CEPHALOMETRON!

This beautiful instrument is considered one of the great-est and most useful inventions of the age. It would be impossible, by the minutest description, to give a correct idea of its utility. Hats made by it will fit the most difficult heads, conforming to every protuberance and depression of the cranium, thus preventing the unpleasant feeling of a new Hat and painful headache. We could give you certificates of Physicians and the experience of the Trade, but pre-fer that all may examine for themselves. No one can properly appreciate its advantages without having one of our Hats made to order in the most fashionable manner, and without extra charge.
