## TINCTURE AMAL

Positive and Only Known Cure for  
Consumption, Asthma, Bronchitis, Catarrh, Etc.

The cry for help has gone up from pallid-faced, feeble-bodied, despairing consumptives, for many years. Yet science, always slow to reveal her secrets, has waited until the close of the nineteenth century to answer the call for help and give us the means of curing Consumption.

**Tincture Amal Cures Consumption.**—Has been thoroughly tested at home and abroad, by physicians in their private practice and in the hospitals. It has cured Consumptives whose cases had been pronounced hopeless. It goes about its work in a logical way.

**Cause of Consumption.**—Consumption is caused by the Tubercle Bacilli germs which are floating in the air and which enter the system when we drink or breathe. An absolutely sound body repels the Bacilli, but where the system is "run down" and the lungs are weakened by coughs, colds and bronchial affections, the Bacilli speedily fasten upon the lungs, multiply with incredible speed and produce Consumption.

**A Fair Warning.**—You may have Consumption in its incipient stage without realizing your danger. A bad cold, followed by a cough, has left you with a soreness in the chest or an "irritating cough." Have a care! The Tubercle Bacilli are at work. Drive them out before they drive you to the grave.

**How It Cures.**—Tincture Amal attacks the Tubercle Bacilli which are preying upon the lungs, makes them inactive and drives them from the system, stops the cough and

expectoration, restores the wasted tissues, builds up the entire system, and brings back perfect health and vigor. It does its work slowly but surely.

**Cures Bronchitis, Asthma, &c.**—Tincture Amal cures Bronchitis, Asthma, Catarrh, La Grippe, Anaemia, and all diseases of the respiratory organs which are kindred and begetters of Consumption.

**How to take Tincture Amal.**—Take it as faithfully as if a trained nurse administered it to you under physician's orders. One small wineglassful (four table-spoons) immediately after each meal. Three times a day. Don't skip one dose a day, or a day or two altogether. Take it persistently and regularly and thereby enable it to do the work which it is intended.

**Properties of Tincture Amal.**—Tincture Amal is purely vegetable; it is palatable, and will be welcomed by the most delicate stomach. It does not contain dangerous drugs used in most Consumption medicines, such as Morphine, Cocaine, Coal Tar, Indian Hemp, Opium, etc. The formula is the result of years of careful study and represents a triumph of medical science. Physicians indorse and prescribe Tincture Amal. Ask your druggist for Tincture Amal. If his stock has run out, he will get it for you. Accept no substitute.

An interesting booklet, treating fully on Consumption and other diseases and on Tincture Amal, will be mailed free on application.
