## THE BOAT RACE PROBLEM.

No Truth in the Report That the Saratoga Course Had Been Selected. The story emanating from Boston that the Saratoga course had been definitely chosen for the four-cornered boat race is denied by the rowing authorities of the University of Pennsylvania. At the recent meeting of the regatta committee in New York, although no vote was taken, a canvass showed that Pennsylvania, Harvard and Cornell were favorable to Poughkeepsie. It was agreed that if Columbia could make arrangements to have the river cleared of excursions boats, the other colleges would opt for Poughkeepsie instead of Saratoga. Accordingly the local authorities had Senator Hill invited to the regatta committee. ## A Hot and Exciting Game Between Georgetown and Georgetown.

Yesterday's game between Princeton and Georgetown was neither a disgraceful nor an overwhelming victory for the Tigers. The former did not feel crushed and the latter did not feel over-elated. Had nine innings been played instead of the seven, Georgetown might have come in ahead, but the time arrived for the first half of the game. The Old Point just when their star was at its highest point, and consequently the game had to end with Princeton one run in the lead. The game was full of excitement, and the rosters for old Georgetown kept up a din that could be heard a mile. The "rah, rah, rah" of the visitors could be heard at intervals during the game.
