SET DOWN SMITH! Aye! that's precisely what this Smith proposes to do—SET DOWN an anything that ever hindered or interrupts the progress of the people toward the goal of production, and it appears to a well-balanced mind and an unprejudiced eye that that goal comes within the grasp of this direction. Even the children smile at us, such for us and sing the songs seriously suggestive of something sweet, something neat, something snug—and you'll be glad to see them.
