Citizens Considering Introduction of Water Works—General News.

Mr. D. A. McKnight of Washington delivered a lecture on "Julius Caesar" before the Noyes Library Literary Society at its last meeting. The lecture presented an original and striking view of the play, and was thoroughly appreciated by the audience.

At a recent citizens' meeting the matter of the construction of a water plant in Kensington was discussed. The report of the committee appointed at a former town meeting to investigate the matter was received. The report recommended the installation of the plant, and the meeting of the 20th inst. a bond issue, the interest on which should be met by the revenues from the water-takers.

Mr. H. W. Lewis, on behalf of the town council, reported a proposed bill to be introduced into the state legislature, permitting the town of Kensington to issue bonds for the purpose of building waterworks. The bonds are to be for an amount not exceeding \$20,000, and are to run for thirty years. Further provision was made for the submission of the question to the qualified voters of Kensington at the next local election, which will be the first Monday in next May.

Final action on the report of the committee was postponed until Thursday night of this week, when another meeting of the town council will be held.

The school committee reported, through Mr. Robert H. Martin, and the matter of better facilities for the graded school here and of establishing a high school were thoroughly discussed.

Miss Nannette Milliken entertained the Women's Club at its last meeting, Friday afternoon. The parliamentary drill was conducted by Mrs. A. H. Thompson, and the criticism of the previous meeting was given by Miss Eleanor McQueen, while the events of the past fortnight were treated by Mrs. H. W. Lewis. The papers of the afternoon were: "The Coming of the Dutch and Swedes to America," by Mrs. Charles Payne Smith, and "Settlement of Maryland and the Carolinas," by Mrs. Dr. Bruce Thomson. A piano duet was rendered by Mrs. W. R. Russell and Mrs. Harry Cunningham. The next meeting will be held at the home of Mrs. J. W. Townsend.

Charles Robinson, a young colored man, employed as driver by Mr. L. B. Nicholson, and Fred Stewart, a colored boy of fifteen years, were arrested Christmas day on the charge of having stolen a pocket book, containing \$16, from Mrs. Bell Simpson, also colored. The two, in company with others, visited at the home of Mrs. Simpson, and upon their departure the purse, which had been lying upon a shelf, was missed. Upon hearing the evidence Justice Massey committed Robinson to jail, in default of \$200 bail. The Stewart lad was released.

Mr. J. E. Hartshorn is at home from Dartmouth College for the holidays.

Christmas entertainments will be given this year by the Sunday schools of both the Warner Memorial Presbyterian and the St. Paul's churches. The latter will be Wednesday evening of this week, the former New Year night.

Mr. Williams spent last summer at Carlsbad. Mrs. Williams and her son were surrounded as soon as the serious nature of Mr. Williams' illness was known.

The marriage last night at St. Stephen's Church, Mt. Pleasant, of Miss Bessie Stuart Driver and Mr. George Edward Kittle, New York City, was witnessed by a large assemblage of their friends. Miss Lilian Seton was the only bridesmaid, and was dressed in ice-cream pink silk, carrying bridesmaid roses. The bride, who came in with her father, was elegantly gowned in white satin, the bodice trimmed with lace and pearls. Pear ornaments fastened the tulle veil. Her bouquet was of white roses. ABUSES IN CHAIN PRISONS.

Charlton T. Lewis Makes Serious Charges to War Department.

Charlton T. Lewis, president of the New York Prison Association, who went to Cuba on behalf of the United States, has made a sensational report to the Secretary of War regarding the penal institutions on the island. He contends that this government is responsible, and says that a truthful description of the prisons "would arouse universal indignation, which would probably be misdirected."

After urging this government, through the War Department, to stop the "intolerable cruelty and injustice which constitute a national disgrace," Mr. Lewis adds: "Great prisons are overcrowded with men and boys. Assassins, brigands, pickpockets and young men charged with disorderly conduct, or merely suspected of slight offenses, are herded together in absolute filth, and without any moral or physical contagion is promoted in a vast scale together. Most of these prisoners have been proved guilty of no offense."

"In this hell upon earth they are held indefinitely, while the judges of first instance investigate the charges."

"Each of the judges has a secretary, who can write in secret, and who has the prisoner without money or influence must wait."

TO STAY IN THE SOUTH.

Gen. Brooke Will Not Come North for Some Time.

Gen. Brooke, who arrived at St. Augustine, Fla., yesterday, from Cuba, is not coming north at once, but it is expected, will stay at St. Augustine in some other convenient southern resort for a time in order to avoid a sudden climatic change.

Mail advices from Havana give interesting accounts of the ovation tendered to Gen. Brooke on the occasion of his departure from Cuba Saturday afternoon. All the officials stationed in and near Havana called and a continuous reception was held at the palace. The strongest expressions of esteem were given to him by the general by his associates in arms. Hundreds of Cubans of the best class also called to say farewell. The scenes at the palace were most interesting, and many persons went out to the ship in tears and launches. The spontaneous demonstrations of affection for the retiring governor general were unprecedented. He was given the past year for the restoration of peace and the upbuilding of prosperity throughout the island of Cuba.
