THE EDITORS OF THE LIVE GIRAPPE

have in contemplated the publishing of a book the
title of which will be laye or it is, and wirmos
or 'the Mose," which book will not only contain all the
letters which have appeared in the Gienge ofer the signature of "Mose," but many others, rich, pare, and spicy,
that have never been read.

The Editors down it usbless to say anything relative to
the character of the proposed New Book, nor need they say
that it will be the most amusing work that has been issued
in half a century, for, it need only be known that "Mose,"
wrote it, to satisfy all on these points. While it will be an
amusing work, illustrated with proper des gns and cuts to
show up persons and things in their true light, it will be
free from Fuigarity, and, will have for its chief object the
surrection of the many absurdities so prevalent in the present day.

sometion of the many absurdities so prevalent in the present day.

It will be a book of over 100 pages, printed on good material, and bound in paper cover. We propose to put it to press as soon as a sufficient number of names is received to justify the expenses of publishing.

Price Fifty cents for single copies.—Five copies to one address, for \$2. No money required until the work is published, but those who wish a copy of this rare work should send in their orders at once, so that the publishers may determine whether they can venture upon its publication. Let the orders come at once, as we wish to put the book to press early in July.

All our friends are requested to act as Agents.

also a Store House at Littreil's Depot, which is considered a fine place for business.

My MINERAL SPRINGS, located within a mile of the Railroad, are considered very valuable. The water having been found by analysis to possess medicinal qualities of the first order, and has cured some of the most obstinate cases of Scrofula, and effected many remarkable cures in other diseases after the patient had been pronounced incurable by the best physicians—all of which can be substantiated by the evidence of many respectable men. These Springs have been largely patronized for several years by invalids, many of whom have been permanently cured, and all speak favorably of the beneficial effects of the water. I have also been under the necessity of refusing admittance to hundreds of visitors wishing to use the water whom I was unprepared to accommodate.

Persons wishing to embark in this business, will find it an opportunity rarely met with. The location, the advantages of the Farm and Mills, together with the unsurpassed merits of the water, all combine to render this one of the most desirable situations in the county.

[From the Memphis Morning Bulletin, May 27, 1858.] DR. GILBERT.-We invite attention to the card an nouncing the resumption of practice here by Dr. Samue Gilbert, in conjunction with his son, Dr. S T. Gilbert. T those of our old citizens who have been familiar with the remarkable medical career of Dr. G., in his peculiar line of practice, nothing is needed to inspire them with confidence in his success in treating the class of diseases for the cure of which he has attained so wide a celebrity. It will be seen that he is now associated with his son, a graduate of the Jefferson Medical College of Philadelphia.

DR. SAMUEL GILBERT, AFTER AN AB-SENCE OF SEVERAL YEARS, engaged in the suc-cessful prosecution of his profession, especially in the cities of New York and New Orleans, has returned to MEMPHIS. or New York and New Orleans, has returned to MEMPHIS, Tenn., and is now prepared to treat CHRONIC DISEASES, without Surgical operations. Owing to the fact of his having procured the assistance of his son, SILAS T. GILBERT, M. D., a graduate of the Jefferson Medical College of Philadelphi, and who has had ample professional experience in the cities of New York and Charleston, patients will be now treated on more favorable terms than heretofore. SLAVES will be boarded, lodged and treated for 50 per day.

Particular attention paid to the treatment of Chronic peculiar to females, Cancers, Tumors, Ulcers Syphilis, etc.

During Dr. Gilbert's absence from this section of the Union, certain persons have, to the great detriment of many of those who have employed them, attempted to imitate him, professing to have a thorough knowledge of his remedies and mode of treatment. The public is hereby notified that Dr. Gilbert has no specific remedy for any disease, that his success has been almost wholly owing to his personal skill and experience. The judicious use of caustic applications requires fully as much professional sagacity and experience as does the successful use of surgical instruments.
