

The Saks Stores' News for Tomorrow.

IT'S A SUCCESSION OF BARGAIN NEWS—EVERY ITEM A SPECIAL PRICE FOR A SPLENDID VALUE—ALL THE PRODUCT OF THE PECULIAR MARKET CONDITIONS AT THIS TIME.

Another Big Dress Goods Collection.

Nowhere has the influence of out-season weather been stronger than among the Dress Goods makers. Their season should be nearly over now—yet it has hardly begun—and as a consequence we scented the opportunity to replenish our lines with greater values than comprised each grade before. Really bringing the most exclusive effects into the bargain circle.

You who have postponed until now the purchase of the Dress pattern will buy for less than you expected to pay—or, paying the same, get a superior quality—a choicer pattern than was possible a month ago.

Among the Colored novelties.

At 29 cents a yard.

36-inch Tricot Flannel, for waists, in the newest shades, including Automobile, Hunter's Green, Violet, Gray and all the Blues. Good value at 50c. a yard.

At \$1.50 a yard.

45-inch Colored French Poplins, in Light Gray, Dark Gray, Plum, Garnet, Red, Cardinal, Brown, Castor, Royal, Navy Blue and Tan. French Poplin hasn't a second in popularity for full costumes—and these are the best of the best.

There are 45-inch Camel's Hair Plaids, in all the very newest and most exclusive combinations, from \$1.50 to \$3.50 a yard.

And a lot of new GOLF SUITINGS, that scarce as they are and have been, are still in plentiful variety here. Seemingly no end to the combinations—and all highly effective. \$1.50 to \$5 a yard.

Among the Black specials.

The Special Sale of Lace Curtains and Portieres

We feel that in making these sacrifices now we are pursuing the wisest course. While it upsets profit calculations it meets conditions with offerings that are not entirely without good effect. For you must think well of the source from which come such veritable bargains as these.

Seasonable weather may lag behind time—but business must keep pace with it—and it is time these Curtains and Portieres were hanging in your homes. So the inducement of petty price is added to that of superior quality and pattern—and the influence is manifesting itself in today's increased demand.

It won't take long to normalize conditions under such pressure.

Fine Swiss Renaissance and Irish Point Lace Curtains, in figured and plain centers, finished with the heavy rear guards; choice patterns. Regular \$6, \$6.50 and \$7.50 Curtains marked tomorrow—

\$5.00 a Pair.

Fine Swiss Renaissance Curtains, in rich designs, all new this season; rear guard protectors. We've drawn a line through the \$10 marking and put the selling price down

\$7.50 a Pair.

Fine Swiss Renaissance and Point de Paris Curtains, with handsome heavy borders, plain and figured centers; the strong back guards make them doubly durable. \$11 and \$12 values, offered now for—

\$8.50 a Pair.

Extra Fine Swiss Renaissance and Irish Point Curtains, in plain centers or figured centers, entirely new designs. Instead of \$12.50 a pair, they are now—

\$9.00 a Pair.

Satin Russe and Tapestry Portieres, \$3 a Pair.

Handsome Satin Russe and Corded Tapestry Portieres, in deep, rich oriental colorings, with heavy fringe top and bottom; they are 50 inches wide and full 3 yards long, so it is not even the size that is skimped, only the price. They are worth \$5.

Third Floor, West, Elevators.

The Special Sale of Jackets is Rapidly Drawing to a Close.

There's none of that interminable sort of bargaining here. Our special selling is always legitimate, and because it is the opportunities are quickly over. Nearly half of the Jackets were sold on Saturday, and today the demand has been almost as great. So the lot is fast drawing to an end. They haven't sold a bit better than we thought they would. We wouldn't have bought them if it had not been the offer was of such a magnitude as to enable us to mark them for retailing at LESS THAN THEY COST THE MAKER. He was one of those very diligent workers—who puts his whole capital and energy into each season's creations—and it is necessary that he should realize returns at once. A protracted spell of mild weather means much to him. But he must have his money out of his stock—to put it into purchase of materials for the coming season. With us he knew he would get the cash on presentation of invoice—even before the arrival of the goods here in Washington.

If you will take a critical look at the quality of the Jackets, the tailor-like way in which they are made, and the elegance of the linings and trimmings—you will be more interested. Fashionable in shade, shape and effect. Three lots to choose from—and LESS THAN HIS COST TO PAY in either case.

Any Jacket on Table No. 1—worth up to \$6.50—for - - - - - **\$3.95**

Any Jacket on Table No. 2—worth up to \$8.75—for - - - - - **\$4.95**

Any Jacket on Table No. 3—worth up to \$11.50—for - - - - - **\$7.45**

It won't be surprising if we sell at least a hundred of these 150 Toilet Sets today. At most, there won't be over 75 left for tomorrow. We hope you'll get in today for the sake of the greater variety there will be to choose from. But every one is a beauty—and the values are all on a par.

10-piece Sets, in solid colors, that will match the decoration of most any room, and heavily outlined with gold. This is peculiar you can trust not to eraze. The shapes are new and the Sets perfect in every way. The actual value is \$4.50.

\$2.49 for the choice.

There were only 40 of them this morning. They have big 9-inch globes, richly decorated, and each Lamp is supplied with patent center-draught burner. They are brilliant lighters—and handsome ornaments.

Fifth Floor, West, Elevators.

But 50c., 55c. and 60c. qualities to pick from, the daintiest colorings and designs, that are "sweet pretty." Some of them have hemstitched edges.

Carlsbad Dinner Sets.

We thought \$9.98 would surprise you! But they are actually worth \$15 for all that. This season's patterns, too—it's just about a month ago that we agreed to take this big lot—and the agent cabled for their immediate shipment.

They are 100-piece sets, with every needed piece to properly serve all three meals. Two different color tints, hand decorated and richly gold traced. Isn't it funny that Carlsbad can be almost thin as a wafer and yet so durable? We don't believe it breaks half as quickly as any other make. And fine china whets the appetite.

\$9.98 a set.

Fifth Floor, West, Elevators.

Beaded Belts.

Those Black and Fancy Beaded Belts that you have admired and had offered to your notice at \$1.50, \$1.75 and \$2 we can duplicate tomorrow for

Muslin Underwear.

Here's dollar value for 63 cents. A certain manufactory where the buyer was looking after the progress of our orders for the great mid-winter sale of Muslin Underwear, two comparatively small lots of Gowns and Drawers were offered at special price. Of course we took them. They are made of fine Muslins and Cambrics. The Gowns are 58 inches long, and made with "V" or empire neck and trimmed with lace and inserting. The Drawers are umbrella and plain effects, trimmed with lace inserting and edge to match; clusters of tucks and flounces of embroidery. They are dollar quality, but if anything made a little more elaborately than the usual run of dollar garments.
