IMPATIENT AT DELAY. Senator Lodge Voices the Feeling of Some of His Associates.

When the Senate, on motion of Senator Hawley, went into secret session yesterday on the quartermaster's bill Mr. Hawley read a letter from General Plieger, chief of the bureau of ordnance...

The reading of the letter led to a brief discussion of the status of the military operations, and the impatience was expressed regarding the apparent delay in getting the military expedition to the Philippines started.

Senator Lodge made a brief speech on this point, expressing the hope that if the passage of the bill would in any way expedite the movement of this force it would be put through without any further delay whatever.

He referred to the battle of Manila as the most notable naval triumph of the war, and expressed surprise and disappointment that eighteen days should have been allowed to elapse before troops sufficient to enable the navy to take a victorious part in the attack upon the Spanish land forces at Manila had been put in readiness to start upon their mission.

Senator Gorham repeated his criticism made in open session of the provision inserted by the conferees, but said he would remain a carrier in the way of action upon the report.

There was no division upon the acceptance of the report.

THROUGH ENGLISH GLASSES. A Belief That Our Policy of Non-Interference is Ended.

From the London Spectator. We think the Americans will keep the Philippines, we hope they will most heartily, and we can show that they have the means of doing so with little trouble to themselves.

They could not Great Britain, without suffering grave defeat at the hands of the Japanese by land. That is not a position which suits the American temper, and Washington will therefore set itself to construct a first-class fleet.

"The Dependable Store," 924, 926, 928 7th, running through to 704-706 K St.

One of the biggest remnant sales yet. "The Dependable Store" will have one of the biggest remnant sales of its career tomorrow—and every prudent woman will turn toward the unusual values offered with unwonted eagerness.

Wash goods remnants. Naturally the wash stuffs come in for a major share of attention. The big selling which has taken place the past week has caused immense accumulations of broken lots.

Figured lawns, 2 1/2c. yd. A lot of remnants consisting of about 850 yards of figured lawns, in light and dark colors, stripes, which will sell at 2c. and 1 1/2c. a yard.

Figured organ-dies, 5c. yd. Remnants of figured organ-dies, as much as 1,050 yards in all, and lace stripe lawns and dainties as well which will sell at 12 1/2c. a yard.

Ginghams, 7 1/2c. yd. 650 yards of ginghams and madras flannel wash material, which are new this season—and sold at 12 1/2c. to 15c. a yard.

White goods remnants. These summer stuffs have gone at a great rate the past week or so—and it is but natural that broken lengths have accumulated.

Lawns and nainsooks, 8 1/2c. yd. 1,400 yards of black and white lawn, fine English India striped and checked nainsooks, which will sell at 12 1/2c. a yard.

Nainsooks, 5c. yd. About seven hundred yards of check nainsooks and plain India lawn will be sold tomorrow at 12 1/2c. a yard.

Pique remnants, 6 1/2c. yd. A small lot of remnants of colored pique, which will sell at 12 1/2c. a yard.

Rich domestic values. The values we can tell of in the domestics are of the most extraordinary sort. Unusual large quantities of remnants—usually small "remnant" prices to move them out in a hurry.

Percalés, 5c. yd. 2,200 yards of yard-wide percalés, in the choicest and most attractive patterns of the latest styles.

Percalés, 8 1/2c. yd. A lot of remnants of fine percalés, consisting of 1,350 yards of the most desirable patterns, made in the latest styles.

Remnant upholsteries. The household can be supplied with summer fixings for very little tomorrow—we are clearing out all the remnants—a fact which means much less than usual prices for you.

Something for men. In the men's department tomorrow there are some very good values. Let the wives and mothers come for them if the men themselves are not at hand.

Men's shirts, 17c. A lot of 33 men's black striped button shirts, in nearly all sizes, which will sell at 17c. each.

Underwear, 18c. A broken lot of men's buttoned underwear, in all sizes, for 18c. They're worth double.

Night shirts, 25c. A lot of men's fancy embroidered night shirts, which have been slightly soiled, will go for 25c.—that are worth 35c.

FEEDING OUR BOYS. Uncle Sam Provides a Pretty Good Table for Them.

From the St. Louis Republic. Uncle Sam's soldiers are probably the best fed and cared for troops in the world. The facilities for securing provisions, even on forced marches, are such that the commissary department has little trouble in supplying the troops with a varied and palatable bill of fare.

The greatest test in the matter of food supplies during the past two decades have been to secure and transport provisions to the little bands of cavalry and infantry engaged in keeping down Indian depredations in the west.

Each company has its cook, usually a fat and good natured soldier, whose headquarters are frequented during all parts of the day by convivial members of the company.

When the meal is ready and the bugles blow to mess, the soldiers arrange themselves in an orderly manner, and the cook and his assistants start out. First the soup is ladled out, then the more solid components of the meal, then the coffee and then the sweets, until all are supplied.
