PROSPECTUS.

IT IS PROPOSED TO PUBLISH IN THE TOWN OF Franklinton, a newspaper of medium size, on good paper, with new types, to be devoted mainly to the interests of Franklin county, and the Counties composing the 4th Congressional District. In politics, the paper will be a supporter of the present Administration. But, it is not intended to make the paper a vehicle through which any portion of our fellow-citizens shall meet with insulting epithets, however much they may differ with the Editor in politics. Moral suasion—argument, and friendly warnings are the weapons to be used in political discussions.

The paper will be published at $2 per annum, invariably payable in advance; and, as it is desirous to commence the enterprise forthwith, those who feel an interest therein are urgently solicited to use their best exertions in procuring the requisite number of subscribers (400) to warrant the undertaking. The paper shall be gotten up in a manner which will reflect credit upon the thriving town of Franklinton.

THE OLD WELDON HOTEL

IS NOW OPEN ON THE SOUTH EAST SIDE OF the Railroad as you get in on any Road. It is open in the name of the newly opened

EXCHANGE HOTEL.

And it is bound to do justice to passengers in getting their meals—the Proprietor pledging himself to satisfy all who may favor him with a call, or no pay.

Passengers will find meals ready on the arrival of every train, with good Porters to attend to them and check their baggage to any point which they may desire to have it checked.

The House is within twenty steps of the Ticket Office, where passengers can obtain their Tickets without any trouble, and be in good time after getting their dinner or supper, as there is considerable baggage to change.

Passengers will please bear in mind that there is a house in front of mine, rented by the other house to keep off opposition, which is called the New Weldon Hotel, but gentlemen and ladies will please recollect that this house has been built only some four, five or six years to my knowledge, and has been occupied by three different persons during that time, and has a new Proprietor at present. This Old Weldon Hotel has been open for two months, and has not had a crowd but once since, but it is now increasing fast in popular favor, as passengers find that the meals suit them and are always ready on the table when the trains arrive from any point. There are red bills printed by the other house with no name attached to them, evidently designed to injure me and my house, but it cannot succeed, notwithstanding the Proprietor and his men at the cars are particular in informing passengers that the house to the right is the best, but passengers find that the house on the hill is not only the best, but that its table is more abundantly supplied with the best, and that the waiters are more polite and attentive to the wants of those who favor it with their presence.

Please bear in mind that my house is the newly opened EXCHANGE HOTEL on the hill, twenty steps from the Ticket Office.

Each proposal must be accompanied by a written guarantee, signed by two responsible persons, (certified to be so by a navy agent, postmaster, district judge, or some other officer of the United States,) in the sum of five thousand dollars, that the bidder will, when required, if his proposal be accepted, enter into a contract and bond with proper and sufficient security for its faithful performance.

Bidders are invited to examine the plans and specifications at the offices hereinbefore mentioned.

The proposals must be sealed and addressed to this department, and plainly endorsed "Proposals for building Marine Barracks at Pensacola, Florida."

The bidder only whose offer may be accepted will be notified, and the contract will be forwarded as soon thereafter as practicable, which he will be required to execute within ten days after its receipt at the post office named by him.

All the above work is to be completed in all respects according to the plans and specifications within twelve months from and after the date of the contract.
