N CONFORMITY WITH PERMISSION GRANTED

by recent acts of the Legislatures of Virginia and North-Cirolma, the Roanoke Navigation Company will, on the 12th day of April, 1850, in the town of Weldon in the State of North-Carolina, proceed to sell by auction their Canal and Water Power, at and near the said town of Weldon The property consists of one Canal about 8 miles long, beginning at the head of the Great Falls of the Roanoke, and terminating at the foot of the same in the town of Weldon. Also, another Canal, three miles above the same and one fourth of a mile long, at which there is a fall of 8 feet, and is around Eaton's Falss. With these Canals will be sold all the land on the margin of the same belonging to the Roanoke Company, with all its privileges and pro-perties between the towns of Gaston and Weldon, including locks, aqueducts, mill sites, and every other thing thereto appertaining. This property is deemed of rare value, and presents a field of capital and enterprise without a superior in the Southern country. There is a fall of over eighty feet, and the volume of water in the river is about the same as passes over the falls of James river. Weldon is the focus of four Railroads, connecting it with Richmond, with Norfolk, with Raleigh and with Wilmington. It is the centre of an exceedingly productive country. An abundance of Cotton is grown in the neighborhood to supply the demands of extensive Cotton Manufactures. The lower Roanoke region is proverbial for its production of Corn, the upper for Wheat, with which Weldon is connected by Railroad and River Navigation. Purchasers are invited to examine this property, and Mr. Bass, re-siding near Weldon, will show it to all who desire to see

it, and will exhibit a map of the same.

Lastly, I offer my RIDGEWAY MILLS, in Warren county, one and a half miles from Ridgeway. 172 acres of land is attached to these Mills, and the entire tract of land is equal to any in Warren for Tobacco and Wheat; 20 acres of land to any in Warren for Tobacco and Wheat; 30 acres of land in new ground, cut down for the next crop of Tobacco, and about 40 bushels of Wheat seeded, which I expect will yield me from 600 to 800 bushels; a fine young Apple and Peach Orchard, Grape Nursery, &c. The Mills need no recommendation, having been acknowledged to yield the best quality, or equal, of Flour, of any Mills in the State. Upon this land is a mineral spring, equal by best of analysis to Kittrell's Spring, several Scrofula cases having been cured the past season. The Mills will yield an anneal clear cured the past season. The Mills will yield an annual clear income of \$1,500 per year, by proper attention, and I have made 18 or 20,000 lbs. of Tobacco from the farm this year; so those wishing such property will do well to apply soon. The tract of land can be added to if desired. All the property offered is in improving and desirable sections of the State, and all that is necessary for those wishing to purchase any portion of this property offered, is to address me at Kittrell's Depot for further particulars, or visit me at at Kittrell's Depot for turines that place and enquire for terms, &c.

VALUABLE FLAT CREEK LAND for SALE. W ISHING TO REMOVE SOUTH, I OFFER FOR sale my valuable plantation, NINE OAKS, on which I reside, containing ONE THOUSAND and TWO ACRES of LAND, lying on both sides of Flat Creek, immediately on the read from Williamsborough to Oxford. The location is a highly desirable one, being elevated and beautiful, and in a neighborhood proverbial for its healthfulness, morality and intelligence. No effort on my part has been spared to render the farm as good as can be found anywhere, and being in excellent repair, and a high state of improvement, offers unusual inducements to farmers. It is in an accessible region of country, being in one and a half miles of Williamsborough; seven miles from Townsville Depot, on the Roaroke Valley Railroad, and nine miles from the town of Henderson, on the Raleigh and Gaston Railroad.

About one hundred acres will set in clover; about five hundred are cleared and admirably adapted to the produc-tion of Tobacco, Wheat, Corn-and Oats; the baiance in original growth, is of the first quality and could be made to

produce the very best Tobacco. There is a fine young Apple and Peach Orchard attached to the premises, which is The improvements are inferior to none in the State; there being all the out-houses necessary for carrying on an exensive farm, a large wheat grainery, just completed, and Tobacco barns sufficiently large to cure fifty thousand lbs. of Tobacco. The dwelling house is a two story edifice, containing therteen rooms above and two in the basement. It is well proportioned and handsomely finished. The yard has been recently paled with heart spiked pailings. There is a neat office in the yard. There are about twenty good springs on the plantation, four within two hundred yards of the dwelling.
I will also sell my stock, consisting of about thirty head

of cattle, about one hundred and thirty head of bogs, of which seventy are fattening hogs, and forty head of sheep of an improved stock. Persons in want of a desirable farm would do well to exannine the premises, as such a plantation is seldom offered for sale. Terms made easy to suit the purchaser.

SALE OF PIEDMONT SPRINGS. TEME SUBSCRIBER, ON THE FIRST MONDAY IN Pebruary, 1850, will offer for sale on the premises, to the highest hidder, these well known and popular mineral springs, situated in the county of Stokes, N. C., within two miles of the County Seat. Rarely has there been presented to the public a watering place combining so many advantages both as to location and the virtues of the water, as these springs. They are situated in a high, healthy, and abundant country, in the midst of most beautiful mountain scenery, within twelve miles of the main stage road leading from Salem via Madison to Dauville, and about the same distance from the proposed route of the Danville and High Point Railroad, which is now under survey, and a large portion of the stock taken for its completion spring itself gushes out from the side of a hill, falls into a beautiful rock basin, and in such a bold stream as ensures an almost inexhaustible supply of water. This water has been analyzed by a most distinguished chemist, and, to use his language, combines more of the healing virtues than any water south of the Saratoga. But these springs have been largely patronized, and their virtues have been specally tested in the cure of scroful, cutaucous affections, dyspepsia, and other diseases of the stomach, &c, &c, as can be shown by the testimony of the subjects themselves The improvements are good. The grounds are enclosed, and the buildings, consisting of three large frame houses,

with a number of cabins, are sufficient to accommodate several hundred persons. Terms made known on the day of sale.

Purchasers would do well to examine for themselves. For further information apply to the subscriber, P. SMALLWOOD,
