**International Chess Match in London and Brooklyn.**

**BEST MEN ON EACH SIDE ENGAGED**

Arrangements for Showing the Progress of the Contest.

**GENERAL SPORTING NEWS**

**NEW YORK, March 13.**—The great international chess match between the United Kingdom of Great Britain and Ireland and the United States of America began today. Each team consists of eight men. The American players assembled in the Assembly Hall of the building at Court and Remsen streets, Brooklyn, while the Britishers met at the Pillar rooms of the Cannon Street Hotel, London.

The first dispatch from London announced the names of the boards on which the Americans and those on which the Britishers would have the first move. The exchange of the names of the players and the order in which they are to play resulted as follows:

**Great Britain. Boards. American.**  
Blackburne..... Pillsbury.  
Burn..... Showalter.  
Brd..... Shirille.  
Tinsley..... Barry.  
Lubbock..... Hymes.  
Atkins..... Hodges.  
Jackson..... Baird.

matches by the Howell system and not on "drop-out" basis as formerly. By the former system every team plays against every other team and a record of victories is kept from which the results are made up.

The sixth American whist congress, in Brooklyn, will begin Monday, June 22, and end Saturday, July 12.

The plan of the tournament contemplates nine general contests, viz:

First—For the Manhattan Club trophy, for the year 1895-96.  
Second—For the first possession of the American Whist League trophy, for the year 1896-7.  
Third—For the Minneapolis trophy, for pairs representing league clubs.  
Fourth—For the Brooklyn trophy for teams representing all associations.  
Fifth—Progressive whist for fours, tricks to determine.  
Sixth—Progressive whist for fours, matches to determine.  
Seventh—Progressive whist for pairs.  
Eighth—A free-for-all between the east and the west to duplicate whist.  
Ninth—A free-for-all contest at progressive whist.

**All Out-Door Requisites!**

We have revolutionized the Sporting Goods business. From a small beginning a year ago it has grown to the most extensive of its kind in the South. This growth has been the result of merit—not chance! We handle the best goods, carry the best variety, and sell lower than similar qualities can be bought anywhere. While our success may induce others to lay in a small stock as a side line (which would only bear out our statement that "WE LEAD AND OTHERS FOLLOW"), we want it distinctly understood that we shall fully maintain our position as leaders and continue to merit the patronage so liberally bestowed upon us the past year.

The new spring stock is ready. No matter what your favorite sport may be, we have the necessary requisites for its fullest enjoyment. Everything for the BALL-PLAYER, CYCLIST, BOXER, RUNNER, TENNIS-PLAYER, GOLF-PLAYER, and the all-round ATHLETE.

We carry all the officially adopted goods. This department is under the management of Mr. W. K. Larrimore, who thoroughly understands the business.

We make a specialty of uniforming and outfitting entire teams, and this is where we can save you the most money.

Samples and prices submitted upon request.

The Brooklyn Chess Club has issued a general invitation to the members of the leading clubs in the east and west to witness the play of the American team.

The moves will be transmitted by Atlantic cable, and will be exhibited here by immense chess boards, suspended upon the wall, movable chess figures thereon indicating the shifting fortunes of each game, so that spectators may judge of the progress of the match at each moment of its progress.

The first moves, on which the Americans had the whites, were cabled to London at 10 o'clock, and about the same time a messenger was received giving the first moves of the British players.

The dispatches ran along smoothly and moves were exchanged at the rate of six in an hour. Some mistakes occurred in transmitting the first moves on boards 2 and 3, which, however, were soon rectified and presented nothing unusual, with the exception that Blackburne accepted queen's gambit from Pillsbury.

**DONOGHUE BARELY DEATES.**

**Another Exceedingly Close Finish at the Most Exciting Skating Race of the Week.**

The most exciting skating race of the week took place at the Convention Hall ice rink last night, when Harley Davidson beat Joe Donoghue in a two-mile and a half race in 7:31. Moshier also entered, but dropped out on the sixteenth lap on account of being left so far behind. Moshier does not seem to be able to get up his speed on an indoor surface and this may in some measure account for his defeats here this week. He is an extremely speedy man on a straight-away course, as his records will show.

The men started with Donoghue in the lead, and then Moshier forging to the front. Harley Davidson made a magnificent start that threatened to put many yards between him and his two competitors. Donoghue, however, would not have it that way and sped after him. The pair weaving Moshier had a lap behind, Donoghue foolishly set the pace about the twelfth lap, and on the twenty-third lap Davidson made a spurt at the corner, and although Donoghue did his level best, he could never get more than even with him. On the last lap Davidson made one final effort and came out ahead by not more than two feet.

All this time the immense crowd was keeping up an enthusiastic cheering that threatened the roof, and when Davidson was announced the winner the din was indescribable. The judges of the race were Messrs. Peters, Phillips and Storey; the timers, Messrs. Hutchins and Brower, and the starter, Manager Towler.

At 3 o'clock last night John Davidson started to lower the world's record of 9:02 for three miles. He made a game effort, and at one time it seemed as if he was going to knock several seconds off the time, but he weakened slightly toward the end, and made it in just 9:25. This, however, is the championship record for indoor tracks for that distance. This was Davidson's first appearance before an evening audience, and he appeared to good advantage, and will probably make one of the fastest skaters the ice has ever seen, as he is but eighteen years old.

Yesterday afternoon Wise, the champion of Long Island, gave Harry Stites, the champion of the District and Maryland, half a lap handicap, and beat him out by a quarter of a lap in a mile in 3:11. Stites did not seem to be in the best condition, and Wise had no trouble in catching up with him.

This evening at 8 o'clock John Davidson will have a trial at the world's record of 2:38 for the mile, now held by Joe Donoghue. He is confident he can do as well, and will put all his energy into the ten laps, in order to equal it, if he cannot beat it.

The race at 9 o'clock will be for three miles, and will be between Moshier, Donoghue and Harley Davidson. There is every indication that it will be exceedingly close and exciting, as Donoghue is determined to return to the track with his defeat last night, and will probably try to run away from his competitors. If he should try this one of the prettiest races of the season will ensue, as Harley Davidson is equally determined not to let him get out of his reach.

**JOCKEY CLUB RULES.**

**New Amendments Proposed by Stewards and Adopted.**

The Jockey Club yesterday, in New York, elected William C. Eustis, Cornelius Felt and W. P. Thompson, son of the late Col. W. P. Thompson, as members. The amendments proposed by the stewards were adopted. Among them are the following:

"Any owner or trainer running horses for any jockey riding the horses at any unauthorized meeting shall be disqualified, as shall also the horses.

"In the event of the death of the real owner of a horse, the name as registered may be reassigned to surviving partners.

"Any accidental error of omission of the rules in an entry may be corrected on the payment of a fine of \$10 for each entry before the number of the horse is exhibited for that race, or in handicap before the weights are announced.

Rule 122 now reads:

"When owners divide they shall divide equally all the moneys and other prizes which any of them could take if the dead horse were run off, but owners cannot divide in a race in which the division would conflict with its conditions."

Rule 127, third paragraph, has been so amended to provide that horses starting in a race or in a handicap, plus the value of the stakes or purse to the winner, by the owners of horses running in the race.

Rule 149 says:

"An apprentice license for boys never having ridden in a race may be granted upon application of an owner or trainer. A boy having ridden twenty races under such license shall make application for a jockey's license."

**Showalter Again Wins.**

The seventh game of the Showalter-Kemeny championship match began Wednesday in Philadelphia. Showalter selected the Ruy Lopez and the game proceeded on somewhat similar lines as the fifth. The game was evenly contested up to the twenty-sixth move, when Showalter gained some advantage. At the hour of adjournment forty-six moves had been made. The game was concluded yesterday after a total of nine hours' play. Showalter won in sixty-five moves. The score now stands: Showalter, 4; Kemeny, 2; drawn, 1.

The next game of the championship, a change having been made in the schedule in order to allow Showalter to play in the international cable match at Brooklyn tomorrow.

**POPE BUILDING BURNED.**

**Bicycles, Fittings and Tires Ruined by Thousands.**

The Pope Manufacturing Company's building, on Columbus avenue, Boston, was gutted by fire shortly before 4 o'clock yesterday afternoon. The block was a magnificent five-story structure of brick, profusely ornamented with terra cotta trimmings.

The blaze started in the boiler room in the basement of the building, and spread so rapidly that four ladies and two gentlemen, who were taking riding lessons on the fifth floor, had barely time to escape before the flames were in the building.

R. W. Hinkley, private secretary to Mr. Albert Pope, and the janitor, W. P. Preston, were hounded in by smoke and fire on the second floor, and made their escape by ladders placed there by the firemen. In the building were thirty-five or forty persons, and about 20,000 pieces of bicycle fittings, besides several thousand tires.

The Pope Company has a loss on its stock and fixtures conservatively estimated at \$100,000 and \$200,000 on the building. The loss is fully covered by insurance.

The Youths' Companion building, one of the most imposing structures in the city, which is separated from the burning building by a fifteen-foot alley, and the Hoffman House, a seven-story apartment house across the street, were thoroughly drenched.

**STOLE FROM HIS PARTNERS.**

**Embezzlement Forces a Big Cleveland House to the Wall.**

The big wholesale boot and shoe house of Childs, Groff & Co., at 82 and Bank street, Cleveland, Ohio, was forced to the wall late yesterday afternoon by the embezzlement of a large sum of money by William H. Huntington, the junior member and financial man of the firm. Childs, Groff & Co. is one of the oldest firms in that city, and has always been considered as solid as a rock.

The embezzlement was first discovered a day or two since, and when Huntington was confronted with the charge he confessed that he had taken \$40,000 of the firm's money. It is believed that the amount will be \$100,000. He said he had been taking money for twenty-five years, and that most of it had been used in the payment of his household expenses.

Mr. Childs is completely prostrated, and for a time his life was despaired of. He and Mr. Groff are ruined.

**Michigan Silver Men.**

A new political party, known as the "free silver democratic party of Michigan," was organized at Lansing, Mich., yesterday afternoon at a convention of some twenty-five free silver democrats, representing various sections of the state. A permanent state organization was effected, with Charles S. Hampton of Petoskey as president, and George P. Hummer of Holland, secretary.

The Michigan democrats favored free silver. The committee pledged itself to appoint a committee to appear before the State Legislature at Lansing next month, and if reorganization is refused immediate steps will be taken to send delegates to the state nominating convention later.

**American Arrested by the Spanish.**

United States Commissioner Shields at New York has been informed that the Spanish authorities in Cuba have arrested Oliverio Agramante, a naturalized American citizen, manager of the Jurague estate, near St. Forcengules, who is suspected of being an insurgent, and that a military warrant had been pending on his case. His friends are afraid that the prisoner will be shot. They were told to make their appeal by telegraph to the Secretary of State Office, and they would probably interfere.

"If they're Rich's Shoes they're proper."

We've picked out a lot of Men's \$3.50, \$4 and \$4.50 Shoes from the stock—lines which we shall no longer carry—and marked them one price. In the line are Calf Shoes, Russia, tan, white, enamel and patent leather. There are not all sizes in each line, but there are all sizes in the lot.

**Choice, \$2.85.**

We've bunched a lot of Ladies' \$3, \$3.50, \$4 and \$4.50 Shoes—kid, dog-gone, deerkin, tan and Russia, in lace and button styles—at a single price. Just to close them out quickly. They're heavy shoes—too heavy for summer wear, yet just heavy enough for now, and splendid skating shoes. There are not all sizes in each style.

**Choice, \$2.48.**

There's scarcely a style in Leggins which we do not show. We have a splendid trade in this line. We can match most any color costume.
