Columbia Steam Fire Engine Company Holds Regular Meeting—General and Personal News.

Meeting of Fire Company.

The regular monthly meeting of the Columbia Steam Fire Engine Company, held last evening, eleven new members were elected and two applications for membership were received.

The company has an invitation from the Maryland State Firemen's Association to attend the annual state convention to be held in Baltimore June 13 and 14 next. It was decided to defer action on the matter of acceptance until the next meeting.

After considerable discussion the company determined to give a banquet in the engine house the night of February 22. In former years it was the custom among the fire engine companies to hold banquets on this date, but recently it has not been done.

Two Firemen Dismissed and One to Jail.

As the result of the charges preferred by Foreman Proctor of chemical engine company No. 1, located on D street between 12th and 13th streets, against Assistant Foreman J. A. Sweeney and Privates J. Allman and W. B. Smith of the company, the District Commissioners this afternoon dismissed Sweeney and Allman, without trial, and directed that Smith be given a trial on the charge of neglect of duty.

Appears from a report made to the Commissioners by the chief engineer of the fire department, Mr. Joseph Parris, that Sweeney failed to turn out to two alarms Wednesday last. After the company left quarters he fell through the well hole, injuring his leg and being found, Mr. Parris states, by Foreman Proctor under the influence of liquor, with a bottle at his mouth, and staggering so that he was unable to get out of the well hole.
