Our Autumn Reception

About the Dress Goods Exposition.

There seems to be no end to the coming of high art Dress Goods from all the centers of fashion. Just the patterns and the weaves and the widths and the colorings that we picked out and ordered months ago. Duplicates of what fashionable Europe is wearing, will be wearing this season. Who could tire of such handsome stuffs? Every possibility of color and material seems to have been exhausted to produce them. They say it is the richest display of the kind ever made in this city. Look at them at your pleasure.

GIRLS AND CHILDREN'S CLOTHING.

THE NEW FALL STYLES. Does the Dress and Wrap question loom up? When doesn't it, if there are children around? If you haven't seen the Girls' and Children's Dresses and Wraps yet there's a pleasant surprise in store for you. Good looks, good quality and modern styles. Think of school and play-time garments with the style in them that used to come in the coolest things only, and with the price less than the poorest knicks. All the right sorts are here for all ages and ready for immediate use.

With our scores of departments the space for one coat but little, that's part of the secret of our Boys' Clothing prices. We get the best—the guaranteeable kind. We sell at once by special price, and then re-laid—the stock is kept constantly moving. Big piles count only for show. Better far to select from fifty correct styles than a thousand good and bad mixed together. Ours are quality first and then quantity. Every garment is actually worth the price we ask. If you are pleased—if, in fact, don't. Equally glad to have you try the garments in either case.
