Remember Tuesday the 4th of November! The best hopes of mankind hang on the result of that day. The contest is between sectionalism and disunionism, as embodied in the Fremont party, and the Constitution and the Union, which can alone be preserved and perpetuated by the national De-

The Baltimore Election.

The Know Nothings have carried the City of Baltimore, in the Mayor's election, by about 1,500 majority. Compared with the vote two years ago, it exhibits a Know Nothing loss of 1,190 votes; while compared with the Congressional vote of last year. it presents a gain to that party of 1.181 votes. The increase in the total vote, over that of 1855, is 653. The Know Nothings polled in this election 13,892; the Democrats 12.338. As a matter of course, as in Louisville and New

Orleans, the Know Nothing bullies and ruffians of Baltimore did their work of blood and murder among unoffending native and naturalized citizens. The "Sun" says the fighting between these bullies and the Democrats went on for three hours, "unchecked and unheeded, apparently, by any efficient show of police force "-the City government being in the hands of the Know Nothings. Four men were killed, and some twenty wounded. Hundreds of peaceable Democratic citizens were thus kept from the polls. The "Sun" says:

"It was a most suprising spectacle for a civilized community, and such was the dangerous and unsafe aspect of the affair that the stores and houses generally in the neigh-barhood on several squares closed up their shutters and doors. Many peaceable citizens stood looking on at a dislauce at different points, deploring the disgraceful spec-tacle, and the absence of all means for staying its progress. Numerous muskets, shot guns and blunderbusses, were boldly carried, loaded, fired and re-loaded and fired, time and again, in the same hands, while every one of the parties aimost taking position in and around the market house, s armed, flourished a revolver. Thes arms were deliberately levelled at supposed enemies and fred, and even while one man lay dead and another was writhing from what may be a mortal wound in the apothecarry shop at the corner of Lexington and Eutaw streets, paries to the riot standing behind the corner of the building, one after aucther endeavored to pick off their man from a distance of half a square or more."

Was there ever such a party, in a civilized country, as this Know Nothing party? Conflagrations, blood, and murder mark its triumph in all the great Cities. As a matter of course, the Know Nothing presses of the South will either conceal, or attempt to apologize for these facts. "Americans must rule America," though blood should flow and civil strife

A RAIL AND SOME FEATUERS FOR AN ABOLITIONist.-We understand that one day last week at the Fair at Hendeson, Granville, a Yankee pill-vender who was present, said publicly that he preferred Fremont for the Presidency, and would vote for him. Soon after he was informed by a number of gentlemen that his presence there was not agreeable, and a pretty broad hint was given of a rail and some feathers, with a due application of a certain famous North-Carolina product, called tar. He was allowed half an hour to leave, and he took the first train of cars and came on to Franklinton, where, when last seen, he exhibited indications of heing frightened hearly out of his senses. We have not learned his name, nor do we know in what direction he went.

We all know that Mr. Buchanan has no strength at the North—that he will not carry a single free State.

Wilmington Herald.

The Editor of the Herald must have known bet-

he will wager \$50 that neither Burr nor any other man can name any one single State that will go for Fillmore. Who takes the wager?

Know Nothing opinions of Democrats. The following extracts from Know Nothing journals, speak for themselves :

nals, speak for themselves:

Quear?—A contemporary asks the following question:

If an angel from Heaven were to come down on earth and convince every Democrat that the only possible mode of defeating Fremont and settling the slavery question forever would be to give up Buchanan and vote for Fillmore, would they do it? We pause for a reply.

Raleigh Register.

You need not pause for a reply brother, from a Locofoco. We can give it. They (the locofoco party of this country) would not vote for Fillmore, not even if our Saciour was to appear upon earth and tell them that by so doing Fremont would be defeated, much less an angel. They are bound to their idols, let them alone.

Eliz. City Sentinel.

Why then, gentlemen, if you believe this, do you persist in begging Democrats to vote for Mr. Fillmore? We will tell you what we will do, and what we would do. We will vote for James Buchanan. because he is a national candidate, and sound on the question of slavery; and because he stands by far the best chance to defeat John C. Fremont. In the South, the friends of Mr. Buchanan have to meet the Know Nothings, and in the North they have to meet the Know Nothings and black Republicans, in two brigades, one for Fillmore and the other for Fremont. Mr. Rayner took the ground, in his most unworthy letter, that it was the duty of the "American" party to unite for the time being with any organization, whether slavery or anti-slavery, in order to defeat the Democrats; and we have no doubt that both the Register and Sentinel concur with that gentle-

Have these Editors forgotten that John C. Fremont is the nominee of a large portion of the Northern Know Nothings ?- and are not these Editors bound by their oaths as Know Nothings, to go to the aid of these Northern brothers of theirs in case they should utter the cry of distress?

And now, we will say what we would do,-we would vote cheerfully for Mr. Fillmore, if we saw that that was the only way to defeat John C. Fremont. We know no party on this question of slavery. We cannot say this of the Editors referred to. We do not ask nor expect their aid. We trust they will not vote for Mr. Buchanan. We can do without them; and it would, indeed, require the eloquence of an angel to convince us that they do not really prefer the election of Fremont to that of Bu-

Cheering News from Connecticut and Delaware. The news from both these States is highly encour-

aging. The reaction in public feeling has commenced-the "sober second thought" of an honest people is doing its work. Many of the Southern Democrats were alarmed and depressed by the result in Maine, and were inclined to doubt the success of Buchanan and Breckinridge; but since that time floods of light have been poured upon the free States-the people have been brought to see the awful precipice to which they were being hurried by the Fremont men; and hence the result in Connecticut and Delaware. The good work will go on : and the prospect now is that James Buchanan will receive from one hundred and eighty to two hundred Electoral votes.

In the local elections of Connecticut, the Democrats have made a clear gain of fourteen towns since

In Delaware, in the election for Inspectors and Assessors, the Democrats have succeeded by a large majority. Their majority in the State is about 1, 800. Last year the K. N's had a majority of 1,000.

The Richmond Enquirer says: "We repeat it, whether Southern men will rally as one man to the support of Buchanan, or neglect so to do, his election is placed beyond peradventure, if the Democrats continue to do their duty actively and zealously, as they have done thus far. The South s safe for him, by universal concession, except, perhaps, the State of Maryland, whose vote may be controlled by the semi-abolition vote of the city of Balticontrolled by the semi-abolition vote of the city of Balti-more, though even that is not certain. A leading Fillmore man in that city some weeks ago claimed five thousand as his majority in Baltimore, and the recent municipal election has cut down that majority more than two-thirds, and if the same results are achieved in November throughout the State, its electoral vote will be given for Buchanan. And the probability of this result is increased by the consideraon that our strength is usually in the rural districts, while that of the opposition is in the towns in the South. How ever, we can dispense with the vote of Maryland and still elect our men with the utmost ease. We have never doubted that they would be elected, but supposed that probably it would "be as by fire," until now, that States so little calculated upon as Connecticut and Delaware, have gone for our party. Now we say to our friends with all honesty that we despair of few States in the Union. We see no occasion to fear our ability to carry every State that voted for Franklin Pierce four years ago.

A SNALL MATTER.-The Fayetteville Observer, alluding to the importance of a full supply of Electoral tickets, says its charge for tickets is \$1 75 per thousand, or \$2 sent by mail, postage paid; and it adds "the Standard charges \$5 per thousand for Buchanan tickets." It also says, "the Standard is the only paper we remember to have seen which advertises tickets for sale."

We remember to have seen Electoral tickets advertised in both the Richmond Enquirer and the Raleigh Register, at the same prices fixed by the Standard. We certainly do not expect to make money by printing Electoral tickets. We never have. We have sent off, every Presidential election, not less than fifty thousand tickets, free of charge; and we expect to send off soon, to our subscribers, free of charge, about fifty thousand Buchanan and Breckinridge tickets. We have an abundance of tickets on hand, which we would be pleased to give away to any person who will call or send for them. Those who choose to pay for them, can have them, as before stated, at seventy-five cents per hundred, \$3 for five hundred, or \$5 per thousand.

The Editors of the Observer must know that political Editors contribute, in every campaign, hundreds of dollars in the way of documents, printing, &c., for which they receive no return in money .-We do not wish to be considered, even by the Editors of the Observer, as either stingy or disposed to charge more for work than other offices charge; and hence this notice of the Observer's article.

Democratic Meeting and Dinner. The friends of Buchanan and Breckinridge will hold a Mass Meeting at Ransom's Bridge, Nash county, North Carolina, on Friday, the 31st of October 1856. A Public Dinner will be given, and all friends of the Constitution and the Union are invited to attend. Come one and all, and listen to the clarion voice of Democracy. Many eminent speakers will be present and adress the people
DR. THOMAS DAVIS,

and others, Committee of Arrungements. We learn, from the Warrenton News, that the meeting is expected to be a large one, and will be addressed by a number of distinguished gentlemen. The Committee of Arrangements are the very men to provide "a feast of reason and a flow of soul."-

"Rally friends, in public meeting to the rescue of the Constitution and the Union. Your country expects every man to do his duty-in these times. Meet and commune with each other on your duty to our country, to your hearthstones, and to your household gods, and when the day of battle comes, on the 4th of November, stand shoulder to shoulder, and fight in their defence. May the God of bat-fles give you victory!"

ter when be penned the above. We say Buchanan recently assembled at Wheeling, Va., and appointed will certainly carry Pennsylvania, Illinois and In- an electoral ticket for the State. Wheeling is the diana. He will also most likely carry New York, town which gave 1200 Know Nothing majority be-Ohio, Michigan, New Hampshire, New Jersey, Con- fore 12 o'clock last year, as was telegraphed to the hecticut and California. Will Mr. Burr point out a K. N. papers in this City, and over which result P. S. A friend at our elbow authorizes us to say proof that Know Nothingism is only the maidservant of abolitionism, and that Southern K. N. papers are thankful for any thing that goes against the Democrats.

The Pusion in Pennsylvania. The people of Pennsylvania voted on the 14th instant, for Canal Commissioner and other State officers, and for members of Congress.

The Democrats have had to meet, single-handed and alone, both the Fillmore and the Fremont factions, together with all the isms which afflict society in the free States. The following telegraphic dispatch is final and conclusive as to the unhallowed coalition in Pennsylvania:

PHILADELPHIA, Oct. 9. - The Americans and Republicans have fused on the Assembly tickets in this city, also in all the Congressional tickets except in the fourth district where Judge Kelly is the Republican candidate.

We have before us, in the Philadelphia Times, Fremont paper, the proof of the fusion in Philadelphia-a portion of the candidates being Fillmore and a portion Fremont men. The Fillmore men were required to sign a pledge to support the black Republican doctrines; and the pledge, thus signed, is published in the Times. The fusion in Pennsylvania between Fillmoreism and Demonism is complete. No one can deny it-every one sees it, and admits it to be so. Still, the Know Nothing presses of the South will attempt to conceal it from their readers; and if this fusion have prevailed, they will exult, as far and as openly as they dare exult, over the defeat of the national Democracy.

"If the Buchanan party should be defeated in Pennsylvania on the 14th," is the appeal of Southern Know Nothings to Southern Democrats, "you must then abandon Mr. Buchanan and go for Mr. Fillmore, as the only hope of beating Fremont."-What!-after this open and notorious fusion? Mr. Fillmore's friends combine with the black Republicans to beat down Mr. Buchanan and the national Democracy; and after the infamous coalition has succeeded, we are asked to go to Mr. Fillmore to defeat the black Republicans! Never!-never!-never! We intend to stand or fall with James Buchanan. Mr. Fillmore has witnessed this fusion, and has uttered no word of remonstrance against it. His Southern friends have seen it, and now see it, and by their silence they have approved it. They are, therefore, parties to it; and with such men we have no arrangements, no compromises to make. We rely upon the Democratic power of the country to save the country. It has done it up to this hour. and it will do it again on the 4th of November. whatever may have been the result in Pennsylvania on the 14th. James Buchanan is stronger, by 2C .-000 votes, in Pennsylvania, than any combination that can be formed against him; and the result in November will prove the truth of the assertion .-"Never despair of the Republic."

We hold that no man, native or foreign, who holds allegiance to "any foreign prince, potentate or power, and who refuses to recognize the Federal or State Constitutions as paramount to all other laws " should be permitted to hold

We hold the same doctrine, and we insist upon it quite as strenuously as the Charlotte Whig can do. We know of no one in North Carolina who holds a contrary doctrine. The main object of naturalization is to transfer the allegiance of the European subject, and thus to citizenize and Americanize him,

But we hold, also, that a man who has taken the three degrees or oaths of the Know Nothings, is not a fit person for office in this country. He is bound by triple oaths, first to obey his Council, and next to obey the Grand Council of the United States .-His liberty has been sworn away; and we know of no power which is able to absolve him from his oaths. A Know Nothing, for example, is solemnly sworn to exclude men from office on account of their religious belief; and the Constitution of the United States expressly provides that no religious test shall ever be established for office in this country. What then? How is this Know Nothing to take an oath to support the federal Constitution? Again, every Know Nothing is sworn to vote for none but Know Nothings for office. What is that but faction?what but an effort to proscribe and punish for opin-

A FILLMORE ELECTOR FOR BUCHANAN. - The Hon. Henry Wood, the lately appointed Fillmore Elector for the Petersburg District, Va., is out in a letter in the Tobacco Plant, for Buchanan and Breckinridge.

"Whilst my long cherished political principles have undergone no naterial modification or change, yet the change of circumstances and parties render it necessary, in order to maintain those principles, that I should act in the present canvass with the Southern party which supports Mr. Buchanan for the Presidency. The great issue before the countern in the presidency. try is between free-soilism on the hand and Democracy on the other. With this understanding, I hesitate not to de-clare for Democracy. No man who loves the Union, and knows any thing of its value, will have the least difficulty in such a contest. All party considerations will yield to the noble sentiment of patriotism, and the affiliation be-comes easy. All admit that there should be no division comes easy. All admit that there should be no division amongst us in the present crisis, and all know that division exists. How shall it be healed, and we of the South be brought to act in concert? thus presenting to the enemies of our country a mighty host, animated by the same spirit of freedom and love of liberty; whose moral power must be felt and acknowledged throughout the land. Surely the weaker party ought not to exact compliance of the stronger. Then the problem is solved, and there is nothing left for us in the South but firmly, unitedly and as one man to vote for Mr. Buchanan." to vote for Mr. Buchanan.

BENNETT AND BOTTS .- The New York Herald betrays an affectionate soilcitude for the security of Botts' person. Bennett and Botts have not been the best of friends; but we suppose they have agreed, in their common attachment to Fremont's fortunes, to bury the tomahawak and embrace as brothers. Par nobile fratrum, indeed!—Every inch of as brothers. Par nobile fratrum, indeed:—Every incu is Bennett's back is sore from a frequent application of the cow-hide; and there is a touch of pathos in his concern the Botts. Idle appreheusion! Botts will suffer no harm. Gentlemen in Virginia respect the infirmities of nature.

Richmond Enquirer

That is it-let Botts and his black Republican fol lowers alone. Do not hurt them-only shun, denounce and despise them. They are a mere handful, hafdly enough to keep up constantly the sounds from the drum of treason. If there be black Republicans here, as in Virginia, do not harm their persons-let them go, like the lepers of old, from amongst our habitations, amid the pity and the loathing of all. God may have mercy upon the wretch who tramples on the federal Constitution. and betrays his native land; but man is weak, and he will detest and avoid, though he may not scourge

THE MILITARY VISIT TO RALEIGH.—The Portsmouth Riflemen, we are informed, will arrive here on Saturday evening next, on their complimentary visit to our City. Our sister State of Virginia boasts of many fine Military companies and amongst the foremost of them stand the Riflemen. We understand they will be the special guests of the Oak City Guards, and we feel quite easy as to the credit of Raleigh when entrusted to their keeping. They will justify the name they bear.

EATING HOUSE.-Visitors to the Fair and the public in general are referred to the advertisement in another column of Pepper's Eating House. Pepper knows how to fix up things, and he will do it .-Every body knows Pepper, and it is therefore unnecessary for us to say more. Call at any time from 64 in the morning to 12 at night, and Pepper will give you as good a mea! as can be had in Raleigh.

Our readers, we know, will be interested and pleased with the review in our paper of to-day, over the signature of "C." of Mr. Everett's Lecture at the inauguration of the Dudley Observatory. It is from the pen of one of the best scholars and most accomplished essayists of his age in the State.

The black Republican papers North are teeming with accounts of Fremont meetings, votes on steamboats, railroads, &c .- the object of which is to magnify their strength, and depress their opponents.-They also state that Democrats and naturalized citizens are deserting their flag, and going over to Fremont. Now, we do not believe one-half of these statements. They are manufactured for effect, by the same sort of people who have been regularly employed for the last six months, in making up and telegraphing to these same journals the awful and false accounts of "border ruffian" outrages and murders in Kansas. They are manufactured by hired agents, as we learn there are hundreds of them traversing the free States, now and then in company with free negroes, abusing President Pierce, James Buchanan, and the national Democracy. A correspondent of the Albany Argus exposes one of these black Republican misrepresentations, as follows: The Evening Journal, of that City, had re-

failure. One of the young women in one of the wagons, carried a black flag. Some excitement was occasioned by this among the patriotic Democrats who were looking on, and the cry was raised, Pirates! pirates in our midst, and ready to dissolve the Union "-but after some effort, order was restored. These black Republicans are made up of three classes-unprincipled and selfish politicians, who

ported a Fremont meeting at Fondabush, numbering

3,000; whereas, the correspondent of the Atlas states

that there was not more than 450 persons, of all

are too intelligent not to know that their conduct is anti-constitutional and dangerous-ignorant fanatics, and mean, lazy, low-bred white men and free negroes. This is black Republicanism. Falsehood. slander, and treason are their leading characteristics.

The "Wondrous Rocking Stone." A friend writes us as follows: "I clip the enclosed from M'Makin's Philadelphia Courier. If I am not mistaken I have seen the identical language attributed by you to your Assistant, Mr. Wilson, while editing a paper in Salisbury several years ago. Am I right?" The figure is as follows:

"AMERICAN CONSTITUTION.—That is a beautiful figure of Winthrop's in reference to our Constitution, where he says
"Like one of those wondrous rocking stones raised by the
Druids, which the finger of a child might vibrate to the
centre, yet the might of an army could not move from its place, our Constitution is so nicely poised that it seems to sway with every breath of passion, yet so firmly based in the hearts and affections of the people, that the wildest storms of treason and fanaticism break over it in vain."— We trust this may be verified."

This very beautiful figure is from the pen of James Fulton, Esq., of the Wilmington Journal, and was first given to the public in the Mecklenburg Jeffersonian, edited by him several years ago. It has been "rocking" about the United States ever since, and we see it at last attributed to Mr. Winthrop. We trust the figure may hold good. The "storms of treason and fanaticism" are now raging as they never raged before; yet the eye of every true man is turned to the light which streams out from the citadel of the Constitution. If that light go out, "chaos will

The Sixth District.

Our friends in the Sixth District appear to be fully awakened to the importance of the contest. Mr. Settle, the Elector, is filling a long list of appointments, and is working manfully in the cause.

The Forsyth Buchanan Club held an enthusiastic meeting in Winston on Tuesday evening last, and able and spirited speeches were delivered by Messrs. Thos. Ruffin, Jr., John H. Boyd, Settle, and J. R. McLean. The Club is to meet every Saturday evening until the election. Col. Jos. Masten and J. A. Waugh, Esq., Sub-Electors, will address the people of Forsyth as follows: At Phafftown October 18: Blackburn's School House, Oct. 22; Sedge Garden, Oct. 25; Thomas' Store, Oct. 29.

There is to be a Buchanan meeting and flag-raising at Winston on the 30th October; a mass meeting at Kernersville, on the 31st October; and the Democrats of Guilford will hold meetings at Parson's Mills on the 18th, and at Monticello on the 1st November. The Winston Sentinel says:

"We invite attention especially to the flag-raising at this place on Thursday, the 30th instant. We anticipate a great time. It is with pleasure that we make the announcement that the Hon. David S. Reid, of Rockingham, will be present and address his fellow-citizens on that occasion. Gov. Reid will also speak at Kernersville on the day following; and, from the ability and popularity of the man, the high confidence hitherto reposed in him by the people of his native State, and his personal experience in the public service, we bespeak for him a large turnout and a candid hearing from men of all parties.

Besides Gov. Reid, Mr. Settle, Mr. Scales, and other able

and distinguished, speakers, are expected. Messrs, Craige, Kerr, Hill, Scales, Williams, and

other distinguished speakers, are also expected to address the people at the above times and places.

A WORD FOR THE PETERSBURG INTELLIGENCER -The Petersburg Intelligencer, conscious of the weak ness of its candidate, Mr. Fillmore, is constantly appealing to the Democrats to abandon Mr. Buchanan and go over to his support. The Intelligencer must be just towards Mr. Buchanan before it can expect Democrats to be unjust to themselves and very generous towards Mr. Fillmore. The Intelligencer has been and is now daily publishing, under its Editorial head, garbled extracts from Mr. Buchanan's speech in the House of Representatives, in 1826, on the Panama question—the object of such garbling being to prove Mr. Buchanan an abolitionist at that time. We have the speech before us, in Gales and Seaton's Register of Debates; and the Editor of the Intelligencer can easily obtain it, if he wishes, and examine it for himself. He suppresses those portions of it in which Mr. Buchanan deplores and condemns abolition interference, and declares that, if necessarv. he would " shoulder his knapsack and march to the defence" of the South against the abolitionists.

The State Fair.

As we go to press the people are coming in by hundreds to attend the State Fair.

The entries of cattle, horses, machinery, &c., on Monday evening were already numerous; and we learn, from those well qualified to judge, that every indication gives promise of one of the most successful and interesting Fairs ever held in the State

We shall furnish our readers with a full account

REV. PROFESSOR WHEAT .- It was stated in the papars, a week or two since, that the Rev. J. T. Wheat, Professor of Rhetoric and Logic in the University of North-Carolina, had resigned his place and accepted a call to the charge of the Episcopal Church in Memphis. We are happy to learn that Prof. Wheat has not yet resigned, and that it is possible he may continue in the post which he now so wor-

THE CONTEST IN KENTUCKY.-Louisville, Oct. 8.-The Executive American Committee have recently made a new register of their vote in the State, and pronounced Kentucky certain for Fillmore.

The same sort of registering of votes was made in Virginia, and Flournoy, it was said, would carry the State by ten thousand majority; but when the people voted, it was just ten thousand the other way. Messra. Blow and Warren, candidates for Elector in the 2d District, will address the people at the following times and places:

Tuesday, " 16. Thursday, " 17. Jacksonville. Onslow Trenton, Friday, "Saturday, " Newbern, Craven. Tuesday, Carteret, 21. Washington, Beaufort Friday. Greenville, Pitt 25, Saturday, " Appointments will be m bereafter for the other Counties.

Independent on all questions.

Yes, but you generally con r'v: to vote against the Democrats. When the Know Nothings came along, with their borrid oaths and their dark-lanterns, you joined them, bound your soul and body and your vote by their oaths; and now you talk about independence! As well might a tiger preach mercy, or a hog enlarge on the beauties of abstinence from corn.

MR. HEDRICK .- We learn that at a meeting of the Executive Committee of the Board of Trustees of the University of North-Carolina, held on Saturday last, it was resolved that Mr. Hedrick has ceased to be useful as a Professor in the University; and the Secretary was directed to inform him of the fact.-It is expected that, as a matter of course, he will at once resign. Should he refuse to do so, however, we have no doubt he will be removed.

His Excellency Gov. Wise, of Virginia, and His Excellency Gov. Adams, of South-Carolina, are at present in this City, and have rooms at the Yarbrough House.

RE-CAPTURE OF THE LOUDON SLAVES AT CARLILE. PA.—As was stated last week, (says the Loudoun Mirror,) the negroes who recently escaped from this county have been arrested. We have since been pleased to learn that the citizens of Carlile, Penn. behaved very handsomely on the occasion, and af-forded the owners of the slaves every facility in their power for the recovery of their property .-When the fugitives were arrested and taken from the cars at the depot there, an attempt was made by the free negroes, and a few white men present to raise a row," but the United States Marshal was promptly in attendance and took them into custody. The Mayor of the town then addressed the crowd and told them that these citizens of a sister State were there in pursuance of a law, to recover their property, and that they must not be molested. The great majority of the audience heartily seconded his remarks and declared that they would sustain him. After the investigation was had, and the slaves were proved and identified, the officers summoned a small posse to accompany them out of the State, and although there was a considerable crowd collected at the Marshal's office at the time, they were passed

through without the slightest disturbance. This, be it observed, was in Pennsylvania, not

PEACE IN KANSAS.

Gov. Geary, on a visit to Topeka, the Free State stronghold of Kansas, was beseiged by the Abolitionists, who insisted that Robinson was still Governor, and that slavery was the cause of all the evilthat had befallen the Territory. To this he replied "Gentlemen : I come not to treat with but to govern you. There is now in this Territory no other

Governor than John W. Geary. I will protect the lives and property of every peace loving and law abiding citizen, with all the power committed to me.

I will not for a moment tolerate any questioning of my authority. Every person in favor of restoring peace to this distracted Territory can range themselves under my banner; all others I will treat as bandits and robbers, and I will extirpate all such at the point of the bayonet. Don't talk to me about slavery or freedom-free State men or pro-slavery men-until we have restored the benign influence of peace to this beautiful country-until we have punished the murderer and driven out the bandit and rabble, and returned the industrious citizens to their homes and claims. Don't, I pray you, embarrass me with these political questions. You shall all. without distinction of party, be protected. This is not a time to talk about party, when men, women and children are daily murdered and driven from their homes. In God's name rise for a moment above party, and contemplate yourselves as men and patriots. I am your friend, your fellow-citizen, moved by no other impulse than the good of the bona fide inhabitants of this Territory and the protection of their lives and property. When peace shall be restored, I will see that every man of you is protected in his political rights." A correspondent of the Baltimore Sun, writing on

the 19th ult., says: "What a change a week's energetic, impartial administration of affairs has produced here? Instead of the reign of terror, with every man thirsting for the blood of his enemy, confidence is being restored. squatters are returning to their claims, and hope is again dawning upon this country."

THE LATE ELECTIONS,-The black republicans are boasting loudly over the result of the elections which have taken place since the Presidential nominations. and are proclaiming that they have made great gains, which indicate the success of their ticket. These boasts and representations are entirely groundless. Supposing the States in which elections have been held shall vote for President as they have voted in these elections, they will stand precisely, in the aggragate, as they did in 1852, as follows:
