Terms: Cash or Time. WM. KNABE & CO.

The Christmas preparations will from this on to the holiday itself supersede every thing else in domestic importance. At the official homes of the capital the festival will receive its accustomed celebration. President and Mrs. Cleveland will mark their last Christmas in the White House by the delightful and joyful observances which have hitherto characterized their enjoyment of the day. It is the day for their children, and they will give most of their time to enjoy it with the three young ladies of the nursery. There will be a Christmas tree of unusual proportions and unusual beauty, and the children will have their little friends, notably the cabinet children, to share its bewildering and dazzling beauties with them. Mrs. Cleveland receives always a large number of holiday gifts, and she gives just as generously. It is not likely, unless Mrs. Cleveland's Center comes out early for her winter visit, that there will be any other guests to join the family at their Christmas dinner.

The Vice President and Mrs. Stevenson, with their son, Mr. Louis Stevenson, and his wife and Miss Stevenson, will spend the holidays here. Mrs. Scott and her daughter, Mrs. Scott, whose marriage to Mr. Vrooman of Baltimore will take place here during the winter, will be here after Christmas. The Secretary of State and Mrs. Olney and their daughter, Mrs. Minot, and her young son are a quartet for their Christmas dinner, but are likely to have several friends to join them. Secretary and Mrs. Carlisle will find Christmas and the holiday season very dull without the presence of Mr. and Mrs. C. Carlisle and their handsome trio of children. They always give up the day to the entertainment and hope for the same pleasures next year.

Secretary and Mrs. Lamont will celebrate Christmas under their own roof-tree, and their happy young daughters with them. There is always a Christmas tree in their home, and the children will have a member of the household in the person of Miss Katharine to admire its shining beauty this time. Secretary and Miss Herbert will observe the day in the good old southern style, and the presence of the children will give Mrs. Mico will give the reason for the Christmas tree and its attendant festivities. Postmaster General Wilson and his wife, with their interesting family circle, will entertain their friends and relatives to have additional guests at their Christmas dinner.

Attorney General and Mrs. Harmon make a reunion of the day—as their married daughter and family will be on from Philadelphia to enjoy it with them. Secretary and Miss Morton expect to spend the day at the Portland and are not looking forward to any visits from their children, and their families until later in the winter. Secretary and Mrs. Francis will have their five sons at home from college for the holidays, and the family will enjoy their first eastern Christmas. Mrs. Stevenson and all the cabinet ladies will receive New Year day at the White House. Today Miss Emory, daughter of Commander and Mrs. Emory, will make her debut at a 5 o'clock tea.

Next week's calendar of events languishes because of the coming of Christmas. Some of the hospitalities of their son, Mr. Henry Mrs. Wharton, a tea, to meet Mrs. Viole; Mrs. Gordon McKay, a tea. It does not seem as if there would be any lack of festivity during the holidays. Great and small dances will be the order of things if society was welcoming itself at country houses instead of city homes, are on the cards for both Christmas and New Year eve, with an even chance that a New Year night meeting will still be arranged as the wind-up of some of the official feasts of the afternoon.

Mrs. Boardman will give the Christmas dance; Mrs. John Hay, a dance on the 28th at Hauscher's; Mrs. John S. Ward, the 29th, and Mrs. Charles W. Warren, the 30th, and Mrs. Dullin will receive Mrs. Brice will give a dinner and cotillon New Year night. Invitations being flying about the city for both Christmas and New Year receptions, although the lists are likely to receive many additions up to the last moment. The early January balls are already arranged, and the first of them, for Miss Bessie Fox will be given by Mrs. Stewart January 5, and the first of the German dances will be given on the 6th. January promises to be quite as gay as the present month, and most bustling in the way of dancing events. The cabinet houses will be all open and the pleasant round of hospitalities in this circle will go on as usual.

Mrs. Romero went to Philadelphia yesterday to make a little visit with some friends. Mrs. Charles G. Dullin began last Wednesday to receive her friends, informally, at her new residence, 1730 16th street. A special feature of the arrangements of the house is the spacious music room on the third floor. Mrs. Dullin will receive Wednesdays, informally, during this and next month. Lady Pauncefoot and the Misses Pauncefoot were at home to invited guests yesterday, and the British embassy was the social rendezvous for those hours. Col. and Mrs. A. T. Britton gave a handsome dinner Tuesday evening.

Senator and Mrs. Cameron entertained at dinner Tuesday night. Mrs. Stanley Matthews gave a violet luncheon Tuesday, in honor of Mrs. Carlisle. The Guatemalan minister and Mrs. Lazo Arriaga will give a dinner tonight. Mrs. Sowers will entertain a company of young people at dinner tonight. Miss Mira Noyes left Washington yesterday for California, where she will spend the winter with her mother, who is staying there for the benefit of her health.

Mrs. James J. Payne entertained the following ladies at luncheon yesterday: Mrs. Field, Mrs. Shepard, Mrs. Blingham, Mrs. Bradley, Mrs. McComas, Mrs. Cole, Mrs. Willard Warner, Miss Morris, Mrs. Preston Sands, Mrs. Mauro, Miss Wardell, Mrs. Truesdale and Mrs. Worthington. Mrs. Warren has been called to Chicago on account of the illness there of her husband, Senator Warren of Wyoming. Miss Ruggles, daughter of Gen. Ruggles, is expected home Wednesday from college for the holidays.

THE BALTIMORE COMMITTEE.

Meeting of the Representatives of Holders of B. and O. Securities. At the meeting yesterday of the committee appointed months ago by the Baltimore holders of the B. and O. securities, to consider a plan of reorganization for that great corporation, resolutions were adopted as follows: "That the report of Mr. H. D. Bulkeley, made in 1889, but not published, a copy of which is now in the hands of this committee, together with the report of Mr. Stephen H. Smith, and the annual statements of the company from 1888 to 1896 inclusive, be submitted to an expert accountant; also that the committee be authorized to employ a further accountant, before the adoption of a plan of reorganization, to examine the affairs of the company upon the lines as agreed upon by the committee, and that the committee will be desirable and required."

Referring to Mr. Bulkeley's report, it will be remembered that The Star published at the time the Baltimore and Ohio reorganization, in the hands of receivers a full account of the efforts made by Senator Gorman, who, at the time Mr. Bulkeley was in charge, was admitted to the board and true condition of the Baltimore and Ohio at that date made known, but which was not the purpose of the action of the majority of the company, who would not permit the report to be even read, and not until within the past few days was it known that a copy of that report was in existence.

Graphophone Litigation Settled.

The litigation which has been proceeding for several years between the American Graphophone Company of Washington, D. C., and Thomas A. Edison and the Edison phonograph works, relative to the talking machine patents, has, through Messrs. Folok & Mauro, on behalf of the Graphophone Company, been brought to an amicable conclusion. Edison admitted the fundamental character of the graphophone patents, and that they control the commercial art of sound recording and reproducing as it is practiced today, and submitted a decree of injunction in the principal case pending in the United States circuit court for the district of New York, and the American Graphophone Company admits the validity of patents for various improvements, which Edison has taken out since the issue of the graphophone patents, and agrees to assign all rights in favor of Edison on those patents. The entering of the decree has been followed by a satisfactory adjustment of the parties and a satisfactory adjustment of all other differences. Hereafter the Graphophone Company and Edison will join in prosecution of all infringers in the protection of all the patents of both interests.

Prof. Egan's Lecture.

Prof. Maurice Francis Egan of the Catholic University delivered his lecture on "St. Francis of Assisi, the Precursor of Dante," before a large audience at McMahon Hall Thursday afternoon. In most felicitous phrase he sketched the career of the saint from his boyhood in the convent, to the gayest and wealthiest of his companions in Assisi, until he gave up all the world's honors to become a poor friar.
