indians didn't get a run is proof enough that Grimes was pitching pretty good ball. He tightened up in the pinch and made it a complete shut-out. At that the hits were the same number for both sides again today--seven apiece.

Comparing Grimes with Coveleskie, I don't feel that the man who beat us yesterday has anything on Burleigh. Coveleskie's control was wonderful, I thought, but his spitball doesn't break as fast as Burleigh's. I never saw such a mob of left batters, though, in my life. Seems as if every time I look up there's another left-hand hitter stepping up to the plate.

Dodgers Had One Bad Break. We had one bum break, that with just ordinary luck should have brought us in one more run, or even two. That was the most peculiar play of the game. When Myers hit Gardner and he forced Johnston out at the plate, then O'Neill throwing to first to get Myers hit him in the back. Nine hundred and ninety-nine times in a thousand that ball would have bounded off to one side. But this time it fell down straight on the gridiron. The line backs hurried it promptly back to O'Neill, catching Griffith out at the plate. Of course, the result wasn't affected, but it was a mighty curious effect.

Ule, in the little chance he had, certainly pitched good ball. He showed he has a great deal of stuff and his control is good. He mixed them up very well. Indians Lose Best Chance. Speaker again made some splendid catches, but his hits came when the bases were empty. O'Neill, hitting against a right hander today and a pretty tough pitcher at that, didn't get his psychological baggers like yesterday. The Indians' best chance was in the eighth when, with the bases full, it looked like a chance to start something, but Burleigh tightened right up. I noticed Speaker wasn't taking any chances with me. My second time up with two men on bases and one out, he told Bagby to walk me, and Bagby certainly did it very obvious.

G. U. HOSPITAL LIST GROWING

McNamara and A. Sullivan Injured in Hard Scrimmage--Formosa Classy. Yesterday was termed "Bloody Wednesday" on the Hilltop as Coach Exendine put his candidates through a grueling scrimmage lasting for over an hour, and when it ended there were quite a few noses and many bruises that needed attention by Trainer O'Reilly. The regulars, led by Jack Flavin, were sent against the scrubs, and the latter made it quite interesting for them until they had to give way because of too much weight. The scrubs held the varsity time and again and it took the regulars over half an hour before they were able to tally a touchdown. The second-string men got away with a number of forward passes, Formosa, at end, starring as a receiver. If this lad Formosa continues his splendid work he is liable to beat one of the regular ends out of his job.

The fighting blood of every man on the Hilltop has been aroused to a high pitch, judging from the number of casualties in yesterday's scrimmage. McNamara and Art Sullivan were pretty badly used up by the scrubs, the former receiving a badly bruised ankle and the latter a twisted knee. Nothing could be learned regarding the line-up for Saturday's game against North Carolina State, Exendine not committing himself.

Midgets to Meet Atzecs. The Mohawk Midgets football team will play the Atzecs on the Monument Grounds Sunday afternoon at 2 o'clock. Of course, that was the right move at the time, they had a chance to win.

We expect to pitch Smith tomorrow and the Indians will likely use Mails, so it will be a couple of left-handers. With warmer weather today, both teams put on more pep, and the crowd was thinned out more. It ought to be a big game tomorrow.

Camel Cigarettes advertisement featuring a camel illustration, the text 'Camel Cigarettes', and a testimonial from Pete: 'Greetings, Pete! Here I am tonight in Winston-Salem where more tobacco is manufactured than in any other place on the face of the earth! And, W-S is some speed city, as well as the largest in North Carolina! They're rushing up a million dollar hotel, got a corking league ball team, regular skyscraper buildings and as much action as you'll look for in New York! When I knocked off for the day, I buzzed around like a hungry bee in a buckwheat field--up and down long streets of R.T. Reynolds Tobacco Co. factories! As the Reynolds enterprise proved out more and more gigantic and I talked with more men about it, I got the real and true answer as to why Camels are so good and so entirely different from any other cigarette! I'll spin it for you, old top--listen: Every man I talked with made the one big point that the officials and the more than 350 Reynolds foremen have an inborn knowledge of the tobacco business; that (putting it into a North Carolina expression) they were virtually "born and raised in a tobacco patch"; that they know tobacco; how to grade it, blend it, and how to manufacture and sell it! And, what's most important of all, Pete, these Reynolds folks sure give men what they want--the best that can be produced! Why--Peter, it took months to perfect Camels Turkish and Domestic blend--and that refreshing flavor--and wonderful mild, mellow body--before a single Camel Cigarette was sold! Guess that will repay your interest, old liberty bond! Tomorrow, I'm going to meet some of the Reynolds folks. Got to see inside of those factories! And, you know me! Shorty.'
