KANN'S LITTLE FOLKS STORE

--A Special service that we delight in giving, where we have concentrated time and thought in providing everything that is needful for the baby from its birth until it passes out of the baby stage into childhood, and for little girls until they step into young womanhood.

—An individual store where mothers, or prospective mothers, can make selection with the privacy and leisure that is necessary for a mother's satisfaction in so important a matter.

—Our extensive assortments present opportunity to select everything needful for the layette, the growing child, the little girl, and the girl in her "teens."
