PRINCIPALS WILL SEEK SETTLEMENT OF 'FRAT' DISPUTE

High School Societies Agree to Await Their Action.

Definite steps toward the settlement of the controversy which has grown out of the board of education's ruling that all fraternities and societies must be eliminated from the District high schools will be taken Monday, at which time all of the high school principals will meet at Central High school to consider the matter from every angle.

Just what action will be taken by the members of the fraternities and societies, providing the decision of the principals favors the abolition of the secret organizations, is a matter of conjecture at this time. However, it is intimated by some of the most prominent members that they will not "give up without a fight."

Yesterday afternoon upward of 30 members, including the presidents of all of the Central High school societies, conferred with Robert A. Maurer, principal of Central High school, in the latter's office at the school building, with the result that it was unanimously decided that the societies would withhold any action until the result of the principals' meeting would be made known.

Another meeting between the society officers and the Central High school principal will be held Tuesday afternoon to receive the report of the action of the school heads. Rumors that the fraternities connected with Central High school had secured the services of an attorney and intended to carry the fight into the court were declared untrue by prominent fraternity officers.

The fraternities represented at yesterday's conference were: Delta Sigma Phi, Sigma Delta, Lambda Gamma, Gamma Delta Psi, Pi Phi, Delta Sigma Nu, Delta Phi Sigma, Kappa Phi, Beta Sigma, Beta Sigma, Sigma Tau Mu, Kappa Phi. Representatives from the following societies were also in attendance: Sigma Lambda, Phi Delta Sigma, Theta Kappa Phi, Theta Sigma, Beta Sigma.

Union Heads Object to Pullman Wage Plea

CHICAGO, June 10.—Union labor heads today made the appeal of the Pullman company to the United States labor board for a wage reduction, charging that the appeal was not legal.

They claim the Pullman company carried the question of accepting a wage reduction directly to its employees instead of referring it to the chiefs of the union. The union leaders held the meetings with the employees were illegal, as the heads of the unions and not the men themselves should have been taken into conference.

The union heads also complain that the Pullman company has been dismissing a number of men. Among those laid off were a number of chairmen of the unions.
