DENTISTRY.

DR. P. BABCOCK,

HAVING PERMANENTLY LOCATED IN RALEIGH, has taken and neatly furnished rooms over Mr. Roulhac's store, suitable to the reception of Ladies and Gentlemen.

Thankful for the very liberal patronage bestowed upon him, so far, he hopes by careful attention, and excellent operations, to merit a continuance of the same.

Teeth inserted, from one to a full sett, with, or without artificial gums, and warranted.

Dr. B. is happy to be able to inform his patrons, and all others who have not learned the fact, that a tooth need not necessarily be lost because the nerve is exposed, but may be surely saved, if properly treated, and filled in the best manner.

"THE SPECTATOR."

A WEEKLY JOURNAL PUBLISHED AT WASHINGTON CITY.

THE UNDERSIGNED PROPOSE TO COMMENCE about the first of June next, in the City of Washington, the publication of a weekly newspaper, to be called the SPECTATOR, designed for general circulation among the people of the United States. Its columns will contain a full digest of the news of the day, foreign and domestic; a weekly review of finance and the markets; a synopsis of the proceedings of Congress during its session; tables of election returns; the important political action of State legislatures, and of party conventions; interesting miscellaneous and scientific matter; articles on Agriculture; together with original articles upon the leading topics of the day. Much valuable information relative to the operations of the Executive Departments of the Government, together with a weekly list of new patents, will be found in its columns. A large portion of its space will be devoted to light literature, original and selected. Its location as the political centre of the Union, will afford opportunities always to procure the latest information on public affairs.

It is the intention of the undersigned to make the SPECTATOR an acceptable visiter to every house in the Union, and it will therefore not assume on any occasion the position of a partizan paper, nor will it owe any allegiance to men; but entertaining fixed and decided views on questions of political economy, and upon our system of government, it will disseminate and promulgate them as occasion may require—always keeping carefully in view the interests of the country, growing out of foreign as well as domestic affairs.

The SPECTATOR will be printed in quarto from, on good paper and new type; each number containing eight pages of matter, making one volume annually of 416 pages.—Each volume will be accompanied by a full and complete index to its contents, thus making it a most valuable paper for preservation and reference. It will be published every Saturday morning, at $2 per annum, payable always in advance. No paper will be continued beyond the time for which it is paid.

All subscription and communications on business should be addressed to the undersigned at Washington, D. C.

Raleigh and Gaston Railroad.

NOTICE IS HEREBY GIVEN THAT FROM AND after the 30th January, all dues to this Road for freight must be paid at Petersburg or Portsmouth, except on way freight, which must be paid in advance or on delivery of the goods as the case may be.

This arrangement will afford great advantages to our customers by superseding the necessity of their employing more than one forwarding agent between New York and Raleigh, and having their goods or produce subjected to only one handling.

Agents cannot violate the above rule without subjecting themselves to removal.

The greatest care will continue to be taken by the officers and agents of the Company in every department of its business to accommodate the public and promote the interests of its customers.

Whilst the Western merchants are going North a passenger train will leave Raleigh in the afternoon, on the arrival of the train from the West on the N. C. Road, due notice of which will be given.

By order of the Board of Directors,

L. O'B. BRANCH, *President.*

As the Company has two Depots in Raleigh, merchants ordering goods to go up the N. C. Road are requested to have them distinctly marked so that their destination may be known, and they may be loaded to the through Depot from Petersburg or Portsmouth.

TO THE TURPENTINE MAKERS OF N. & S. CAROLINA.—The subscribers having taken the premium at the late State Fair upon turpentine tools, (chippers, roundshaves and hackers,) would announce to the public that they are manufacturing these tools extensively. Their workmen having been for many years engaged in the above business are unsurpassed by any in the quality and proper construction of their tools. We will deliver these tools at any points on the N. C. W & R. and W. & M. Railroads. We warrant these tools to be equal in quality and superior in adaptation for work to any Northern manufacture, and ask a liberal share of public patronage, trusting that liberal Southerners will give preference to home manufactories.

FOR SALE,

A highly valuable water-power on a never failing stream, with an abundant supply of water, and near the Railroad.

THE SUBSCRIBER, INTENDING TO REMOVE to the southwest, wishes to sell his

OIL, GRIST, AND SAW MILLS

situate on Neuse River, about nine miles northeast of the city of Raleigh, and two and a half miles from Huntsville Depot, on the Raleigh and Gaston Railroad.

The mill tract contains about thirty-two acres of land lying on both sides of the river.

The OIL MILL is in perfect order, its machinery is of the most approved construction, and is capable of producing fifteen thousand gallons, per annum, of cotton seed, linseed and castor oil. There are also attached to it one of Carver's largest size cotton gins and a cotton screw. Fifteen year's acquaintance with the oil making business justifies him in the remark that it is one of the most profitable and satisfactory that he has any knowledge of.

The SAW MILL, re-built two years ago, and running with Hotchkiss's vertical wheels, is surpassed by few in the country, and a ready sale is found for the lumber at the mill.

The GRIST MILL has a large custom, and being in a thickly settled and largely grain-growing neighbourhood, would, with slight repairs, command a custom yielding 500 barrels of toll corn a year, while at a small expense a flour mill could be attached to it which would yield an annual toll of one thousand bushels of wheat.

A more favourable opportunity for a profitable investment, in Wake county, has never been presented. In the hands of a prudent and energetic man, who would give them his personal attention, these mills would pay for themselves in a very short time.

THE RICHMOND ENQUIRER.

WITH THE VIEW OF EXTENDING THE CIRculation of the RICHMOND ENQUIRER in the Southern States, the Proprietors have commenced the issue of a *WEEKLY PAPER*, which contains all the reading matter of the Daily and Semi-Weekly editions.

We need say nothing of the political character of the RICHMOND ENQUIRER, which is now what it was a half century ago. We may state that it is the purpose of the Editors to devote all their energies to the discussion of the issues which Know Nothingism has brought before the country.

J. M. LOVEJOY'S CLASSICAL, MATHEMATical and Military Academy will commence on the 9th of July, 1855. Tuition in advance.

The health of my boys requires the exercise of the military drill; for this a teacher will be necessary, attended by additional expense and trouble; therefore, there will be an extra charge of five dollars. All boys required to drill; and on dress parade days to appear in uniform—blue jackets, white pants, blue cap, in summer; in winter, the pants will be blue. The cost of the uniform will not exceed eight dollars—a cheaper and much handsomer dress than that which boys ordinarily wear.

GEOGRAPHICAL COMBINATION MAP OF NORTH-CAROLINA.—DESIGNED TO instruct and amuse the family circle and primary School.

The design of the publishers has been to furnish an agreeable and attractive method of imparting to the young a knowledge of Geography, and of blending amusement with instruction.

The several Maps composing this series are dissected and cut up into variform pieces, but in such a manner that each piece, whatever may be its shape, has a correspondence with the other parts of the map to which it belongs. Thus from a score or more separate and differently shaped pieces, a complete map may be constructed. The act of combining these parts, exercises and amuses the mental faculties, and the study of Geography thus made attractive is rapid and permanent in its results, and more knowledge of the subject is acquired in one hour spent in the intellectual amusement than a month of hard book study. Navy Beef and Pork for 1856.

NAVY DEPARTMENT,
Bureau of Provisions and Clothing, June 1, 1855.

SEALED PROPOSALS, ENDORSED "PROPOsals for Beef," and "Proposals for Pork," as the case may be, will be received at this office until 12 o'clock, m., on Saturday, the 14th day of July next, for furnishing and delivering, free of all cost and risk to the United States, at the following navy-yards:

	Barrels beef.	*Barrels pork.*
At Charlestown, Mass.,	1,400	1,200
At Brooklyn, N. Y.,	2,600	2,400
At Gosport, Va.,	1,400	1,200
	5,400	4,800

One-half of said beef and park must be delivered at each of the above-named yards, respectively, by the 1st day of April, 1856; and the remaining half by the 1st day of June, 1856; unless earlier deliveries should be required by the chief of this bureau. Payment to be made within thirty days after delivery.

Bidders must specify their prices separately and distinctly in separate offers for the beef and for the pork, and for each of the places of delivery, covering all expenses and all charges.

The beef must be from well-fattened cattle, slaughtered between the 1st day of November, 1855, and the first day of January, 1856, and weighing not less than six hundred pounds, net weight, each. The legs and leg rands of the hind quarters, and the shins and shoulder-clods, the shoulders of mutton and ends of sticking pieces, and at least eight pounds from the neck end of each four-quarter, or the parts marked Nos. 1, 2, 3, 4, and 5, on the drawing or delineation of the fore and hind quarters of an ox, which will be attached to, and form a part of the contract, must be wholly excised from each barrel, *and the remainder of the carcase, instead of being cut with a cleaver, must be cut through with a saw and knife, to give the meat a square, neat, and smooth appearance, in pieces of not less than eight pounds, nor more than twelve pounds, each.*

The pork must be packed from corn-fed, well-fattened hogs, slaughtered between the first day of November, 1855, and the first day of January, 1856, and weighing not less than two hundred pounds each, excluding the heads, joles, necks, shoulders, hams, legs, feet, butts, rumps, fard, and all refuse pieces; and must be cut *with a saw and knife*, in pieces weighing not less than six pounds, nor more than twelve pounds, each.

Both the beef and pork must be salted with at least one statute bushel of Turk's Island, Isle of May, or St. Ube's salt; and the beef must have five ounces of fine pulverized saltpetre to each barrel, exclusive of a pickle, to be made from fresh water as strong as salt will make it, and must be perfectly bright and clear.

Each barrel must contain full 200 pounds net weight of beef or pork, and no excess of weight in either article will be paid for.

The barrels must be entirely new, and be made of the best seasoned heart of white oak staves and headings; the staves to be not less than five-eighths of an inch thick, and the headings not less than three-fourths of an inch thick; they must be three-fourths hooped over, including the iron hoops, with the best white oak or hickory hoops, and each barrel must have on it four iron hoops, viz: one of one and a half inch in width on each bilge, and one of one and an eighth inch in width on each chime, and each to be of one-sixteenth of an inch thick. Each barrel must be of the internal capacity of thirty-two gallons.

Each barrel must be branded by burning on its head "Navy Beef," or "Navy Pork," as the case may be, with the contractor's name and the year when packed, and weight; and shall also be branded on the bung stave with the letter B. or P., as the case may be.

The beef and pork will, unless otherwise directed by the chief of this bureau, be inspected by the inspecting officers at the respective navy-yards aforesaid, and by some "sworn inspector of salted provisions," who will be selected by the respective commanding officers; but their charges for such inspections must be paid by the respective contractors, who must likewise have the barrels put in good shipping order, to the satisfaction of the commandants of the respective navy-yards aforesaid, after inspection, and at their own expense.
